**Request for Comment on Draft Rules**

Notice is hereby given that the Ohio Environmental Protection Agency, Division of Drinking and Ground Waters (DDAGW) is proposing revisions to underground injection control (UIC) class V well requirements in rule 3745-34-11 in the Ohio Administrative Code (OAC). The proposed rule amendments to the OAC are, in part, a result of the five year rule review requirements of Section 119.032 of the Revised Code.

DDAGW is proposing amendments to the class V well rule to allow, without a permit and in specific instances, minimal discharge of wastewater resulting from the treatment of drinking water. Currently, all such discharges are required to have a permit. However, a permit is not always necessary in these instances based on the dilution of the wastewater being discharged (and the reduction of total dissolved solids or TDS). The proposed amendments will reduce costs for some businesses no longer required to obtain a permit for these discharges.

As part of the rule-making process, the Agency is required by Section 121.39 of the Ohio Revised Code to consult with organizations that represent political subdivisions, environmental interests, business interests, and others affected by the rules. The Agency is offering you and your organization the opportunity to comment on these rules before the division formally proposes them.

A public hearing pursuant to §119.03 of the Ohio Revised Code will be conducted on March 8, 2011, beginning at 10:30 a.m. in Conference Room B at the Ohio EPA, Lazarus Government Center, 50 West Town Street, Columbus, Ohio. All interested persons are entitled to attend or be represented and give their written or oral comments on this proposed rule-making. A presiding officer will be present until all interested persons have been heard.

To facilitate scheduling of oral presentations, persons intending to give testimony at the hearing should ensure that Ohio EPA receives notice of such intent by 5:00 p.m. on March 7, 2011. Persons who provide Ohio EPA with prior notice will be heard ahead of persons who register at the hearing. **All visitors to Ohio EPA must register at the Security desk in the lobby upon arrival. Please bring photo identification (such as a valid driver's license). For security reasons, visitors are required to wear their badge at all times while in the building. Please arrive early to complete these procedures.** To provide notice of intent to give oral comments at the public hearing, contact Susan Baughman by mail at Ohio EPA, DDAGW, Lazarus Government Center,

50 West Town Street, Suite 700, Columbus, Ohio 43215, or by phone at (614) 644-2752.

In order to ensure that written comments are considered as part of the official record of this hearing, written comments must be received by Ohio EPA by the close of business **March 8, 2011**. Written comments on the proposed rules may be given to the presiding officer during the hearing, sent by mail to Susan Baughman at the address above, or sent by email to the following address [ddagw\\_rulecomments@epa.state.oh.us](mailto:ddagw_rulecomments@epa.state.oh.us).

To obtain a copy of the proposed rules, contact Donna Roberts at Ohio EPA at (614) 644-2916 or email at [donna.roberts@epa.state.oh.us](mailto:donna.roberts@epa.state.oh.us). Please request the "proposed UIC rule" and, if a recorded message is left, be sure to include your name, telephone number, and complete mailing address. There is no charge for proposed rules. The proposed rules will be available on the Agency web page until their adoption or withdrawal. The address is:
