

Rule Summary and Fiscal Analysis

Part A - General Questions

Rule Number: 901:13-1-05

Rule Type: Rescission

Rule Title/Tagline: Other waste waters.

Agency Name: Department of Agriculture

Division: Soil and Water Conservation

Address: 8995 East Main Street Reynoldsburg OH 43068

Contact: David E Miran

Email: david.miran@agri.ohio.gov **Phone:** 614-728-6390

I. Rule Summary

1. Is this a five year rule review? Yes
 - A. What is the rule's five year review date? 3/5/2018
2. Is this rule the result of recent legislation? No
3. What statute is this rule being promulgated under? 119.03
4. What statute(s) grant rule writing authority? 939.02
5. What statute(s) does the rule implement or amplify? 939.02
6. What are the reasons for proposing the rule?

The rule is up for five year rule review.
7. Summarize the rule's content, and if this is an amended rule, also summarize the rule's changes.

OAC 901:13-1-05 states that operators shall prevent pollution from residual farm products. The existing rule is proposed to be rescinded and replaced by a new version. The rescission is due to the Legislative Service Commission's guide on administrative rule drafting which states that if more than 50% of an existing rule has been amended it shall be rescinded and replaced with a new version.

8. Does the rule incorporate material by reference? No
9. If the rule incorporates material by reference and the agency claims the material is exempt pursuant to R.C. 121.71 to 121.76, please explain the basis for the exemption and how an individual can find the referenced material.

Not Applicable

10. If revising or re-filing the rule, please indicate the changes made in the revised or re-filed version of the rule.

Not Applicable

II. Fiscal Analysis

11. As a result of this proposed rule, please estimate the increase / decrease in revenues or expenditures affecting this agency, or the state generally, in the current biennium or future years. If the proposed rule is likely to have a different fiscal effect in future years, please describe the expected difference and operation.

This will have no impact on revenues or expenditures.

0.00

Not applicable.

12. What are the estimated costs of compliance for all persons and/or organizations directly affected by the rule?

Operations must invest time and resources in implementing the best management practices outlined by the rules of this chapter. Individuals who violate a provision of ORC Chapter 939 and OAC Chapter 901:13-1 may be subject to civil penalties or be required to take corrective actions as outlined in these rule. There is no quantifiable impact for those individuals who remain in compliance with the standards in ORC Chapter 939 and OAC Chapter 901:13-1. However, individuals who do commit a violation of these rules may be subject to civil fines in amounts from \$250 to \$10,000. The amount of the violation depends on the particular rule violated, the severity of the violation, and any past history of non-compliance. Further, the quantified impact of corrective actions will depend entirely on the violation and the means to correct that violation. Implementation of these best management practices could result in overall cost savings through more efficient nutrient use and higher yields in their agricultural practices.

13. Does the rule increase local government costs? (If yes, you must complete an RSFA Part B). No
14. Does the rule regulate environmental protection? (If yes, you must complete an RSFA Part C). Yes

III. Common Sense Initiative (CSI) Questions

15. Was this rule filed with the Common Sense Initiative Office? Yes
16. Does this rule have an adverse impact on business? Yes
- A. Does this rule require a license, permit, or any other prior authorization to engage in or operate a line of business? No
- B. Does this rule impose a criminal penalty, a civil penalty, or another sanction, or create a cause of action, for failure to comply with its terms? Yes

Operations must invest time and resources in implementing the best management practices outlined by the rules of this chapter. Individuals who violate a provision of ORC Chapter 939 and OAC Chapter 901:13-1 may be subject to civil penalties or be required to take corrective actions as outlined in these rule. There is no quantifiable impact for those individuals who remain in compliance with the standards in ORC Chapter 939 and OAC Chapter 901:13-1. However, individuals who do commit a violation of these rules may be subject to civil fines in amounts from \$250 to \$10,000. The amount of the violation depends on the particular rule violated, the severity of the violation, and any past history of non-compliance. Further, the quantified impact of corrective actions will depend entirely on the violation and the means to correct that violation. Implementation of these best management practices could result in overall cost savings through more efficient nutrient use and higher yields in their agricultural practices.

- C. Does this rule require specific expenditures or the report of information as a condition of compliance? Yes

Animal feeding operations who are found to be in violation of this rule must design, construct, operate and maintain the facilities in conformance with the field office technical guide.

Rule Summary and Fiscal Analysis

Part C - Environmental Rule Questions

Pursuant to Am. Sub. H.B. 106 of the 121st General Assembly, prior to adopting a rule or an amendment to a rule dealing with environmental protection, or containing a component dealing with environmental protection, a state agency shall:

- (1) Consult with organizations that represent political subdivisions, environmental interests, business interests, and other persons affected by the proposed rule or amendment.
- (2) Consider documentation relevant to the need for, the environmental benefits or consequences of, other benefits of, and the technological feasibility of the proposed rule or rule amendment.
- (3) Specifically identify whether the proposed rule or rule amendment is being adopted or amended to enable the state to obtain or maintain approval to administer and enforce a federal environmental law or to participate in a federal environmental program, whether the proposed rule or rule amendment is more stringent than its federal counterpart, and, if the proposed rule or rule amendment is more stringent, the rationale for not incorporating its federal counterpart.
- (4) Include with the proposed rule or rule amendment and rule summary and fiscal analysis required to be filed with the Joint Committee on Agency Rule Review information relevant to the previously listed requirements.

(A) Were organizations that represent political subdivisions, environmental interests, business interests, and other persons affected by the proposed rule or amendment consulted? Yes
