The Common Sense Initiative was established by Executive Order 2011-01K and placed within the Office of the Lieutenant Governor. Under the CSI Initiative, agencies should balance the critical objectives of all regulations with the costs of compliance by the regulated parties. Agencies should promote transparency, consistency, predictability, and flexibility in regulatory activities. Agencies should prioritize compliance over punishment, and to that end, should utilize plain language in the development of regulations.

### **Regulatory Intent**

**1. Please briefly describe the draft regulation in plain language.**

**Please include the key provisions of the regulation as well as any proposed amendments.**

Federal regulations in Section 1923 of the Social Security Act require that each state have a Disproportionate Share Hospital (DSH) program to recognize and make payments to qualifying hospitals that offset the cost of Medicaid Shortfall and the cost of care to the uninsured. While Section

**[CSIOhio@governor.ohio.gov](mailto:CSIOhio@governor.ohio.gov)**

1923 requires a DSH program and provides guidance, it does not specify a complete operational methodology. In partnership with the stakeholders, ODM has developed a DSH program and distribution methodology. ODM has chosen to call our DSH program the Hospital Care Assurance Program (HCAP). Throughout this document, when responding to questions that refer to the federal regulations, we have used the term “Disproportionate Share Hospital” or “DSH” and when responding to questions about the OAC rules in this BIA, we have used the term “Hospital Care Assurance Program” or “HCAP.”

**Rule 5160-2-08.1** describes the calculation used to determine the assessment rate applied to all hospitals. The rule is being proposed for amendment to establish the assessment rates and the cost levels that fund HCAP for the 2015 program year. The amendment updates paragraph (B) to specify to which program year(s) the rule applies and allows Ohio to access additional Federal funds. Paragraph (C) establishes an assessment rate of 0.8580121% of a hospital’s adjusted total facility costs up to \$216,372,500 and 0.668% for any amount in excess of \$216,372,500. In addition, the rule is being proposed in order to comply with Ohio’s five-year rule review requirements, which includes updates of references to sections of the Ohio Administrative Code and to the Ohio Revised Code.

**Rule 5160-2-09** This rule sets forth the distribution formula for the payment policies for DSH in the 2015 program year. This rule is being proposed for amendment to update the distribution formula for payment policies for DSH for use in program year 2015 and to update the predetermined percentage of the total funds available for distribution allocated to each of the seven payment policy pools.

OAC 5160-2-08 is being updated as part of the 5 year review requirement. The rule is included for informational purposes only.

**2. Please list the Ohio statute authorizing the Agency to adopt this regulation.**

5164.02, 5168.02, 5168.06

**3. Does the regulation implement a federal requirement? Is the proposed regulation being adopted or amended to enable the state to obtain or maintain approval to administer and enforce a federal law or to participate in a federal program?**

**If yes, please briefly explain the source and substance of the federal requirement.**

Yes, this regulation implements a federal requirement and allows the state to participate in a federal program. As the state Medicaid agency, the Department is required by Section 1923 of the Social Security Act to implement DSH payments to help offset the cost of Medicaid shortfall and the cost of care to the uninsured population that is incurred by hospitals.

**4. If the regulation includes provisions not specifically required by the federal government, please explain the rationale for exceeding the federal requirement.**

Section 1923 of the Social Security Act requires states to implement a DSH program and make additional payments to hospitals, but the federal statutes provide states with broad

[CSIOhio@governor.ohio.gov](mailto:CSIOhio@governor.ohio.gov)

flexibility in distributing payments. Therefore, these rules specify requirements and regulations for Ohio's HCAP program.

**5. What is the public purpose for this regulation (i.e., why does the Agency feel that there needs to be any regulation in this area at all)?**

The public purpose of these regulations is to provide hospitals with additional funds to offset the cost of Medicaid shortfall and the cost of care to the uninsured. Without these regulations, hospitals that have a high volume of uninsured and/or Medicaid patients may struggle to maintain services to the general public.

**6. How will the Agency measure the success of this regulation in terms of outputs and/or outcomes?**

The success of this regulation in terms of outputs is determined by the distribution of \$609.2 million to hospitals in each program year. The distributed amount is used to offset the Medicaid shortfall and the cost of care to the uninsured.

**Development of the Regulation**

**7. Please list the stakeholders included by the Agency in the development or initial review of the draft regulation.**

**If applicable, please include the date and medium by which the stakeholders were initially contacted.**

The Ohio Hospital Association (OHA) took part in the development of these regulations. The OHA submitted to the Department its recommendations for updates for the 2015 program year. This rule package as drafted implements OHA's recommendations.

**8. What input was provided by the stakeholders, and how did that input affect the draft regulation being proposed by the Agency?**

On December 17, 2014, OHA submitted a proposal to the Department to update the distribution formula in rule 5160-2-09 so that it reflects more current hospital data and to update the predetermined percentage of the total funds available for distribution allocated to each pool. The Department accepted OHA's proposal, which is incorporated into these regulations.

**9. What scientific data was used to develop the rule or the measurable outcomes of the rule? How does this data support the regulation being proposed?**

Financial data reported by hospitals to the Department of Medicaid on the Hospital Cost Report (ODM 02930) is used to develop the assessments rates and also used to measure hospitals' reported cost levels for their uncompensated care burden in relation to all other hospitals' uncompensated care costs.

