Hearing Report and Summary

Consolidated Summary of Comments Received

Please review all comments received and complete a consolidated summary paragraph of the comments and indicate the rule number(s).

The Ohio Department of Medicaid (ODM) received one letter of support on April 9, 2021 for proposed rules 5160-13-02 and 5160-4-14 from the Ohio Renal Association during the public hearing. The Ohio Renal Association wrote to convey their support of the rule changes. They stated that they appreciated the collaboration with Medicaid to assure rates were fair to both parties. They also stated that the changes will make it much easier for them going forward since the rules are now, “very clear and not subject to interpretation,” and, “the bundled rate will make it easier to adjudicate the claims.” Finally, they said the inclusion of coverage of dialysis services for patients with acute kidney injury, additional reimbursement for home hemodialysis and peritoneal training, and any items not included on the Medicare consolidated billing list such as vaccines and non-routine labs being separately billable are particularly appreciated.
