Licensure application and procedures.**RULE SUMMARY**

1. Is the rule being filed for five year review (FYR)? **Yes**
2. Are you proposing this rule as a result of recent legislation? **No**
3. Statute prescribing the procedure in accordance with the agency is required to adopt the rule: **119.03**
4. Statute(s) authorizing agency to adopt the rule: **5119.34**
5. Statute(s) the rule, as filed, amplifies or implements: **5119.34**
6. State the reason(s) for proposing (i.e., why are you filing,) this rule:

The Department of Mental Health and Addiction Services (Department) has historically regulated residential facilities which were operated for persons with mental disabilities. The Department has also been given the regulatory authority of two other types of facilities, adult foster homes and adult care facilities, which were previously regulated by other agencies. Changes to the statutory language regarding residential facilities occurred in H.B. 59 of the 130th General Assembly, and the manner in which facilities were categorized has been changed. Until now there have been three separate O.A.C. chapters regulating residential facilities under the Department's authority. This rule action brings all rules regarding residential facilities under the Department's regulating authority up to date with current statutory authority and standardizes requirements across all facilities as much as possible. Going forward O.A.C. Chapter 5122-30 will be the chapter containing all residential facility rules. O.A.C. Chapters 5122-33 and 5122-35 are being rescinded in their entirety as part of this action.

7. If the rule is an AMENDMENT, then summarize the changes and the content of the proposed rule; If the rule type is RESCISSION, NEW or NO CHANGE, then summarize the content of the rule:

This rule is the combined licensure and application procedure for all residential facilities. The rule requires an application to indicate the category of facility and other pertinent information, provides an indication of the waiver process, and eliminates the requirements of the affiliation agreement. This rule also sets forth the license fees, a one hundred fifty dollar fee for class one facilities, and a seventy-five dollar fee for class two and three facilities.

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

This response left blank because filer specified online that the rule does not incorporate a text or other material by reference.

9. If the rule incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material electronically, provide an explanation of why filing the text or other material electronically was infeasible:

This response left blank because filer specified online that the rule does not incorporate a text or other material by reference.

10. If the rule is being **rescinded** and incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material, provide an explanation of why filing the text or other material was infeasible:

Not Applicable.

11. If **revising** or **refiling** this rule, identify changes made from the previously filed version of this rule; if none, please state so. If applicable, indicate each specific paragraph of the rule that has been modified:

Refiling to add to the licensure documentation in (A)(1)(h) the provision for other documentation requested by the department.

12. Five Year Review (FYR) Date: **1/20/2017** and **01/01/2023**

(If the rule is not exempt and you answered NO to question No. 1, provide the scheduled review date. If you answered YES to No. 1, the review date for this rule is the filing date.)

NOTE: If the rule is not exempt at the time of final filing, two dates are required: the current review date plus a date not to exceed 5 years from the effective date for Amended rules or a date not to exceed 5 years from the review date for No Change rules.

FISCAL ANALYSIS

13. Estimate the total amount by which *this proposed rule* would **increase / decrease** either **revenues / expenditures** for the agency during the current biennium (in dollars): Explain the net impact of the proposed changes to the budget of your agency/department.

This will increase revenues.

38075

This will align the fee structure across the former three Chapters of facilities. It is an increase in fee amounts, but is commiserate with the cost of surveys. Former adult foster homes paid no fees before consolidation, and adult care facilities paid either \$25 or \$50 depending on the type of facility. The Department will see a revenue increase of \$38,075 across the consolidation of the fee structure.

14. Identify the appropriation (by line item etc.) that authorizes each expenditure necessitated by the proposed rule:

Not applicable.

15.

Provide a summary of the estimated cost of compliance with the rule to all directly affected persons. When appropriate, please include the source for your information/estimated costs, e.g. industry, CFR, internal/agency:

There will be a cost of compliance across the regulated residential facilities. Former adult foster homes are now class two facilities and will go from no licensing fee to a seventy-five dollar fee. Former adult care facilities are now class two facilities and go from a fee that ranged from twenty-five to fifty-dollar to a flat seventy-five dollar fee. The former mental health residential facilities will now be classified as either class one or class two facilities and will see no change in the fee.

Licensing fees paid by residential facilities do not fully cover the cost of the licensing program, but do offset the expenditure.

17. Does this rule deal with environmental protection or contain a component dealing with environmental protection as defined in R. C. 121.39? **No**
