

901:3-46-06

**Packaging and fill.****(A) All packaging shall be:**

- (1) Except as specified in paragraph (B) of this rule, clean prior to filling, and free of water at the time of filling;
- (2) Free from rust on food-contact surfaces and not contain any substances or be constructed from any material which could damage either the color or flavor of the contents;
- (3) Constructed with an air tight closing mechanism;
- (4) Filled with not less than ninety per cent of their capacity.

**(B) Canning containers designed for reuse shall be washed and sanitized prior to refilling. Closures shall not be reused.**
