OAC 5160-4-07, "Fee-for-time compensation arrangements for substitute physicians," sets forth Medicaid coverage and payment policies for services provided by a substitute physician who works in place of a regular physician under a fee-for-time arrangement when the regular physician is absent. It is a longstanding and widespread practice for physicians to retain substitute physicians to take over their professional practices when the regular physicians are absent for reasons such as illness, pregnancy, vacation,

or continuing medical education. When this occurs, the regular physician bills and receives payment for the substitute physician's services as though the regular physician performed the services. The rule establishes definitions, coverage and limitations regarding Medicaid payment for the following providers of physician services who retain the services of substitutes: doctors of medicine, doctors of osteopathy, optometrists, and doctors of podiatric medicine.
