The Common Sense Initiative was established by Executive Order 2011-01K and placed within the Office of the Lieutenant Governor. Under the CSI Initiative, agencies should balance the critical objectives of all regulations with the costs of compliance by the regulated parties. Agencies should promote transparency, consistency, predictability, and flexibility in regulatory activities. Agencies should prioritize compliance over punishment, and to that end, should utilize plain language in the development of regulations.

Regulatory Intent

1. Please briefly describe the draft regulation in plain language.

Please include the key provisions of the regulation as well as any proposed amendments.

Existing rule 5160-10-03, "Medical supplies and the medicaid supply list," sets forth coverage and payment policies for medical supplies and related services. Coverage and payment provisions are moved from the body of the rule to the revised appendix, prior authorization (PA) requirements are removed for certain items and services, and the reference to form ODM 01913 is updated.

Existing rule 5160-10-20, "Covered orthotic and prosthetic services and associated limitations," sets forth coverage and payment policies for orthotic devices, prosthetic devices, and related services. It is being rescinded and replaced by a new rule of the same number.

New rule 5160-10-20, "Orthotic devices, prosthetic devices, and related services," sets forth coverage and payment policies for orthotic devices, prosthetic devices, and related services. It replaces a rescinded rule of the same number. The body of the rule is streamlined, and prior authorization (PA) requirements are removed for certain items and services listed in the revised appendix.

2. Please list the Ohio statute authorizing the Agency to adopt this regulation.

The Ohio Department of Medicaid (ODM) is promulgating these rules under section 5164.02 of the Ohio Revised Code.

3. Does the regulation implement a federal requirement? Is the proposed regulation being adopted or amended to enable the state to obtain or maintain approval to administer and enforce a federal law or to participate in a federal program?

If yes, please briefly explain the source and substance of the federal requirement.

The changes in these rules are not being made in response to a federal requirement. Elimination of prior authorization of payment for certain items and services is a recent ODM initiative.

4. If the regulation includes provisions not specifically required by the federal government, please explain the rationale for exceeding the federal requirement.

These rules do not exceed federal requirements.

- 5. What is the public purpose for this regulation (i.e., why does the Agency feel that there needs to be any regulation in this area at all)?**

Medicaid rules perform several core business functions: They establish and update coverage and payment policies for medical goods and services. They set limits on the types of entities that can receive Medicaid payment for these goods and services. They publish payment formulas or fee schedules for the use of providers and the general public.

- 6. How will the Agency measure the success of this regulation in terms of outputs and/or outcomes?**

The success of these rules will be measured by the extent to which suppliers can submit claims and receive correct payment for certain items and services without first obtaining prior authorization of payment (PA).

Development of the Regulation

- 7. Please list the stakeholders included by the Agency in the development or initial review of the draft regulation.**

If applicable, please include the date and medium by which the stakeholders were initially contacted.

Elimination of the PA requirement for certain items and services is a recent ODM initiative. In early September 2015, information about this initiative was shared with the executive director of the Ohio Association of Medical Equipment Services (OAMES), who passed it on to the OAMES governing board. The information was also presented at an OAMES general membership meeting and training seminar.

- 8. What input was provided by the stakeholders, and how did that input affect the draft regulation being proposed by the Agency?**

Initial response from stakeholders indicates that the direction taken by ODM in implementing the initiative is being well received.

- 9. What scientific data was used to develop the rule or the measurable outcomes of the rule? How does this data support the regulation being proposed?**

ODM conducted a comprehensive review of its PA policy for DMEPOS and concluded that the PA requirement should be eliminated for many of the items. Eliminating the requirement could reduce administrative costs for both providers and ODM, and it could remove potential barriers to access to care for recipients. Utilization and expenditure data drawn from ODM's Quality Decision Support System were used in projecting the fiscal impact of the proposed changes.

10. What alternative regulations (or specific provisions within the regulation) did the Agency consider, and why did it determine that these alternatives were not appropriate? If none, why didn't the Agency consider regulatory alternatives?

There is no readily apparent regulatory alternative to the elimination of PA requirements.

11. Did the Agency specifically consider a performance-based regulation? Please explain. Performance-based regulations define the required outcome, but don't dictate the process the regulated stakeholders must use to achieve compliance.

The concept of performance-based rule-making does not apply to these items and services.