[CSIOhio@governor.ohio.gov](mailto:CSIOhio@governor.ohio.gov)

**10. What alternative regulations (or specific provisions within the regulation) did the Agency consider, and why did it determine that these alternatives were not appropriate? If none, why didn't the Agency consider regulatory alternatives?**

None. Section 5168.06 of the Revised Code is very specific about the program, including how the assessment rates are to be established and the schedule for assessments.

**11. Did the Agency specifically consider a performance-based regulation? Please explain *Performance-based regulations define the required outcome, but don't dictate the process the regulated stakeholders must use to achieve compliance.***

No, the Department did not specifically consider a performance-based regulation. These rules were developed to comply with the requirements of Section 5168.06 of the Revised Code.

**12. What measures did the Agency take to ensure that this regulation does not duplicate an existing Ohio regulation?**

These rules were developed specifically for the HCAP program and were reviewed by the Bureau of Health Plan Policy, Department of Medicaid and ODM Legal Services to ensure that duplication does not exist.

**13. Please describe the Agency's plan for implementation of the regulation, including any measures to ensure that the regulation is applied consistently and predictably for the regulated community.**

As described in 5160-2-08.1, the Department assesses all hospitals in Ohio. The assessment is designed to be two tiered, assessing a fixed rate on hospital costs up to a set threshold and then a separate rate for those costs above the threshold, thereby making the implementation of the assessment consistent and predictable for all hospitals. In addition, the financial model used to determine the assessment rates is examined in great detail for accuracy by the Department and OHA. In accordance with Section 5168.08 of the Revised Code, a hospital may seek reconsideration of its assessment amount, and a public hearing is held for any hospital to have the opportunity to ask for reconsideration; these rules set forth the process for such requests.

Rule 5160-2-09 distributes the HCAP funds to hospitals. The distribution is comprised of several policy pools that are each designed to distribute a portion of the total available HCAP funds using a specific measure, such as Medicaid Shortfall, to calculate the distribution of that policy pool. The amount distributed from each policy pool to a specific hospital is based on a hospital's proportion of the specific measure for that policy pool compared to the state wide total for the policy pool. Due to the proportional relationship in each policy pool, a single hospital cannot fully predict the outcome because it does not have all of the state wide data available to complete the calculations. Recognizing this fact the Department and OHA jointly

publish preliminary distribution models several times during the program year. Thus allowing hospitals to get a sense of total HCAP distribution that will be awarded to each hospital.

### **Adverse Impact to Business**

**14. Provide a summary of the estimated cost of compliance with the rule. Specifically, please do the following:**

**a. Identify the scope of the impacted business community;**

OAC rule 5160-2-08.1 imposes a HCAP assessment on all Ohio hospitals.

**b. Identify the nature of the adverse impact (e.g., license fees, fines, employer time for compliance); and**

All hospitals are expected to pay the assessment on or before the specified dates. Failure to comply results in a penalty as required by OAC rule 5160-2-09.

**c. Quantify the expected adverse impact from the regulation.**

**The adverse impact can be quantified in terms of dollars, hours to comply, or other factors; and may be estimated for the entire regulated population or for a “representative business.” Please include the source for your information/estimated impact.**

OAC rule 5160-2-08.1 requires acute care hospitals to pay an assessment of 0.8580121% of their adjusted total facility costs up to \$216,372,500 and 0.668 % for any amount in excess of \$216,372,500. Hospitals will be required to pay approximately \$7.9 million more than was needed to fund HCAP 2014; this is due to an increase in Ohio's federal allotment. However, these funds will be used to make DSH payments to acute care hospitals totaling \$609.3 million through OAC rule 5160-2-09, and will outweigh the total assessments paid by the hospitals.

With regards to the penalty – we anticipate that hospitals will comply with the assessment due dates of the assessment and thus will not be subject to any penalties.

**15. Why did the Agency determine that the regulatory intent justifies the adverse impact to the regulated business community?**

These regulations will provide approximately \$381.6 million in federal funds to Ohio, which will be distributed to Ohio hospitals to help mitigate some of their uncompensated care costs.

### **Regulatory Flexibility**

**16. Does the regulation provide any exemptions or alternative means of compliance for small businesses? Please explain.**

No. Compliance is required by the Revised Code.

[CSIOhio@governor.ohio.gov](mailto:CSIOhio@governor.ohio.gov)

**17. How will the agency apply Ohio Revised Code section 119.14 (waiver of fines and penalties for paperwork violations and first-time offenders) into implementation of the regulation?**

Not applicable.

**18. What resources are available to assist small businesses with compliance of the regulation?**

**Questions** may be directed to the Hospital Services Section ([Hospital\\_Policy@medicaid.ohio.gov](mailto:Hospital_Policy@medicaid.ohio.gov)) of ODM.

## 5160-2-08.1 Assessment rates.

The provisions of this rule are applicable for the program year(s) specified in this rule for all hospitals as defined under section 5168.01 of the Revised Code.

