Rule 5160-1-60, "Medicaid Payment," sets forth payment policies for services furnished by many professional, non-institutional providers. The appendix to this rule, which serves as a payment schedule, has been amended to incorporate budget provisions of Am. Sub H.B. 33 (135th G.A.).

Maximum payment amounts are being increased for certain types of non-institutional services listed in the payment schedule: medical/surgical services (including primary care services and neonatal services), skilled therapy services (including hearing aids*), clinical laboratory services**, radiology and imaging services, vision care (including lenses not dispensed under the volume purchase contract), psychotherapy, acupuncture, dietitian services, clinic services, and dental services.

No change is being made in the body of the rule itself. The amendment to the appendix to this rule is effective for dates of service beginning January 1, 2024.

*Maximum payment amounts for hearing aids are published as part of another schedule.

**Clinical laboratory procedures are addressed here with other professional services because payment for them is established by formula rather than schedule; no rule change is involved.

9. Does the rule incorporate material by reference? Yes

10. If the rule incorporates material by reference and the agency claims the material is exempt pursuant to R.C. 121.75, please explain the basis for the exemption and how an individual can find the referenced material.

This rule incorporates one or more references to another rule or rules of the Ohio Administrative Code. The question is not applicable to any incorporation by reference to another OAC rule because such reference is exempt from compliance with RC 121.71 to 121.74 pursuant to RC 121.75.
