The Common Sense Initiative was established by Executive Order 2011-01K and placed within the Office of the Lieutenant Governor. Under the CSI Initiative, agencies should balance the critical objectives of all regulations with the costs of compliance by the regulated parties. Agencies should promote transparency, consistency, predictability, and flexibility in regulatory activities. Agencies should prioritize compliance over punishment, and to that end, should utilize plain language in the development of regulations.

Regulatory Intent

1. Please briefly describe the draft regulation in plain language.

Please include the key provisions of the regulation as well as any proposed amendments.

5101:2-42-67 Preparation of lifebook provides the requirements for Public Children Services Agencies (PCSAs) and Private Child Placing Agencies (PCPAs) to begin the preparation of a lifebook when a child remains in substitute care.

77 SOUTH HIGH STREET | 30TH FLOOR | COLUMBUS, OHIO 43215-6117

CSIOhio@governor.ohio.gov

5101:2-42-87 Termination of substitute care and custody of a child provides the requirements and for PCSAs and PCPAs in terminating substitute care and custody.

5101:2-42-88 Requirements for substitute care placement disruptions provides that PCSAs and PCPAs shall document when there is a disruption of a child in substitute care.

5101:2-42-89 Public children services agency and private child placing agency procedures when a child is receiving services or is in agency custody dies provides the requirements of PCSAs and PCPAs to have written policies and procedures when there is a child fatality.

** Although these rules are being reviewed according to their statutory five-year review requirement, all changes made at this time are non-substantive to update formatting, to make minor grammatical updates, and for clarity.

2. Please list the Ohio statute authorizing the Agency to adopt this regulation.

Rule number	Statutory Authority
5101:2-42-67	5153.16, 5103.03
5101:2-42-87	5103.03, 5153.16
5101:2-42-88	5101:03, 5153.16
5101:2-42-89	5103.03, 5153.166
5101:2-42-92	5103.03, 5153.16

3. Does the regulation implement a federal requirement? Is the proposed regulation being adopted or amended to enable the state to obtain or maintain approval to administer and enforce a federal law or to participate in a federal program? If yes, please briefly explain the source and substance of the federal requirement.

Rules 5101:2-42-67, 5101:2-42-87, 5101:2-42-88, 5101:2-42-89, 5101:2-42-92 do not implement a federal regulation and are not being amended to enable the state to obtain or maintain approval to administer and enforce a federal law or to participate in a federal program.

4. If the regulation includes provisions not specifically required by the federal government, please explain the rationale for exceeding the federal requirement.

These rules are not written as a requirement of Federal Law, nor do they exceed any Federal requirements. Each of the rules is specific to child welfare and follows state statute to ensure the safety of the children in substitute care.

5. What is the public purpose for this regulation (i.e., why does the Agency feel that there needs to be any regulation in this area at all)?

For rule 5101:2-42-67 the purpose is to require PCSAs and PCPAs to begin a “lifebook” for a child in substitute care containing information to be kept on file, shared with the child, and to accompany a child during placement. The lifebook provides information to the child on who they are, where they come from, and contains pertinent medical information.

For rule 5101:2-42-87 the purpose is to create a process for properly assessing the need for continuing or terminating custody of a child.

For rule 5101:2-42-88 the purpose is to create a process of documenting a disruption in the substitute care placement of a child and to require that information to be kept in the case record and caregiver’s record.

For rule 5101:2-42-89 the purpose is to create procedures to be taken by PCSAs and PCPSs when a child receiving services or in agency custody dies.

For rule 5101:2-42-92 the purpose is to provide guidelines to PCSAs and PCPAs regarding the schedule of visitation for a child in temporary custody.

6. How will the Agency measure the success of this regulation in terms of outputs and/or outcomes?

Outcomes will be measured against the criteria specific to the rule content.

Development of the Regulation

7. Please list the stakeholders included by the Agency in the development or initial review of the draft regulation.

If applicable, please include the date and medium by which the stakeholders were initially contacted.

The rules were presented to several interest groups including Ohio Association of Child Caring Agencies (OACCA), the Ohio Family Care Association (OFCA), representatives from county agencies and the Ohio Council of Behavioral Health and Family Services Providers. These interest groups were part of the Midwest Child Welfare Implementation Center (MCWIC) meetings that OFC conducted during 2012. The meetings were held in person and also allowed for online input toward rule suggestions and changes. The group discussed and came to conclusions on each rule. The rules also went through the clearance process on February 15, 2013. There were a few comments made and responses were provided to the stakeholders. No additional questions were received.

8. What input was provided by the stakeholders, and how did that input affect the draft regulation being proposed by the Agency?