### (A) Applicability.

The requirements of this rule apply as long as the United States centers for medicare and medicaid services (CMS) determines that the assessment imposed under section ~~5168.01~~[5168.06](#) of the Revised Code is a permissible health care related tax. Whenever the department of medicaid is informed that the assessment is an impermissible health care-related tax, the department shall promptly refund to each hospital the amount of money currently in the hospital care assurance match fund that has been paid by the hospital, plus any investment earnings on that amount.

(B) The program years to which this rule applies are identified in paragraphs (B)(1) and (B)(2) of this rule. When the department is notified by the centers for medicare and medicaid services that an additional disproportionate share allotment is available for a prior program year, the department may amend the assessment rates for the prior program year.

- (1) The assessment rates applicable to the program year that ends in calendar year ~~2014~~[2015](#) are specified in paragraph (C) of this rule.
- (2) The revised assessment rates applicable to the program year that ends in calendar year 2012 are specified in paragraph (D) of this rule.

### (C) Calculation of assessment amounts.

The calculations described in this rule will be based on cost-reporting data described in rule 5160-2-23 of the Administrative Code that reflect the most recently completed interim settled medicaid cost report for all hospitals. For non-medicaid participating hospitals, the calculations shall be based on the most recent as-filed medicare cost report.

The assessment is calculated as follows:

- (1) Determine each hospital's adjusted total facility costs as the amount calculated in paragraph ~~(A)(18)~~[\(A\)\(17\)](#) of rule 5160-2-08 of the Administrative Code.
- (2) For hospitals with adjusted total facility costs, as described in paragraph (C)(1) of this rule, that are less than or equal to \$216,372,500, multiply the hospital's adjusted total facility costs as described in paragraph (C)(1) of this rule by ~~0.008401502~~[0.008580121](#). The product will be each hospital's assessment amount. For hospitals with adjusted total facility costs, as described in paragraph (C)(1) of this rule, that are greater than \$216,372,500, multiply a factor of ~~0.008401502~~[0.008580121](#) times the hospital's adjusted total facility costs as described in paragraph (C)(1) of this rule, up to \$216,372,500. Multiply a factor of ~~0.00663~~[0.00668](#) times the hospital's adjusted total facility costs as described in paragraph (C)(1) of this rule, that are in excess of \$216,372,500. The sum of the two products will be each hospital's assessment amount.
- (3) The assessment amounts calculated in paragraph (C)(2) of this rule are subject to adjustment under the

**\*\*\*DRAFT - NOT FOR FILING\*\*\***

provisions of paragraph (F) of this rule.

(D) For the program year specified in paragraph (B)(2) of this rule, the assessment rates specified in rule 5160-2-08.1 of the Administrative Code, effective February 21, 2013 are revised in paragraphs (D)(1) to (D)(3) of this rule.

(1) The original adjusted total facility cost threshold of \$216,372,500 is unchanged.

(2) The original tier one assessment rate of 0.0083966197575 is increased to 0.0084222.

(3) The original tier two assessment rate of 0.006 is unchanged.

(E) Determination of intergovernmental transfer amounts.

The department may require governmental hospitals, as described in paragraph (A)(2) of rule 5160-2-08 of the Administrative Code, to make intergovernmental transfers each program year.

The department shall notify each governmental hospital of the amount of the intergovernmental transfer it is required to make during the program year.

Each governmental hospital shall make intergovernmental transfers in periodic installments, executed by electronic funds transfer.

(F) Notification and reconsideration procedures.

(1) The department shall mail by certified mail, return receipt requested, the results of the determinations made under paragraph (C) of this rule to each hospital. If no hospital submits a request for reconsideration as described in paragraph (F)(2) of this rule, the preliminary determinations constitute the final reconciliation of the amounts that each hospital must pay under this rule.

(2) Not later than fourteen days after the department mails the preliminary determinations as described in paragraph (C) of this rule, any hospital may submit to the department a written request for reconsideration of the preliminary determination made under paragraph (C) of this rule. The request must be accompanied by written materials setting forth the basis for the reconsideration.

If one or more hospitals submit such a request, the department shall hold a public hearing in Columbus, Ohio not later than thirty days after the preliminary determinations have been mailed by the department for the purpose of reconsidering its preliminary determinations. The department shall mail written notice of the date, time, and place of the hearing to every hospital at least ten days before the date of the hearing.

On the basis of the evidence submitted to the department or presented at the public hearing, the department shall reconsider and may adjust the preliminary determinations. The result of the reconsideration is the final reconciliation of the amounts that each hospital must pay under the provisions of this rule.

(3) The department shall mail each hospital written notice of the amount it must pay under the final reconciliation as soon as practical. Any hospital may appeal the amount it must pay to the court of common pleas of Franklin county.

(4) In the course of any program year, the department may adjust the assessment rate defined in paragraph (C) of this rule or adjust the amount of the intergovernmental transfers required under paragraph (E) of this

**\*\*\*DRAFT - NOT FOR FILING\*\*\***

rule, and, as a result of the adjustment, adjust each hospital's assessment and intergovernmental transfer, to reflect refinements made by the CMS during that program year.

(B) Applicability.