12. What measures did the Agency take to ensure that this regulation does not duplicate an existing Ohio regulation?

Rules involving Medicaid providers are housed exclusively within agency 5160 of the Ohio Administrative Code. Within this division, rules are generally separated out by topic. It is clear which rules apply to which type of provider and item or service; in this instance, there was no duplication.

13. Please describe the Agency's plan for implementation of the regulation, including any measures to ensure that the regulation is applied consistently and predictably for the regulated community.

The policies set forth in the new rule will be incorporated into the Medicaid Information Technology System (MITS) as of the effective date of the rule. They will therefore be automatically and consistently applied by ODM's electronic claim-payment system whenever an appropriate provider submits a claim for an applicable service.

Adverse Impact to Business

14. Provide a summary of the estimated cost of compliance with the rule. Specifically, please do the following:

a. Identify the scope of the impacted business community;

Changes to policies, payment formulas, or payment amounts affect suppliers of durable medical equipment, prostheses, orthoses, and supplies (DMEPOS).

b. Identify the nature of the adverse impact (e.g., license fees, fines, employer time for compliance); and

Existing rule 5160-10-20 requires providers to be licensed under Chapter 4779. of the Revised Code or to be exempt from licensure in accordance with section 4779.02 of the Revised Code.

New rule 5160-10-20 specifies (1) that a provider enrolled in Medicaid as a durable medical equipment (DME) supplier with orthotic/prosthetic specification may furnish and receive payment for an orthotic device or prosthetic device that must comply with section 4779.02 of the Ohio Revised Code and (2) that a provider enrolled as a basic DME supplier may furnish and receive payment for all other items and services (within the context of the subject of the rule). This statement serves as enrollment guidance. Suppliers of ORC-compliant items enroll as "DME O&P" providers; suppliers of items not subject to ORC compliance enroll as "DME Basic" providers. Enrollment criteria may or may not include licensure requirements, but such requirements are not spelled out in this rule, nor is there any intent to incorporate them by reference.

The reporting requirements laid out in these rules involve the documentation of medical necessity, which helps to substantiate the appropriateness of the equipment dispensed to Medicaid-eligible individuals.

c. Quantify the expected adverse impact from the regulation.

The adverse impact can be quantified in terms of dollars, hours to comply, or other factors; and may be estimated for the entire regulated population or for a "representative business." Please include the source for your information/estimated impact.

Licensure of orthotists, prosthetists, and pedorthists is required by existing rule 5160-10-20, which is being rescinded.

New rule 5160-10-20 describes the providers that may furnish and receive Medicaid payment for an orthotic device, prosthetic device, or related service.

A DMEPOS supplier must fill out paperwork for a PA request, which includes the entry of certain information on a certificate of medical necessity (e.g., customer identification, part numbers, descriptions of repairs). Completing a PA request takes between five and thirty minutes of supplier staff time. This estimate is based on the professional experience of ODM staff members and on figures reported by other Medicaid providers. The wage cost depends on who performs the task. The median statewide hourly wage for a billing clerk, according to Labor Market Information (LMI) data published by the Ohio Department of Job and Family Services, is \$16.10; for a medical equipment repairer, it is \$24.23; for a higher-level manager, it is \$36.32. With an additional 30% for fringe benefits, submitting a PA request costs between \$1.75 (five minutes at \$20.93 per hour) and \$23.61 (thirty minutes at \$47.22 per hour). With the elimination of a PA requirement for certain items and services under amended rule 5160-10-03 and

77 SOUTH HIGH STREET | 30TH FLOOR | COLUMBUS, OHIO 43215-6117

CSIOhio@governor.ohio.gov

new rule 5160-10-20, there will be less need for providers to incur these costs, and ODM anticipates an overall reduction in adverse impact.

15. Why did the Agency determine that the regulatory intent justifies the adverse impact to the regulated business community?

Prior authorization of payment, which is often set as a requirement for processing certain claims, is an effective tool for preventing fraud, waste, and abuse and for promoting quality and cost-effectiveness; it helps to ensure that the Ohio Medicaid program pays for medical equipment that is most appropriate to the needs of the person who will use it. The elimination of a PA requirement for certain items and services will reduce the overall adverse impact on the regulated business community.

Regulatory Flexibility

16. Does the regulation provide any exemptions or alternative means of compliance for small businesses? Please explain.

These rules outline actions all providers must take in order to receive Medicaid payment. They do not set forth requirements for engaging in business, and no exception is made on the basis of an entity's size.

