Laboratory-related services: claim payment.**RULE SUMMARY**

1. Is the rule being filed for five year review (FYR)? **No**
2. Are you proposing this rule as a result of recent legislation? **No**
3. Statute prescribing the procedure in accordance with the agency is required to adopt the rule: **119.03**
4. Statute(s) authorizing agency to adopt the rule: **5164.02**
5. Statute(s) the rule, as filed, amplifies or implements: **5164.02**
6. State the reason(s) for proposing (i.e., why are you filing,) this rule:

This rule is being proposed to comply with the requirement for five-year rule review.
7. If the rule is an AMENDMENT, then summarize the changes and the content of the proposed rule; If the rule type is RESCISSION, NEW or NO CHANGE, then summarize the content of the rule:

The nine existing rules in Chapter 5160-11 are being rescinded and replaced with six new rules. Most of the changes to these rules involve improvements in the

organization of the chapter, in the structure of the individual rules, and in the clarity of phrasing.

This particular rule sets forth payment provisions for suppliers of laboratory-related services. Specifically, this new rule prescribes a method by which maximum payment amounts are established for laboratory-related services that are payable under the Medicare Physician Fee Schedule or under the Clinical Laboratory Fee Schedule published by CMS.

A list of Medicaid maximum payment amounts and additional claim-related information for these procedures will be available through the department's web page. Accordingly, entries for these procedures will be removed from the main Medicaid non-institutional payment schedule (which is published as Appendix DD to rule 5160-1-60 of the Ohio Administrative Code).

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

This rule incorporates one or more references to another rule or rules of the Ohio Administrative Code. This question is not applicable to any incorporation by reference to another OAC rule because such reference is exempt from compliance with RC 121.71 to 121.74 pursuant to RC 121.76(A)(3).

9. If the rule incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material electronically, provide an explanation of why filing the text or other material electronically was infeasible:

Not applicable.

10. If the rule is being **rescinded** and incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material, provide an explanation of why filing the text or other material was infeasible:

Not Applicable.

11. If **revising** or **refiling** this rule, identify changes made from the previously filed version of this rule; if none, please state so. If applicable, indicate each specific paragraph of the rule that has been modified:

Paragraph (D)(4) is removed. This provision was intended as an affirmation that payment would be developed by formula (rather than arbitrary assignment) for any new laboratory procedure not listed in either the Medicare Physician Fee Schedule or the Clinical Laboratory Fee Schedule. The lack of a specific formula and the unlikelihood of such an occurrence, however, negate the usefulness of the statement. Paragraph (D)(1) is moved to improve the order of presentation; the sequence of paragraphs (E)(1), (E)(2), and (E)(3) is adjusted accordingly.

12. Five Year Review (FYR) Date:

(If the rule is not exempt and you answered NO to question No. 1, provide the scheduled review date. If you answered YES to No. 1, the review date for this rule is the filing date.)

NOTE: If the rule is not exempt at the time of final filing, two dates are required: the current review date plus a date not to exceed 5 years from the effective date for Amended rules or a date not to exceed 5 years from the review date for No Change rules.