The requirements of this rule apply as long as CMS determines that the assessment imposed under section 5168.06 of the Revised Code is a permissible health care related tax. Whenever the department of medicaid is informed that the assessment is an impermissible health care-related tax, the department shall promptly refund to each hospital the amount of money currently in the hospital care assurance program fund that has been paid by the hospital, plus any investment earnings on that amount.

(C) Source data for calculations.

- (1) The calculations described in this rule will be based on cost-reporting data described in paragraph (B)(1) of rule 5160-2-08 of the Administrative Code.
- (2) For new hospitals, the first available cost report filed with the department in accordance with rule 5160-2-23 of the Administrative Code will be used until a cost report that meets the requirements of this paragraph is available. If, for a new hospital, there is no available or valid cost report filed with the department, the hospital will be excluded until valid data is available.

Cost reports for hospitals involved in mergers during the program year that result in the hospitals using one provider number will be combined and annualized by the department to reflect one full year of operation.

(3) Closed hospitals with unique medicaid provider numbers.

For a hospital facility, identifiable to a unique medicaid provider number, that closes during the program year defined in paragraph (A) of rule 5160-2-08 of the Administrative Code, the cost report data used shall be adjusted to reflect the portion of the year the hospital was open during the current program year. That partial year data shall be used to determine the distribution to that closed hospital. The difference between the closed hospital's distribution based on the full year cost report and the partial year cost report shall be redistributed

to the remaining hospitals in accordance with paragraph (G) of this rule.

For a hospital facility identifiable to a unique medicaid provider number that closed during the immediate prior program year, the cost report data shall be used to determine the distribution that would have been made to that closed hospital. This amount shall be redistributed to the remaining hospitals in accordance with paragraph (G) of this rule.

(4) Replacement hospital facilities.

If a new hospital facility is opened for the purpose of replacing an existing (original) hospital facility identifiable to a unique medicaid provider number and the original facility closes during the program year defined in paragraph (A) of rule 5160-2-08 of the Administrative Code, the cost report data from the original facility shall be used to determine the distribution to the new replacement facility if the following conditions are met:

- (a) Both facilities have the same ownership,
- (b) There is appropriate evidence to indicate that the new facility was constructed to replace the original facility,
- (c) The new replacement facility is so located as to serve essentially the same population as the original facility, and
- (d) The new replacement facility has not filed a cost report for the current program year.

For a replacement hospital facility that opened in the immediate prior program year, the distribution for that facility will be based on the cost report data for that facility and the cost report data for the original facility, combined and annualized by the department to reflect one full year of operation.

(5) Hospitals that have changed ownership.

For a change of ownership that occurs during the program year, the cost reporting data filed by the previous owner that reflects that hospital's most recent completed interim settled medicaid cost report shall be annualized to reflect one full year of operation. The data will be allocated to each owner based on the number of days in the program year the hospital was owned.

For a change of ownership that occurred in the previous program year, the cost reporting data filed by the previous owner that reflects that hospital's

most recent completed interim settled medicaid cost report and the cost reporting data filed by the new owner that reflects that hospital's most recent completed interim settled medicaid cost report, will be combined and annualized by the department to reflect one full year of operation. If there is no available or valid cost report from the previous owner, the department shall annualize the cost report from the new owner to reflect one full year of operation.

- (6) Cost report data used in the calculations described in this rule will be the cost report data described in this paragraph subject to any adjustments made upon departmental review prior to final determination that is completed each year and subject to the provisions of rule 5160-2-08 of the Administrative Code.

(D) Determination of indigent care pool.

- (1) The "indigent care pool" means the sum of the following:

- (a) The total assessments paid by all hospitals less the ~~assessments~~assessment deposited into ~~the legislative budget services fund and~~ the health care services administration fund described in rule 5160-2-08 of the Administrative Code.
- (b) The total amount of intergovernmental transfers required to be made by governmental hospitals less the amount of ~~transfers~~the transfer deposited into ~~the legislative budget services fund and~~ the health care services administration fund described in rule 5160-2-08 of the Administrative Code.
- (c) The total amount of federal matching funds that will be made available to general acute care hospitals in the same program year as a result of the state's disproportionate share limit payment allotment determined by the ~~United States center for medicare and medicaid services (CMS)~~CMS for that program year.

- (2) The funds available in the indigent care pool shall be distributed through policy payment pools in accordance with paragraphs (E) to (I) of this rule. Policy payment pools shall be allocated a percentage of the indigent care pool as described in paragraphs (D)(2)(a) to (D)(2)(~~f~~)(e) of this rule.

(a) High federal disproportionate share hospital pool: 12.00 per cent.

(b) Medicaid indigent care pool: ~~60.38~~ 66.71 per cent.

(c) Disability assistance medical and uncompensated care pool below one hundred per cent of poverty: ~~16.88~~10.55 per cent.

(d) Critical access and rural hospitals: 8.76 per cent.

(e) Children's hospitals: 1.98 per cent.

(E) Distribution of funds through the indigent care payment pools.

The funds are distributed among the hospitals according to indigent care payment pools described in paragraphs (E)(1) to (E)(3) of this rule.

(1) Hospitals meeting the high federal disproportionate share hospital definition described in paragraph (A)(20) of this rule shall receive funds from the high federal disproportionate share indigent care payment pool.

