PUBLIC NOTICE

The Ohio Department of Agriculture will hold a public hearing for the purpose of accepting testimony on the proposed amendments made to Chapter 901:10 of the Ohio Administrative Code.

The rules contained in this package are overseen by the Division of Livestock Environmental Permitting. The rules have been reviewed by the Department and key stakeholders in order to comply with the five year rule review process. In December 2000, the state legislature gave the Ohio Department of Agriculture the responsibility for overseeing and permitting Ohio's largest livestock and poultry farms. Program staff is responsible for regulating how Ohio's largest livestock and poultry farms handle manure and waste water, as well as manage flies, rodents and other pests. In addition, program staff reviews architectural and engineering plans for these facilities to help ensure that manure and other waste water is properly contained within the facility and to protect Ohio's waterways and environment.

The hearing will be held on:

March 21, 2017 at 9:00 A.M.