The rules were reviewed and revised with the interested parties' involvement and at that time language was developed that was agreeable to all. Through the clearance comment process, ten revisions were made by internal review, all but one of the changes were made within this packet.

9. What scientific data was used to develop the rule or the measurable outcomes of the rule? How does this data support the regulation being proposed?

77 SOUTH HIGH STREET | 30TH FLOOR | COLUMBUS, OHIO 43215-6117

CSIOhio@governor.ohio.gov

Not applicable.

10. What alternative regulations (or specific provisions within the regulation) did the Agency consider, and why did it determine that these alternatives were not appropriate? If none, why didn't the Agency consider regulatory alternatives?

There were no other alternatives considered for rules 5101:2-42-67, 5101:2-42-87, 5101:2-42-88, 5101:2-42-89, 5101:2-42-92 as all parties involved were satisfied with the rules and because the rules are driven by statute.

11. Did the Agency specifically consider a performance-based regulation? Please explain. Performance-based regulations define the required outcome, but *don't dictate the process* the regulated stakeholders must use to achieve compliance.

ODJFS did not consider a performance based initiative, but rather followed statutory language prescribing that the department set standards to ensure every institution and association that receives, or desires to receive and care for children, or places children in private homes is effectively and appropriately administering proper standards for safety. ODJFS also, according to statute, must be satisfied as to the care given such children, and that the requirements of the statutes and rules covering the management of such institutions and associations are being complied with. These rules are also specific because the safety of the children in care dictates a specified process to ensure compliance.

12. What measures did the Agency take to ensure that this regulation does not duplicate an existing Ohio regulation?

There is no duplication as the rules are specific to substitute care agencies and no other rules address these specific issues. These rules were reviewed by the legal staff at ODJFS prior to the clearance process to ensure they do not duplicate any existing Ohio regulations.

13. Please describe the Agency's plan for implementation of the regulation, including any measures to ensure that the regulation is applied consistently and predictably for the regulated community.

The rules do not prescribe anything that would not be applied consistently. ODJFS licensing specialists review the agencies to ensure the regulations are applied consistently and they offer technical assistance in areas of inconsistency.

14. Adverse Impact to Business

Provide a summary of the estimated cost of compliance with the rule. Specifically, please do the following:

- a. Identify the scope of the impacted business community;**
- b. Identify the nature of the adverse impact (e.g., license fees, fines, employer time for compliance); and**

77 SOUTH HIGH STREET | 30TH FLOOR | COLUMBUS, OHIO 43215-6117

CSIOhio@governor.ohio.gov

c. Quantify the expected adverse impact from the regulation.

The adverse impact can be quantified in terms of dollars, hours to comply, or other factors; and may be estimated for the entire regulated population or for a “representative business.” Please include the source for your information/estimated impact.

The rules of the Administrative Code in Chapter 5101:2-42 contain requirements for substitute care agencies that include public and private agencies. For all rules, requirements must be met to obtain and/or maintain certification.

The adverse impact involves:

5101:2-42-67 – The timeframe for preparing a “lifebook” and completing updates every six months.

5101:2-42-87 – The timeframe for completing forms JFS 01404 and JFS 01645.

5101:2-42-88 – The timeframe for documenting into the case record a disruption of a child’s substitute care placement.

5101:2-42-89 – The timeframe for completing form JFS 01987.

5101:2-42-92 – The timeframe for reviewing for JF 1413 to assist in decisions to guide the frequency, duration and location of visits or to determine the level of supervision needed during visits.

15. Why did the Agency determine that the regulatory intent justifies the adverse impact to the regulated business community?

To ensure the safety of children in substitute care, any adverse impact these rules may impose is necessary.

**None of the non-substantive updates made at this time will impose adverse impact on PCPAs.

Regulatory Flexibility

16. Does the regulation provide any exemptions or alternative means of compliance for small businesses? Please explain.

For rules contained in this BIA, there are no alternative means of compliance.

17. How will the agency apply Ohio Revised Code section 119.14 (waiver of fines and penalties for paperwork violations and first-time offenders) into implementation of the regulation?

For rules 5101:2-42-67, 5101:2-42-87, 5101:2-42-88, 5101:2-42-89, 5101:2-42-92 there are no fines or civil penalties for noncompliance other than the forfeiture of certification through denial or revocation.

18. What resources are available to assist small businesses with compliance of the regulation?

ODJFS has a regional office with a licensing specialist that will be assigned to assist the agency

77 SOUTH HIGH STREET | 30TH FLOOR | COLUMBUS, OHIO 43215-6117

CSIOhio@governor.ohio.gov

in the entire application process including assistance with the proper information required by this rule if the agency chooses to use a certification to meet Ohio requirements.
