Public Notice of changes to State Fire Marshal Rules

The State Fire Marshal is considering revision of the State Fire Marshal (SFM) administrative rules implementing both the underground storage tank program and corrective action program for releases from underground petroleum storage tanks established by the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2795, 42 U.S.C.A. 6901, as amended. In accordance with this intent and pursuant to Sections 119.03, 119.032, and 3737.88 to 3737.882 of the Ohio Revised Code (R.C.), the State Fire Marshal will conduct a public hearing at **10:00 a.m.** on **October 13th, 2005**, at the Office of the State Fire Marshal, **8895 East Main Street, Reynoldsburg, OH 43086**. The purpose of the hearing is to receive public comment on the following proposed amendments to the following current rules of the Ohio Administrative Code.

RULES TO BE AMENDED: OAC rules 1301:7-9-02, 1301:7-9-07, 1301:7-9-08, and 1301:7-9-11 are proposed to be amended as rules of the OAC. The SFM proposes to amend these rules to remove requirements that only Certified UST Installers may perform annual maintenance activities on UST leak detection systems and perform tightness testing of UST systems.

The full text of the proposed rules has been filed in electronic format with the Secretary of State, the Legislative Service Commission, the Joint Committee on Agency Rule Review, the Office of Small Business and the State Fire Commission as required by law. The full text of the proposed rules is available at the following web site www.registerofohio.state.oh.us

Information concerning the hearing and the amended rules is available prior to the hearing from www.com.state.oh.us/sfm/bust or:
