In accordance with Chapter 119 of the Revised Code (R.C.) and by authority of Revised Code 3748.04, the Director (Director) of the Ohio Department of Health (ODH), or his designee, shall conduct the following three rules hearings. The hearings will take place at the time, date, and place listed above, and they are open to the public.

HEARING #1: By authority of R.C. 3748.04, the Director proposes to amend O.A.C. rules 3701:1-54-02 (Low-level Radioactive Waste Generators); and 3701:1-66-03 (Certification of Radiation Experts). Amendments to these rules reflect changes in penalty fees adopted in House Bill 487 of the 129th General Assembly. ODH original filed these rules, but placed them in TBR-status in order to revise question 19(C) on the CSI portion of the rule summary/fiscal analysis form. Subsequently, ODH totally withdrew the filing of these rules to give the new Ohio Public Health Advisory Board (OPHAB) a chance to review them.

HEARING #2: By authority of R.C. 3748.04, the Director proposes to amend O.A.C. rules 3701:1-67-01 and 3701:1-67-02, to rescind rule 3701:1-67-03, and to propose new and rescind current rules 3701:1-67-05, 3701:1-67-06, 3701:1-67-07, 3701:1-67-08, and 3701:1-67-09. These rules pertaining to Therapy Radiation-generating Equipment, were originally scheduled to go to public hearing on January 9th of this year; however due to a filing mistake (one rule was omitted from the filing in error), ODH placed the rules 3701:67-02 through -09 in TBR (to be re-filed) status to keep the rules on the same schedule. As is the case with the two rules mentioned above, these rules were totally withdrawn to give OPHAB a chance to review them.

Changes to O.A.C. Chapter 3701:1-67 rules are being considered due to comments both from staff required to administer them and from affected parties. Significant changes reorganize and move subject matter for the purpose of clarity, and also add definitions.
