Ohio Environmental Protection Agency Proposed amendment of Rule 3745-21-25 of the Ohio Administrative Code (OAC)

Notice is hereby given that the Ohio Environmental Protection Agency, Division of Air Pollution Control (DAPC) is proposing amended rule 3745-21-25 of the Ohio Administrative Code (OAC) to the Joint Committee on Agency Rule Review (JCARR). This rule is related to the control of volatile organic compound emissions from reinforced plastic composites production operations and will be effective statewide.

This rule was originally finalized on December 14, 2009. During the initial drafting of this rule DAPC worked closely with U.S. EPA in developing appropriate standards for this rule. However, additional minor changes are now necessary to demonstrate compliance with the requirements of this rule. Specifically, paragraphs (A)(2), (A)(2)(e), and (P)(2) of this rule were amended in consultation with U.S. EPA in order to address their concerns regarding compliance with the provisions of this rule.

Pursuant to Section 121.39 of the Ohio Revised Code, DAPC was required to consult with interested parties affected by the rules before the Division formally adopts them. On June 23, 2010 this rule went out for a 30-day review by interested parties. Comments were received and Ohio EPA's responses to these comments can be found in the Responsive Summary to Comments available on the internet at the URL listed at the end of this notice.

Pursuant to Section 119.03 of the Ohio Revised Code, a public hearing on this rule change will be conducted on Wednesday, October 6, 2010 at 10:30 am, in Conference Room 6B at Ohio EPA, Lazarus Government Center, 50 W. Town Street, Suite 700, Columbus, Ohio. All visitors to Ohio EPA must register at the Security desk in the lobby upon arrival. Please bring photo identification (such as a valid driver's license). For security reasons, visitor's are required to wear their badge at all times while in the building. Please arrive early to complete these procedures.

Pursuant to Part D of Title I of the Clean Air Act, Ohio EPA is required to establish a state implementation plan (SIP) for the attainment and maintenance of the National Ambient Air Quality Standards. The above-mentioned rules are a part of Ohio's SIP and the proposed amendments will be submitted to USEPA as a modification of the SIP. The above-mentioned hearing shall be considered the public hearing for the SIP submittal.

All interested persons are entitled to attend or be represented at the hearing and give written or oral comments on these rule changes. All oral comments presented at the hearing, and all written statements submitted at the hearing or by the close of business on October 6, 2010, will be considered by Ohio EPA prior to final action on this rule. Written

statements submitted after October 6, 2010 may be considered as time and circumstances permit, but will not be part of the official record of the hearing.
