

5122-29-03

~~Counseling and psychotherapy service~~ **Behavioral health counseling and therapy service.**

- (A) ~~"Counseling and psychotherapy services"~~ Behavioral health counseling and therapy service means interaction with a person served in which the focus is on treatment of the person's mental illness or emotional disturbance. When the person served is a child or adolescent, the interaction may also be with family members and/or parent, guardian and significant others when the intended outcome is improved functioning of the child or adolescent and when such interventions are part of the ISP.
- (B) ~~Counseling and psychotherapy service~~ Behavioral health counseling and therapy service shall consist of a series of time-limited, structured sessions that work toward the attainment of mutually defined goals as identified in the individualized service plan.
- (C) ~~Counseling and psychotherapy service~~ Behavioral health counseling and therapy service shall be provided by staff qualified according to paragraph ~~(F)~~ (G) of this rule.
- (D) ~~Counseling and psychotherapy service~~ Behavioral health counseling and therapy service may be provided in the agency or in the natural environment of the person served, and regardless of the location shall be provided in such a way as to ensure privacy.
- (E) For ~~counseling and psychotherapy services~~ behavioral health counseling and therapy services for children and adolescents, the agency shall ensure timely collateral contacts with family members, parents or guardian and/or with other agencies or providers providing services to the child.
- (F) The following shall apply with regard to the use of interactive videoconferencing. Interactive videoconferencing is defined in Chapter 5122-24 of the Administrative Code:
- (1) "Client Site" means the location of a client at the time at which the service is furnished via interactive videoconferencing technology. The client site shall be a community mental health agency, the office of a physician or practitioner, a hospital, a critical access hospital, a rural health clinic, a federally qualified health center, or a school.
- (2) "Provider Site" means the site where the eligible practitioner furnishing the service is located at the time the service is rendered via interactive videoconferencing technology. The provider site may be a community mental health agency, the office of a physician or practitioner, a hospital, a critical access hospital, a rural health clinic, a federally qualified health center, or a school.

- (3) A client may only have a service provided via interactive videoconferencing technology when he or she has already received the same service from the same practitioner on a face to face basis.
- (4) The number of face to face sessions shall be mutually agreed upon by the practitioner and the client/parent/legal guardian, as established in the ISP, but shall occur at least annually.
- (5) It is the responsibility of the agency to assure contractually that any entity or individuals involved in the transmission of the information guarantee that the confidentiality of the information is protected.
- (6) The agency shall obtain from the client/parent/legal guardian, signed, written consent for the use of videoconferencing technology.
- (7) To assure immediate access to clinical support for the client there must be a separate telephone link between the client and the provider sites. The clinical support must be provided at the clinical site by an individual eligible to provide crisis intervention mental health service as defined in paragraph (E)(1) of rule 5122-29-10 of the Administrative Code.
- (8) It is the responsibility of the agency to assure that equipment meets standards sufficient to:
- (a) Assure confidentiality of communication;
 - (b) Provide for interactive videoconferencing communications between the practitioner and the client; and
 - (c) Assure videoconferencing picture resolution has a data rate of thirty frames per second (fps), with each frame containing two hundred eighty eight lines and three hundred fifty two pixels per line.
 - (d) The client site must also have a person available who is familiar with the operation of the videoconferencing equipment, in the event of a problem with the operation.
- ~~(F)~~(G) The following ~~matrix~~ identifies those individuals who are eligible to provide and supervise the ~~counseling and psychotherapy service~~ behavioral health counseling and therapy service. Licensed, certified or registered individuals shall comply with current, applicable scope of practice and supervisory requirements identified by appropriate licensing, certifying or registering bodies:
