The Residential State Supplement (RSS) Program is Ohio's Optional State Supplementation Program authorized by the U.S. Social Security Administration. The rule, which sets for the purpose of the program and definitions, is being updated as part of the five-year review process. The updates are summarized below.

7. **Summarize the rule's content, and if this is an amended rule, also summarize the rule's changes.**

This rule sets forth the purpose of the RSS Program and current definitions used in the Program. This rule is being amended to (1) clarify that OhioMHAS is the

RSS administrative agency, but that area agencies on aging assist with level of care determinations and county departments of job and family services (CDJFSs) determine financial eligibility for the Program and (2) eliminate the definition of "living arrangement." This is no longer needed because a list of eligible living arrangements is in O.A.C. 5122-36-02.

8. **Does the rule incorporate material by reference? No**
9. **If the rule incorporates material by reference and the agency claims the material is exempt pursuant to R.C. 121.75, please explain the basis for the exemption and how an individual can find the referenced material.**

10. **If revising or re-filing the rule, please indicate the changes made in the revised or re-filed version of the rule.**

The word, "require," is removed from the second sentence in paragraph (A) and replaced with the word, "need." The sentence now reads: "The RSS cash payment is used together with the individual's personal income to help prevent premature or unnecessary institutionalization and to deinstitutionalize those aged, blind, or disabled adults who do not need care in a long term care facility and are able to return to the community through alternative living arrangements."