(a) For each hospital that meets the high federal disproportionate share definition, calculate the ratio of the hospital's total FFS medicaid costs and total medicaid MCP costs to the sum of total FFS medicaid costs and total medicaid MCP costs for all hospitals that meet the high federal disproportionate share definition.

(b) For each hospital that meets the high federal disproportionate share definition, multiply the ratio calculated in paragraph (E)(1)(a) of this rule by the amount allocated in paragraph (D)(2)(a) of this rule to determine each hospital's high federal disproportionate share hospital payment amount, subject to the following limitations:

(i) If the hospital's payment amount calculated in paragraph (E)(1)(b) of this rule is greater than or equal to its hospital-specific disproportionate share limit defined in paragraph (A)(31) of this rule, the hospital's high federal disproportionate share hospital payment is the amount defined in paragraph (A)(31).

(ii) If the hospital's payment amount calculated in (E)(1)(b) of this rule is less than its hospital-specific disproportionate share limit defined in paragraph (A)(31) of this rule, the hospital's high federal disproportionate share hospital payment is equal to the amount in paragraph (E)(1)(b) of this rule and any additional amount provided by paragraph (E)(1)(b)(iv) of this rule.

- (iii) If the hospital-specific disproportionate share limit defined in paragraph (A)(31) of this rule is equal to or less than zero, the hospital's high federal disproportionate share hospital payment is equal to zero.
- (iv) For hospitals whose high federal disproportionate share hospital payment is set at the disproportionate share limit defined in paragraph (A)(31) of this rule, calculate each hospital's limited payment by subtracting the amount defined in paragraph (A)(31) of this rule from the amount determined in paragraph (E)(1)(b) of this rule and sum these amounts for all limited hospital(s). Subtract the sum of the limited payments from the amount allocated in paragraph (D)(2)(a) of this rule and repeat the distribution described in paragraph (E)(1) of this rule until all remaining funds for this pool are expended.

(2) Hospitals shall receive funds from the medicaid indigent care payment pool.

- (a) For each hospital, subtract the amount distributed in paragraph (E)(1) of this rule from the hospital-specific disproportionate share limit defined in paragraph (A)(31) of this rule.
- (b) For all hospitals, sum the amounts calculated in paragraph (E)(2)(a) of this rule.
- (c) For each hospital, calculate the ratio of the amount in paragraph (E)(2)(a) of this rule to the amount in paragraph (E)(2)(b) of this rule.
- (d) For each hospital, multiply the ratio calculated in paragraph (E)(2)(c) of this rule by the amount allocated in paragraph (D)(2)(b) of this rule to determine each hospital's medicaid indigent care payment amount subject to the following limitations:
  - (i) If the sum of a hospital's payment amounts calculated in paragraph (E)(1) of this rule is greater than or equal to its hospital-specific disproportionate share limit defined in paragraph (A)(31) of this rule, the hospital's medicaid indigent care payment pool amount is equal to zero.
  - (ii) If the sum of a hospital's payment amounts calculated in paragraphs (E)(1) and (E)(2)(d) of this rule is less than its hospital-specific disproportionate share limit defined in paragraph (A)(31) of this

rule, then the payment is equal to the amount in paragraph (E)(2)(d) of this rule and any amount provided by paragraph (E)(2)(d)(iv) of this rule.

(iii) If the sum of a hospital's payment amounts calculated in paragraphs (E)(1) and (E)(2)(d) of this rule is greater than its hospital-specific disproportionate share limit defined in paragraph (A)(31) of this rule, then the payment is equal to the difference between the hospital-specific disproportionate share limit defined in paragraph (A)(31) of this rule and the amount calculated in paragraph (E)(1) of this rule.

(iv) If any hospital is limited as described in paragraph (E)(2)(d)(iii) of this rule, calculate each hospital's limited payment by subtracting the amount defined in paragraph (A)(31) of this rule from the amount determined in paragraph (E)(2)(d) of this rule and sum these amounts for all limited hospital(s). Subtract the sum of the limited payments from the amount allocated in paragraph (D)(2)(b) of this rule and repeat the distribution described in paragraph (E)(2) of this rule until all remaining funds for this pool are expended.

(v) For all hospitals, sum the amounts calculated in paragraph (E)(2)(d) of this rule. This amount is the hospital's medicaid indigent payment amount.

(3) Hospitals shall receive funds from the disability assistance medical and uncompensated care indigent care payment pool.

(a) For each hospital, sum total disability assistance medical costs defined in paragraph (A)(12) of this rule and total uncompensated care costs under one hundred per cent defined in paragraph (A)(13) of this rule. For hospitals with total negative disability assistance and uncompensated care costs, the resulting sum is equal to zero.

(b) For all hospitals, sum the amounts calculated in paragraph (E)(3)(a) of this rule.

(c) For each hospital, calculate the ratio of the amount in paragraph (E)(3)(a) of the rule to the amount in paragraph (E)(3)(b) of this rule.

