Rule 5160-10-17, "DMEPOS: pneumatic compression devices and accessories," sets forth coverage and payment policies for pneumatic compression devices. The phrase 'pneumatic compression device' is treated implicitly as a collective term for both compressors and appliances/accessories, so the words 'and accessories' in the tagline become redundant and are struck. Several provisions are rephrased or relocated for the sake of clarity. An explicit statement is made that the use of form ODM 02929 to document medical necessity is permitted but not obligatory. The revised payment provision omits reference to a trial period, but the payment policy itself is not changed.

This question is not applicable to any incorporation by reference to a form (or its equivalent) that collects information and does not establish principles of law or policy; such reference is exempt from compliance with RC 121.71 to 121.74 pursuant to RC 121.75.
