7. **Summarize the rule's content, and if this is an amended rule, also summarize the rule's changes.**

This rule sets forth provisions for enhanced payments to be made for outpatient hospital services provided by an independent physician group practice. The enhanced payments approximated what the total payment amount would have been had claims

for services been billed by both the hospital and the physician group practice (i.e., a professional fee along with a facility fee). Only one provider had qualified for the additional payments, and that provider restructured over two years ago, so that it is no longer acting as an independent physician group practice; therefore, it is no longer receiving the enhanced payments, and has not for over two years.
