Pursuant to section 119.03 of the Ohio Revised Code, the Ohio Department of Public Safety, Office of Criminal Justice Services, will conduct a public hearing for the purpose of soliciting comments on proposed changes to Chapter 4501-7, "Commercial Driver Training Schools," of the Ohio Administrative Code.

The purpose of the proposed changes is to implement provisions of HB487, 129th General Assembly, that authorize the Director of Public Safety to adopt rules governing online driver education courses that beginning drivers under the age of eighteen may complete via the Internet in lieu of the twenty-four hours of in-person classroom instruction required under prior law.

The proposed rules set forth the requirements for driver training provided to students and for the licensing of driver training schools and instructors. Proposed changes establish the eligibility, application, and licensing requirements for online providers, as well as the requirements for issuing certificates of completion and certificates of successful enrollment in online programs, conducting final examinations, developing curriculum content, and implementing infrastructure and security measures for online driver education instruction.