17. How will the agency apply Ohio Revised Code section 119.14 (waiver of fines and penalties for paperwork violations and first-time offenders) into implementation of the regulation?

These rules impose no sanctions on providers.

18. What resources are available to assist small businesses with compliance of the regulation?

Providers that submit claims through an electronic clearinghouse (a "trading partner") can generally rely on the clearinghouse to know current Medicaid claim-submission procedures.

Information sheets and instruction manuals on various claim-related topics are readily available on the ODM website.

The Bureau of Provider Services renders technical assistance to providers through its hotline, (800) 686-1516.

Policy questions may be directed via e-mail to the Non-Institutional Benefit Management section of ODM's policy bureau, at noninstitutional_policy@medicaid.ohio.gov.

For questions about program coverage of and limitations on DME, ODM maintains the DME Question Line and Voice Mailbox, (614) 466-1503.

Medical supplies and the medicaid supply list.

(A) This rule sets forth in its appendix (the "medicaid supply list") a table of medical/surgical supplies, durable medical equipment, and supplier services, along with coverage and payment information. Columns in the table display the following information:

(1) ~~"Current code": Alphanumeric healthcare common procedure coding system (HCPCS) codes to be used on claims submitted to the department for medical supplier services. Each code is intended to encompass all trade names of the particular product represented. A "not otherwise specified (NOS)" code should be used only when an item is not adequately represented by a specific code.~~

(2) ~~"Item description": A brief description of the supply or equipment item.~~

(3) ~~"Unit" indicator: The unit of measure (each one, each pair, box of fifty, etc.).~~

(4) ~~"Medicaid" indicator: The medicaid coverage for an item.~~

~~(a) "Y" indicates that the item is covered by medicaid for all recipients, in accordance with rule 5160-10-02 of the Administrative Code, and the provider may submit claims directly to the department.~~

~~(b) "H" indicates that payment may be made only when the item is provided to recipients living in their personal residence.~~

~~(c) "H*" indicates that payment will not be made if the item is provided to a recipient living in a nursing facility.~~

(5) ~~"Prior auth" indicator: Prior authorization requirements.~~

~~(a) "Y" indicates that prior authorization by the department is required before payment can be made, in accordance with rule 5160-10-06 of the Administrative Code.~~

~~(b) "N" indicates that no prior authorization is required for payment for units up to the maximum number allowable.~~

(6) ~~"Max units" indicator: The greatest quantity of an item for which payment may be made without prior authorization for the time period specified. This quantity has been established as a guideline rather than a definitive amount. If no maximum quantity is indicated, the quantity authorized will be based on medical necessity as determined by the department. (Note: A provider may receive payment without prior authorization for up to thirty one units per~~

~~month of an item with an indicator of "one per day.")~~

~~(7) "RNT/P" indicator: Rental/purchase.~~

~~(a) "RO" indicates that the item is always rented.~~

~~(b) "PP" indicates that the item is always purchased.~~

~~(c) "R/P" indicates that the item is subject to the rent to purchase provision set forth in rule 5160-10-05 of the Administrative Code.~~

- (B) In order to be eligible for payment for medical supplier services rendered, a provider must either meet the conditions set forth in Chapter 4752. of the Revised Code or be exempt from licensure under Chapter 4752. of the Revised Code.
- (C) Medical supplier services must be prescribed by a ~~prescriber~~ practitioner actively involved in managing the recipient's medical care through a comprehensive plan of care that addresses the need for medical supplier services, and the medical necessity of the services must be documented in the recipient's medical record. By signing a prescription, the ordering prescriber attests to the medical necessity of the services.
- (D) The following documentation must be submitted with all requests for prior authorization:
- (1) A fully completed form ~~JFS 01913, "Certificate of Medical Necessity/Prescription; General Medical Supplies: Overage" (rev. 11/2011)~~ ODM 01913, "Certificate of Medical Necessity/Prescription; Medical Supplies" (01/2016), that is signed and dated no more than thirty days before the first date of service; and
 - (2) Any other document required or requested by the department for certain specific medical supplier services, as detailed in Chapter 5160-10 of the Administrative Code.
- (E) Requests that exceed the specified maximum for an item but do not otherwise require prior authorization must be submitted to the department for review before payment for the item will be considered.
- (F) The submitted charge for gauze pads and for items described as "wound fillers/packing" must not exceed the manufacturer's suggested list price for the item. Providers must maintain a detailed record in the recipient's file of all such items that have been dispensed and for which claims have been submitted to medicaid.

