

901:5-1-05

Weighing of fertilizer and requirements for shipping invoice.

- (A) No person shall distribute any fertilizer or mixture of fertilizers other than by net weight, unless the director has approved the device which is used to measure the fertilizer.
- (B) A meter may be used to deliver fertilizer by quantity provided that each individual meter so used has been tested and approved by the director.
- (C) Each distributor shall include on the shipping invoice or delivery ticket for any fertilizer which is delivered by quantity:
 - (1) Quantity of fertilizer delivered;
 - (2) The calculated net weight derived from the quantity delivered; and
 - (3) The conversion factor used to derive the calculated net weight from the quantity delivered.
