

901:1-18-05

Poultry and fowl.

(A) All turkeys, chickens, and gamebirds ~~moved within or imported into~~ exhibited in Ohio ~~for exhibition~~ must either:

- (1) Originate directly from a flock or hatchery which is a participant in the national poultry improvement plan (NPIP) for the eradication of disease and be accompanied by documentary evidence that they meet the requirement of this paragraph;

NPIP status is only valid for one year.

- (2) Originate directly from a flock which has had a negative test for pullorum/fowl typhoid disease within twelve months preceding the opening date of exhibition and be accompanied by documentary evidence that they meet the requirement of this paragraph;
- (3) Have had a negative test for pullorum/fowl typhoid disease, within ninety days, preceding the opening date of the exhibition and be accompanied by documentary evidence that they meet the requirement of this paragraph; or
- (4) Be tested for pullorum/fowl typhoid disease upon arrival at the exhibition by a tester approved by the Ohio department of agriculture and found negative.

(B) Any co-mingling of birds voids national poultry improvement plan status from the original flock or hatchery.

~~(B)~~(C) The rapid whole blood test shall not be used to test turkeys for compliance with the requirements of paragraphs (A)(2), (A)(3), and (A)(4) of this rule.

~~(C)~~(D) Waterfowl, doves, and pigeons are exempt from this rule.