(G) ~~Providers must apply any rebate or discount to the~~ The charge submitted on a claim-
~~A "discount" is~~ must reflect any rebate or discount (a reduction in the amount
charged to a buyer for a purchase made either directly or through a wholesaler or a
group purchasing organization) received by the provider.

Notes: Procedures codes that may be eligible for payment at the time of the initial wheelchair purchase:

The procedure codes listed under "PART I: Wheelchair Parts and Accessories" that do not require prior authorization are eligible for separate reimbursement at the time of the initial wheelchair purchase if submitted on the claim.

The procedure codes listed under "PART I: Wheelchair Parts and Accessories" that require prior authorization are eligible for separate reimbursement at the time of the initial wheelchair purchase if the procedure code was specifically approved by the department.

The procedure codes listed under "Part II Wheelchair Repair and Replacement Parts" are never eligible for separate reimbursement at the time of the initial wheelchair purchase.

Procedure codes used in requesting PA for repair and replacement parts (see paragraph (J) of Rule 5101:3-10-16 for instructions).

Prior authorization of any parts requested under a miscellaneous procedure code will be denied if a recognized procedure code exists for the part in question.

The department will continue to approve all the approved parts under a single local level procedure code for wheelchair repair (See Part IV). Providers must submit the code(s) and modifier(s) approved in the PA approval letter issued by the department for reimbursement of repair or replacement parts.

Part I: WHEELCHAIR PARTS AND ACCESSORIES

Notes: The procedure codes listed under "PART I: Wheelchair Parts and Accessories" not requiring PA are eligible for separate reimbursement at the time of the initial wheelchair purchase if submitted on the claim separately and not already included in the price of the base chair or Power operated vehicle (POV) upon purchase or rental as per OAC rule 5101:10-16.

The procedure codes listed under "PART I: Wheelchair Parts and Accessories" requiring PA are eligible for separate reimbursement at the time of the initial wheelchair purchase if they are specifically approved during the PA process and are submitted on the claim separately.

The Medicaid maximum reimbursement amount for the codes listed under Part I will be used in determining the overall reimbursement of the wheelchair.

The approval for the wheelchair will indicate the codes that are to be separately billed to the department.

Valid HIPAA compliant codes that are not listed in this Appendix are considered non-covered and are not eligible for reimbursement, even under miscellaneous procedure codes.

TO BE RESCINDED

5160-10-20 **Covered orthotic and prosthetic services and associated limitations.**

Unless otherwise specified, any provider seeking reimbursement for orthotic and prosthetic services must meet the provisions contained within Chapter 4779. of the Revised Code or be exempt from licensure under section 4779.02 of the Revised Code in order to be eligible for reimbursement for services provided.

- (A) Medically necessary orthotic and prosthetic services are covered as listed in appendix A to this rule.
- (B) The allowed reimbursement amount for any orthotic or prosthetic device listed in appendix A to this rule includes, but is not limited to, the following:
 - (1) Labor;
 - (2) Casting, fitting, or measuring fees;
 - (3) Charges for travel; and
 - (4) Charges for shipping and mailing.
- (C) It is the provider's responsibility to assure that any orthotic or prosthetic device fits properly for three months from the date of dispensing. Any modifications, adjustments, or replacements within the three months are the responsibility of the provider that supplied the item and no additional charge may be made to the department or the consumer. The provision of these services by another provider will not be separately reimbursed.
- (D) "Unlisted procedure" and "not otherwise specified (NOS)" codes require complete description and itemization of charges when being submitted for prior authorization.
- (E) Coverage of repair or replacement of parts for orthotic or prosthetic devices.
 - (1) Orthotic devices.
 - (a) Prior authorization is not required for the repair or replacement of minor

parts for orthotic devices, which includes the amount for labor, when the repair or replacement of the orthotic device is less than or equal to one hundred twenty dollars with the exception listed in paragraph (F) of this rule.

- (b) Prior authorization is required for the repair or replacement of major parts for orthotic devices, which includes the amount for labor, when the repair or replacement of the orthotic device is greater than one hundred twenty dollars.
- (c) To bill for the repair of orthotic devices or the replacement of minor or major parts for orthotic devices, the provider must bill the appropriate code listed in appendix A to this rule.

(2) Prosthetic devices.