(d) For each hospital, multiply the ratio calculated in paragraph (E)(3)(c) of

this rule by the amount allocated in paragraph (D)(2)(c) of this rule to determine each hospital's disability assistance medical and uncompensated care under one hundred per cent payment, subject to the following limitations:

- (i) If the sum of a hospital's payment amounts calculated in paragraphs (E)(1) and (E)(2) of this rule is greater than or equal to its hospital-specific disproportionate share limit defined in paragraph (A)(31) of this rule, the hospital's disability assistance medical and uncompensated care under one hundred per cent payment amount is equal to zero.
- (ii) If the sum of a hospital's payment amount calculated in paragraphs (E)(1) and (E)(2) of this rule and the amount calculated in paragraph (E)(3)(d) of this rule is less than its hospital-specific disproportionate share limit defined in paragraph (A)(31) of this rule, the hospital's disability medical and uncompensated care under one hundred per cent payment amount is equal to the amount calculated in paragraph (E)(3)(d) of this rule and any amount provided by paragraph (E)(3)(d)(iv) of this rule.
- (iii) If a hospital does not meet the condition described in paragraph (E)(3)(d)(i) of this rule, and the sum of its payment amounts calculated in paragraphs (E)(1) and (E)(2) of this rule and the amount calculated in paragraph (E)(3)(d) of this rule is greater than its hospital-specific disproportionate share limit defined in paragraph (A)(31) of this rule, the hospital's disability medical and uncompensated care under one hundred per cent payment amount is equal to the difference between the hospital's disproportionate share limit and the sum of the payment amounts calculated in paragraphs (E)(1) and (E)(2) of this rule.
- (iv) If any hospital is limited as described in paragraph (E)(3)(d)(iii) of this rule, calculate each hospital's limited payment by subtracting the amount defined in paragraph (A)(31) of this rule from the amount determined in paragraph (E)(3)(d) of this rule and sum these amounts for all limited hospital(s). Subtract the sum of the limited payments from the amount allocated in paragraph (D)(2)(c) of this rule and repeat the distribution described in paragraph (E)(3) of this rule until all funds for this pool are expended.
- (e) For each hospital, sum the amount calculated in paragraph (E)(3)(d) of

this rule. This amount is the hospital's disability assistance medical and uncompensated care indigent care payment amount.

(F) Distribution of funds through the rural and critical access payment pools.

The funds are distributed among the hospitals according to rural and critical access payment pools described in paragraphs (F)(1) to (F)(2) of this rule.

(1) Hospitals meeting the definition described in paragraph (A)(30) of this rule, shall receive funds from the critical access hospital (CAH) payment pool.

(a) For each hospital with CAH certification, calculate the remaining hospital-specific disproportionate share limit by subtracting the amounts calculated in paragraphs (E)(1), (E)(2) and (E)(3) of this rule from the amount described in paragraph (A)(31) of this rule.

(b) For each hospital with CAH certification:

(i) Calculate the ratio of each CAH hospital's remaining hospital-specific disproportionate share limit as described in ~~paragraph~~paragraph (F)(1)(a) of this rule to the total remaining hospital-specific disproportionate share limit for all CAH hospitals.

(ii) For each CAH hospital, multiply the ratio calculated in paragraph (F)(1)(b)(i) of this rule by 38.81 per cent of the amount allocated in paragraph (D)(2)(d) of this rule to determine each hospital's CAH payment amount.

(c) For all hospitals with CAH certification, sum the amounts calculated in paragraph (F)(1)(b) of this rule.

(d) For each hospital with CAH certification, if the amount described in paragraph (F)(1)(a) of this rule is equal to zero, the hospital shall be included in the RAH payment pool described in paragraph (F)(2)(a) of this rule.

(2) Hospitals meeting the definition described in paragraph (A)(29) of this rule but do not meet the definition described in paragraph (A)(30) of this rule, shall receive funds from the rural access hospital RAH payment pool.

- (a) For each hospital with RAH classification, as qualified by paragraphs (F)(2) and (F)(1)(d) of this rule, sum the hospital's total payments allocated in paragraphs (E)(1)(b), (E)(2)(d), and (E)(3)(e) of this rule.
  - (b) For each hospital with RAH classification, as qualified by paragraphs (F)(2) and (F)(1)(d) of this rule subtract the amount calculated in paragraph (F)(2)(a) of this rule, from the amount calculated in paragraph (A)(31) of this rule. If this difference for the hospital is negative, then for the purpose of this calculation set the difference equal to zero.
  - (c) For all hospitals with RAH classification, as qualified by paragraphs (F)(2) and (F)(1)(d) of this rule, sum the amounts calculated in paragraph (F)(2)(b) of this rule.

  - (f) For each hospital with RAH classification, as qualified by paragraphs (F)(2) and (F)(1)(d) of this rule, multiply the ratio calculated in paragraph (F)(2)(d) of this rule, by the amount calculated in paragraph (F)(2)(e) of this rule, to determine each hospital's rural access hospital payment pool amount.
  - (g) For each hospital, sum the amount calculated in paragraph (F)(1)(b) of this rule, and the amount calculated in paragraph (F)(2)(f) of this rule. This amount is the hospital's rural and critical access payment amount.
- (G) Distribution of funds through the county redistribution of closed hospitals payment pools.

