MEMORANDUM

To: Cory Bailey, Regulatory Policy Advocate
Lt. Governor's Office

From: Mike Bailey, Chief *MDB*
ODNR, Division of Soil and Water Resources

Date: October 28, 2015

Subject: CSI Review – Agricultural Pollution Abatement Draft Rules

Thank you for your thorough review and analysis of the Division of Soil and Water Resources (DSWR) draft Agricultural Pollution Abatement rules. The Common Sense Initiative (CSI) review memorandum states that the rules have been sufficiently justified and, as CSI has no recommendations regarding these rules, the Ohio Department of Natural Resources may proceed with their formal filing.

At this time, it is the DSWR's plan to move forward with the original filing of these rules with the Joint Committee on Agency Rule Review. If you have any questions, please contact Kirk Hines at 614-265-6617.

Cc: Erik Mikkelsen, Legislative Liaison – ODNR
Brock Miskimen, Deputy Legal Counsel – ODNR
Andy Ware, Deputy Director – ODNR
Kirk Hines, Deputy Chief – ODNR, DSWR
