Food stamps: types of excluded income.

In the Food Stamp Act of 1977, as amended, congress specified the types of income that are excluded for program purposes. Only the following payments are to be excluded from assistance group (AG) income, and no other income shall be excluded. In-kind or vendor payments which would normally be excluded as income but are converted in whole or in part to a direct cash payment under the approval of a federally authorized demonstration project (including projects created by the waiver of provisions of federal law) shall also be excluded from income.

- (A) Any gain or benefit ~~which that~~ is not in the form of money payable directly to the AG including in-kind benefits. "In-kind benefits" are those for which no monetary payment is made on behalf of the AG and include meals, clothing, public housing, or produce from a garden.
- (B) A "vendor payment" is a money payment made on behalf of an AG by a person or organization outside of the AG directly to either the AG's creditors or to a person or organization providing a service to the AG.
- (C) Payments made to a third party on behalf of the AG are included or excluded as income as follows:
- (1) Public assistance (PA), including disability financial assistance (DFA), vendor payments are counted as income unless they are made for medical assistance, child care assistance, energy assistance as defined in paragraph (J)(4) of this rule, emergency assistance (including, but not limited to housing and transportation payments) for migrant or seasonal farmworker AGs while they are in the job stream, or housing assistance payments made through a state or local housing authority.
 - (2) ~~Public assistance (PA)~~ provided to a third party on behalf of an AG ~~which that~~ is not specifically excluded from consideration as income under paragraph (C)(1) of this rule shall be considered for exclusion under the emergency and special assistance category. To be considered emergency or special assistance and excluded, the assistance must be provided over and above the normal PA payment or cannot normally be provided as part of such payment.
 - (3) Reimbursements made in the form of vendor payments are excluded on the same basis as reimbursements paid directly to the AG in accordance with paragraph (F) of this rule.
 - (4) In-kind or vendor payments ~~which that~~ would normally be excluded as income but are converted in whole or in part to a direct cash payment under a federally authorized demonstration project or waiver shall be excluded from

income.

- (5) Rent or mortgage payments made to landlords or mortgagees by the department of housing and urban development (HUD) are excluded.
 - (6) Monies that are legally obligated and otherwise payable to the AG, but which are diverted by the provider of the payment to a third party for a household expense, shall be counted as income and not excluded. If a person or organization makes a payment to a third party on behalf of an AG using funds that are not owed to the AG, the payment shall be excluded from income.
- (D) The county agency shall exclude any income that is specifically excluded by any other federal statute from consideration as income for the purpose of determining eligibility for the food stamp program. ~~The following laws provide such an exclusion.~~ The following is a listing of some of the incomes excluded by federal statute. The listing is divided into general income exclusions and exclusions applicable to incomes of American Indians or Alaska Natives.

(1) General exclusions

- (a) Income of ~~an~~ a supplemental security income (SSI) recipient determined necessary for the fulfillment of a plan for achieving self-support (PASS) which has been approved under sections 1612(b)(4)(A)(iii) or 1612(b)(4)(B)(iv) of the Social Security Act of 1935. This income may be spent in accordance with an approved PASS or deposited into a PASS savings account for future use.
- (b) Federal emergency management assistance housing subsidies to pay for temporary housing required as a result of a disaster and individual and family grant assistance payments made under the Disaster Relief Act (section 312(d) of the Disaster Relief Act of 1974, as amended in 1988).
- (c) Assistance provided to children under the school lunch program, the summer food service program for children, the commodity distribution program and child and adult care food program (PL 79-396, section 12(e) of the National School Lunch Act of 1946, as amended by section 9(d) of PL 94-105).
- (d) Assistance provided to children under the special milk program, special supplemental food program for women, infants, and children (WIC) and the school breakfast program (PL 89-642, the Child Nutrition Act of

1966, section 11(b)).

Payments under Title I of the act (including such Title I programs as ~~vista~~ VISTA, university year for action, and urban crime prevention program) to volunteers shall be excluded for those individuals receiving food stamps or public assistance at the time they joined the Title I program, except that AGs which were receiving an income exclusion for a vista or other Title I subsistence allowance at the time of conversion to the Food Stamp Act of 1977 shall continue to receive an income exclusion for vista for the length of their volunteer contract in effect at the time of conversion. Temporary interruptions in food stamp participation shall not alter the exclusion once an initial determination has been made. New applicants who were not receiving public assistance or food stamps at the time they joined vista shall have these volunteer payments included as earned income. Any payment to volunteers under Title II (retired senior volunteer program (RSVP)), foster grandparents, senior companion program and others) are excluded from income.
- (g) Payments received under section 321(d), the Disaster Relief Act of 1974 (PL 93-288), as amended by section 105(i), the Disaster Relief and Emergency Assistance Amendments of 1988, November 23, 1988, (PL 100-707). Payments precipitated by an emergency or major disaster as defined in this act, as amended, are not counted as income for food stamp purposes. This exclusion applies to federal assistance provided to persons directly affected and to comparable disaster assistance provided by states, local governments, and disaster assistance organizations. A "major disaster" is any natural catastrophe such as a hurricane or drought, or, regardless of cause, any fire, flood, or explosion, which the president of the United States determines causes damage of sufficient severity and magnitude to warrant major disaster assistance to supplement the efforts and available resources of states, local governments, and disaster relief organizations in alleviating the damage, loss, hardship, or suffering caused thereby. An "emergency" is any occasion or instance for which the president of the United States determines that federal assistance is needed to supplant state and local efforts and capabilities to save lives and to protect property and public health and safety, or to lessen or avert the threat of a catastrophe. Most, but not all, federal emergency management assistance funds are excluded. For example, some payments made to homeless people to pay