If funds are available in accordance with paragraph (C) of this rule, the funds are distributed among the hospitals according to the county redistribution of closed hospitals payment pools described in paragraphs (G)(1) to (G)(3) of this rule.

- (1) If a hospital facility that is identifiable to a unique medicaid provider number closes during the current program year, the payments that would have been made to that hospital under paragraphs (E), (F), (H), and (I) of this rule for

the portion of the year it was closed, less any amounts that would have been paid by the closed hospital under provisions of rules 5160-2-08 and 5160-2-08.1 of the Administrative Code for the portion of the year it was closed, shall be distributed to the remaining hospitals in the county where the closed hospital is located. If another hospital does not exist in such a county, the funds shall be distributed to hospitals in bordering counties within the state.

For each hospital identifiable to a unique medicaid provider number that closed during the immediate prior program year, the payments that would have been made to that hospital under paragraphs (E), (F), (H), and (I) of this rule, less any amounts that would have been paid by the closed hospital under provisions of rules 5160-2-08 and 5160-2-08.1 of the Administrative Code, shall be distributed to the remaining hospitals in the county where the closed hospital was located. If another hospital does not exist in such a county, the funds shall be distributed to hospitals in bordering counties within the state.

If the closed hospital's payments under paragraphs (E), (F), (H), and (I), of this rule does not result in a net gain, nothing shall be redistributed under paragraphs (G)(2) and (G)(3) of this rule.

(2) Redistribution of closed hospital funds within the county of closure.

- (a) For each hospital within a county with a closed hospital as described in paragraph (G)(1) of this rule, sum the amount calculated in paragraph (E)(3)(a) of this rule, if the sum of a hospital's total payments calculated in paragraphs (E)(1), (E)(2), (E)(3), (F)(1), and (F)(2) of this rule does not exceed the hospital's disproportionate share limit defined in paragraph (A)(31) of this rule.
- (b) For all hospitals within a county with a closed hospital, sum the amounts calculated in paragraph (G)(2)(a) of this rule.
- (c) For each hospital within a county with a closed hospital, determine the ratio of the amounts in paragraphs (G)(2)(a) and (G)(2)(b) of this rule.
- (d) For each hospital within a county with a closed hospital, multiply the ratio calculated in paragraph (G)(2)(c) of this rule, by the amount calculated in paragraph (G)(1) of this rule, to determine each hospital's county redistribution of closed hospitals payment amount, subject to the following limitation:

If the sum of a hospital's payment amounts calculated in paragraphs

(E)(1), (E)(2), (E)(3)~~(d)~~, (F)(1), and (F)(2) of this rule is less than the hospital's disproportionate share limit defined in paragraph (A)(31) of this rule, then the hospital's redistribution of closed hospital funds amount is equal to the amount in paragraph (G)(2)(d) of this rule, not to exceed the amount defined in paragraph (A)(31) of this rule.

(3) Redistribution of closed hospital funds to hospitals in a bordering county.

- (a) For each hospital within a county that borders a county with a closed hospital where another hospital does not exist, as described in paragraph (G)(1) of this rule, sum the amount calculated in paragraph (E)(3)(a) of this rule, if the sum of a hospital's total payments calculated in paragraphs (E)(1), (E)(2), (E)(3), (F)(1) and (F)(2) of this rule does not exceed the hospital's disproportionate share limit defined in paragraph (A)(31) of this rule.
- (b) For all hospitals within counties that border a county with a closed hospital where another hospital does not exist, sum the amounts calculated in paragraph (G)(3)(a) of this rule.
- (c) For each hospital within a county that borders a county with a closed hospital where another hospital does not exist, determine the ratio of the amounts in paragraphs (G)(3)(a) and (G)(3)(b) of this rule.
- (d) For each hospital within a county that borders a county with a closed hospital where another hospital does not exist, multiply the ratio calculated in paragraph (G)(3)(c) of this rule, by the amount calculated in paragraph (G)(1) of this rule, to determine each hospital's county redistribution of closed hospitals payment amount subject to the following limitation:

If the sum of a hospital's payment amounts calculated in paragraphs (E)(1), (E)(2), (E)(3)~~(d)~~, (F)(1), and (F)(2) of this rule is less than the hospital-specific disproportionate share limit defined in paragraph (A)(31) of this rule, the hospital's redistribution of closed hospital funds amount is the amount defined in paragraph (G)(3)(d) of this rule, not to exceed the amount defined in paragraph (A)(31) of this rule.

(H) Distribution of funds through the children's hospital pool.

- (1) For each hospital meeting the children's hospital definition described in paragraph (A)(32) of this rule, sum the payment amounts as calculated in

paragraphs (E), (F), and (G) of this rule. This is the hospital's calculated payment amount.