- (a) Prior authorization is not required for the repair or replacement of minor parts for prosthetic devices, which includes the amount for labor, when the repair or replacement of the prosthetic device is less than or equal to one hundred twenty dollars.
- (b) Prior authorization is required for the repair or replacement of major parts for prosthetic devices, which includes the amount for labor, when the repair or replacement of the prosthetic device is greater than one hundred twenty dollars with the exception listed in paragraph (F) of this rule.
- (c) To bill for the repair of prosthetic devices or the replacement of minor or major parts for prosthetic devices, the provider must bill the appropriate code listed in appendix A to this rule.

(3) Prior authorization is required for orthotic and prosthetic device repair or replacement less than or equal to one hundred twenty dollars when the repair or replacement of the orthotic or prosthetic device is in excess of one repair or replacement per consumer per one hundred twenty day period.

(4) Coverage and claims submission for the repair or replacement of parts for orthotic and prosthetic devices are subject to the requirements listed in paragraphs (A)(2) to (A)(12) of rule 5101:3-10-08 of the Administrative Code.

(F) For those codes listed in appendix A to this rule that are preceded by an asterisk, all

costs of repair are included in the reimbursement amount.

- (G) Preparatory prostheses will be considered for authorization when documentation is provided at the time of submission of the prior authorization. The documentation should include the reason for the amputation, the date of the amputation, and a statement of why the patient will benefit by the application of a preparatory prosthesis prior to the design of the definitive. It is recognized that not every amputee is a candidate for a preparatory prosthesis prior to the fitting of a definitive; however, he or she will be considered where unusual physical changes are anticipated or cardiovascular or other physical conditions require evaluation to determine if a patient will be successful as a user of a definitive prosthetic.
- (H) Twister (torsion) cables may be approved for only the treatment of children with neuromuscular diseases, and related diagnoses. Requests for torsion cables to treat positional deformities will not be covered by the Ohio department of job and family services (ODJFS) because of anticipated resolution that occurs with maturation.

LIST OF ORTHOTIC AND PROSTHETIC
PROCEDURES

CODE	DESCRIPTION	PA	MEDICARE	MAX. UNITS
Note:	<p>The orthotic care of scoliosis differs from other orthotic care in that the treatment is more dynamic in nature and utilizes ongoing, continual modification of the orthosis to the patient's changing condition. This coding structure uses the proper names-- or eponyms -- of the procedures because they have historic and universal acceptance in the profession. It should be recognized that variations to the basic procedures described by the founders/developers are accepted in various medical and orthotic practices throughout the country. All procedures include model of patient when indicated.</p> <p>SCOLIOSIS - CERVICAL - THORACIC - LUMBAR - SACRAL (MILWAUKEE) - L1000-L1120</p>

Orthotic devices, prosthetic devices, and related services.

(A) Providers. The following eligible providers may furnish and receive medicaid payment for an orthotic device, prosthetic device, or related service:

- (1) For an orthotic device or prosthetic device that must comply with section 4779.02 of the Revised Code, a provider enrolled in medicaid as a durable medical equipment (DME) supplier with orthotic/prosthetic specification; or
- (2) For all other items and services, a provider enrolled as a basic DME supplier.

(B) Coverage.

- (1) Coverage information about individual orthotic devices, prosthetic devices, and related items is listed in the appendix to this rule.
- (2) Payment for certain orthotic devices and prosthetic devices requires prior authorization (PA).
 - (a) A request for PA of a "not otherwise specified," "miscellaneous," or "unlisted" item or service must include a complete description of the item or service, a list of all bundled components, and an itemization of all charges.
 - (b) A request for PA of a preparatory prosthesis must include the reason for the amputation, the date of the amputation, and an explanation of the benefit to be derived from having the recipient use a preparatory prosthesis before a definitive prosthesis is designed.
- (3) The purchase of torsion cables may be authorized only for the treatment of children with neuromuscular diseases and related conditions. Requests for torsion cables to treat positional deformities will be denied because of anticipated resolution that occurs with maturation.
- (4) The repair or replacement of parts is subject to applicable requirements listed in paragraphs (A)(2) to (A)(12) of rule 5160-10-08 of the Administrative Code.
- (5) No separate payment will be made for the following items or services:
 - (a) Repairs, adjustments, or modifications that are made within ninety days after delivery, unless necessitated by major changes in the recipient's condition; and
 - (b) Labor, measuring, casting, fitting, travel by the supplier, and shipping or mailing associated with a covered orthotic device or prosthetic device.