- (i) Income received (including reimbursements) by individuals participating in programs under the Workforce Investment Act (WIA) of 1998, section 181 (a)(2), except as provided in rule 5101:4-4-19 of the Administrative Code. This includes disaster relief employment income received from national emergency grants under the WIA, PL 105-220, section 181(a)(2).

- (k) Funds received by persons fifty-five and older under the senior community service employment program under Title V of the Older Americans Act of 1987 are excluded from income (PL 100-175). The disabled veteran will receive yearly payments. Survivors of deceased disabled veterans will receive a lump-sum payment. These payments were disbursed by Aetna insurance company. The Omnibus Budget Reconciliation Act of 1989, December 19, 1989, (PL 101-239) also excludes these payments. (Note: PL 102-4, Agent Orange Act of 1991, February 6, 1991, authorized veterans' benefits to some veterans with service-connected disabilities resulting from exposure to Agent Orange. These VA payments are not excluded by law.)

There are about forty-seven different NCSA programs, and they vary by state. Most of the payments are made as a weekly stipend or for educational assistance. The higher education service-learning program and the americorps umbrella program come under this title. The national civilian community corps (NCCC) is a federally managed americorps program. The summer for safety program is an americorps program under which participants earn a stipend and a one thousand-dollar postservice educational award. The National and Community Service Trust Act of 1993, PL 103-82, September 23, 1993, amended the National and Community Services Act of 1990 but it did not change the exclusion. All americorps payments shall be excluded.

- (r) All student financial assistance, including grants, scholarships, fellowships, educational loans on which payment is deferred, work study, veterans' educational benefits, and the like, which are awarded to

an AG member enrolled at a recognized institution of post-secondary education, at a school for the handicapped, in a vocational education program, in a vocational or technical school, or in a program that provides for obtaining a secondary school diploma or the equivalent of a secondary school diploma shall be excluded from consideration as income for food stamp purposes.

Educational income excluded for dependent care costs shall not be deducted from income under the provisions of rule 5101:4-4-23 of the Administrative Code. Dependent care costs incurred which exceed the amount excluded under the provisions of this paragraph shall be deducted from income in accordance with rule 5101:4-4-23 of the Administrative Code.

This exclusion applies to services such as child care, employment training and counseling, literacy training, computer skills training, assistance in the attainment of certificates of high school equivalency and other services. It does not apply to wages or stipends. This same public law, section 522(i)(4), excludes most increases in the earned income of a family residing in certain housing while participating in housing and urban development demonstration projects authorized by this public law. Demonstration projects are authorized by this law for Chicago, Illinois, and three other locations. The affected (food and nutrition service) regional offices will be contacted individually regarding these projects.
- (t) Payments made under the youthbuild program under the Housing and Community Development Act of 1992 (PL 102-550). These payments are to be treated like WIA payments in accordance with paragraph (D)(1)(i) of this rule, except as provided in rule 5101:4-4-19 of the Administrative Code.
- (u) Payments from any child care provided or arranged (or any amount received as payment for such care or reimbursement for costs incurred for such care) (PL 102-586, section 8, November 4, 1992, which amended the Child Care and Development Block Grant Act Amendments of 1992 by adding section 658S).

Based on this language, payments received under this program must be excluded from income for food stamp purposes.

Any portion of the amount that exceeds the amount the AG was receiving prior to deployment of the military person to a designated combat zone shall be excluded when determining the AG's income for food stamp purposes.

Reimbursements for normal living expenses of the AG, such as rent or mortgage, personal clothing, or food eaten at home, are a gain or benefit and therefore are not excluded. To be excluded, these payments must be provided specifically for an identified expense, other than normal living expenses, and used for the purpose intended.

If the child's earnings or the amount of work performed cannot be differentiated from that of other AG members, the total earnings shall be prorated equally among the working members and the child's pro rata share excluded. Individuals are considered children for this exclusion if they are under the parental control of another AG member. If an AG contains a student whose income is excluded and the student turns eighteen during the month of application, the student's earnings shall be excluded in the month of application and counted in the following month(s). If the student turns eighteen during the certification period, the student's income shall be excluded until the month following the month in which the student turns eighteen.
