**Public Notice
Proposed Rulemaking Governing
Surface Water Quality Standards Program**

Notice is hereby given that the Director of Environmental Protection, under the authority of Section 6111.041 of the Ohio Revised Code and in accordance with Chapter 119 of the Revised Code, proposes to adopt amendments to the following rule of the Ohio Administrative Code:

Rule #	Rule Title	Action
3745-1-05	Antidegradation.	Amend

Chapter 3745-1 of the Administrative Code addresses water quality standards for surface waters of the state. The rules in Chapter 3745-1 contain: beneficial use designations such as warmwater aquatic life habitat, public water supply and primary contact recreation; numeric levels and narrative statements (water quality criteria) protective of the use designations; and antidegradation provisions that establish a procedure to determine that a discharge is necessary before authorizing it.

The proposed changes to rule 3745-1-05 will: clarify rule applicability exemptions for existing sources discharging to waters of the state; clarify the allocation of the reserve portion of a water body's pollutant assimilative capacity for outstanding state waters and superior high quality waters; and clarify petition procedures for revising set aside percentages of a water body's pollutant assimilative capacity.

The public comment period will run until **5:00 p.m. on November 10, 2010**. A public hearing on these proposed rule amendments will be held to consider public comments in accordance with Section 119.03 of the Ohio Revised Code. This hearing will be held in **Conference Room D at the Ohio EPA Central Office, 50 West Town Street, Suite 700, Columbus, Ohio at 2:00 p.m. on November 10, 2010**.
