I. Rule Summary

1. Is this a five year rule review? No
 - A. What is the rule's five year review date?
2. Is this rule the result of recent legislation? No
3. What statute is this rule being promulgated under? 119.03
4. What statute(s) grant rule writing authority? 5164.02, 5164.91, 5166.02
5. What statute(s) does the rule implement or amplify? 5162.03, 5164.02, 5164.91, 5166.02, 5166.11, 5167.02
6. What are the reasons for proposing the rule?

This rule is being proposed as new, to replace 5160-44-05, to update incident management policy related to the Ohio Department of Aging (ODA) and the Ohio Department of Medicaid (ODM) Home and Community Based Services (HCBS) waivers, OhioRISE program, Medicaid Managed Care Organizations, and Specialized Recovery Services (SRS) program.

7. Summarize the rule's content, and if this is an amended rule, also summarize the rule's changes.

This rule sets forth the requirements for reporting and investigating incidents involving individuals enrolled on the waivers and program mentioned above. The primary purpose is to add to the rule, individuals enrolled in the OhioRISE program, and those being served through a Medicaid Managed Care Organization. In doing so, the rule is being reformatted to keep programs together that follow similar processes. This will make it easier to locate and follow the processes that apply to those new populations. Other changes include adding new definitions and revising current ones for better clarity. Certain incident types are also being revised for better clarity and consistency in application. Another significant revision includes a process change to the conclusion of critical incident investigations so the Investigative Entity will send the results of its investigation to the Case Management Agency (CM agency) or Recovery Management Agency (RM agency) rather than directly to the individual; the CM or RM Agency, in turn, will inform the individual verbally (unless the individual requests it in writing) of the investigation results. This is a more person-centered approach because the sensitive nature of the information will be provided to the individual by a person s/he is more familiar with. The addition of timeframes is also being proposed to establish how soon a prevention plan should be entered into the Incident Management System (IMS), and for closing and entering a reportable incident.

8. Does the rule incorporate material by reference? Yes

9. If the rule incorporates material by reference and the agency claims the material is exempt pursuant to R.C. 121.75, please explain the basis for the exemption and how an individual can find the referenced material.

This rule incorporates one or more references to the Ohio Administrative Code. This question is not applicable to any incorporation by reference to another OAC rule because such reference is exempt from compliance with RC 121.71 to 121.74 pursuant to RC 121.75(A)(1)(d).

This rule incorporates one or more references to the Ohio Revised Code. This question is not applicable to any incorporation by reference to another ORC rule because such reference is exempt from compliance with RC 121.71 to 121.74 pursuant to RC 121.75(A)(1)(a).

10. If revising or re-filing the rule, please indicate the changes made in the revised or re-filed version of the rule.

III. Common Sense Initiative (CSI) Questions

- 16. Was this rule filed with the Common Sense Initiative Office? Yes**

- 17. Does this rule have an adverse impact on business? Yes**

A. Does this rule require a license, permit, or any other prior authorization to engage in or operate a line of business? No

B. Does this rule impose a criminal penalty, a civil penalty, or another sanction, or create a cause of action, for failure to comply with its terms? No

C. Does this rule require specific expenditures or the report of information as a condition of compliance? Yes

This rule requires ODM, ODA, or their designees, and all service providers that serve individuals enrolled in a home and community-based services (HCBS) waiver, OhioRISE, Medicaid MCO, or Specialized Recovery Services (SRS) program to report all incidents related to individual. This report of information for the HCBS waivers and the SRS program is a federal requirement, and is required for Medicaid MCOs per agreement with ODM. Reporting this information is necessary to ensure the health and safety of individuals enrolled in an HCBS program. Specifically, the rule requires the entities noted above to take immediate action to ensure the health and welfare of the individual, report the incident immediately upon discovering the incident, and when reporter is a waiver provider who has a supervisor, immediately notify his/her supervisor, as applicable. The incident report requirements and timeframes are outlined in the rules.

The entities noted above are required to verify the above actions were taken to protect the health and welfare of the individual, to address the issues impacting the individual, and to report the incident in the incident management system. If it is discovered that a required action was not taken, the CM or RM entity is required to do so.

The investigative entity (an ODM or ODA designee), is required to verify the above actions were taken to protect the health and welfare of the individual. If it is discovered that a required action was not taken, the investigative entity is required to do so. At the conclusion of an investigation, the investigative entity shall provide to the CM or RM agency, a summary of the investigative findings, and whether the incident was substantiated, the CM or RM agency in turn, will inform the individual of the findings unless such action could jeopardize the health and welfare of the individual.

- D. Is it likely that the rule will directly reduce the revenue or increase the expenses of the lines of business of which it will apply or applies? No**