- (2) For each hospital meeting the children's hospital definition described in paragraph (A)(32) of this rule, with a calculated payment amount that is not greater than the disproportionate share limit, as described in paragraph (A)(31) of this rule, subtract the amount in paragraph (H)(1) of this rule from the ~~amount~~ disproportionate share limit, as described in paragraph (A)(31) of this rule.
- (3) For hospitals meeting the children's hospital definition described in paragraph (A)(32) of this rule, with calculated payment amounts that are not greater than the disproportionate share limit, as described in paragraph (A)(31) of this rule, sum the amounts calculated in paragraph (H)(2) of this rule.
- (4) For each hospital meeting the children's hospital definition described in paragraph (A)(32) of this rule, with a calculated payment amount that is not greater than the disproportionate share limit, as described in paragraph (A)(31) of this rule, determine the ratio of the amounts in paragraphs (H)(2) and (H)(3) of this rule.
- (5) For each hospital meeting the children's hospital definition described in paragraph (A)(32) of this rule, with a calculated payment that is not greater than the disproportionate share limit, as described in paragraph (A)(31) of this rule, multiply the ratio calculated in paragraph (H)(4) of this rule by the amount allocated in paragraph (D)(2)(e) of this rule. This amount is the children's hospital payment pool payment amount, subject to the following limitation.

If the sum of the hospital's payment amounts calculated in paragraphs (E)(1), (E)(2), (E)(3), (F)(1), (F)(2), and (G) of this rule is less than the hospital's disproportionate share limit defined in paragraph (A)(31) of this rule, then the hospital's children's hospital pool payment amount is equal to the amount calculated in paragraph (H)(5) of this rule, not to exceed the amount defined in paragraph (A)(31) of this rule.

If any hospital is limited as described in paragraph (H)(5) of this rule, calculate each hospital's limited payment by subtracting the amount defined in paragraph (A)(31) of this rule from the amount determined in paragraph (H)(5) of this rule and sum these amounts for all limited hospital(s). Subtract the sum of the limited payments from the amount in paragraph (D)(2)(e) of this rule and repeat the distribution described in paragraph (H) of this rule until all funds for this pool are expended.

(I) Distribution model adjustments and limitations through the statewide residual pool.

- (1) For each hospital, sum the payment amounts as calculated in paragraphs (E), (F), (G), and (H), of this rule. This is the hospital's calculated payment amount.
- (2) For each hospital, calculate the hospital's specific disproportionate share limit as defined in paragraph (A)(31) of this rule.
- (3) For each hospital, subtract the hospital's disproportionate share limit as calculated in paragraph (I)(2) of this rule from the payment amount as calculated in paragraph (I)(1) of this rule to determine if a hospital's calculated payment amount is greater than its disproportionate share limit. If the hospital's calculated payment amount as calculated in paragraph (I)(1) of this rule is greater than the hospital's disproportionate share limit calculated in paragraph (I)(2) of this rule, then the difference is the hospital's residual payment funds.
- (4) If a hospital's calculated payment amount, as calculated in paragraph (I)(1) of this rule, is greater than its disproportionate share limit defined in paragraph (I)(2) of this rule, then the hospital's payment is equal to the hospital's disproportionate share limit.
  - (a) The hospital's residual payment funds as calculated in paragraph (I)(3) of this rule is subtracted from the hospital's calculated payment amount as calculated in paragraph (I)(1) of this rule and is applied to and distributed as the statewide residual payment pool as described in paragraph (I)(5) of this rule.
  - (b) The total amount distributed through the statewide residual pool will be the sum of the hospital care assurance fund described in paragraph (K)(4) minus the sum of the lessor of each hospital's calculated payment amount calculated in (I)(1) of this rule or the hospital's disproportionate share limit calculated in paragraph (I)(2) of this rule.
- (5) Redistribution of residual payment funds in the statewide residual payment pool.
  - (a) For each hospital with a calculated payment amount that is not greater than the disproportionate share limit, as described in paragraph (I)(4) of this rule, subtract the amount in paragraph (I)(1) of this rule from the amount in paragraph (I)(2) of this rule.

- (b) For hospitals with calculated payment amounts that are not greater than the disproportionate share limit, sum the amounts calculated in paragraph (I)(5)(a) of this rule.
- (c) For each hospital with a calculated payment amount that is not greater than the disproportionate share limit, determine the ratio of the amounts in paragraphs (I)(5)(a) and (I)(5)(b) of this rule.
- (d) For each hospital with a calculated payment amount that is not greater than the disproportionate share limit, multiply the ratio calculated in paragraph (I)(5)(c) of this rule by the total amount distributed through the statewide residual pool described in paragraph (I)(4)(b) of this rule. This amount is the hospital's statewide residual payment pool payment amount subject to the following limitation:

If the sum of the hospital's payment amounts calculated in paragraphs (E), (F), (G), and (H) of this rule is less than the amount of the hospital's disproportionate share limit defined in paragraph (A)(31) of this rule, then hospital's residual pool payment amount is equal to the amount defined in paragraph (I)(5)(d) of this rule, not to exceed the amount defined in paragraph (A)(31) of this rule.

(J) Disproportionate share adjustment.

(1) Determination of disproportionate share qualification.

- (a) For each hospital, calculate the medicaid utilization rate as defined in paragraph (A)(23) of this rule.
- (b) Each hospital with a medicaid utilization rate greater than or equal to one per cent and meets the obstetric services requirements as defined in paragraph (A)(36) of this rule qualifies as a disproportionate share hospital for the purposes of this rule.
- (c) Each hospital with a medicaid utilization rate less than one per cent or does not meet the obstetric services requirements as defined in paragraph (A)(36) of this rule qualifies as a nondisproportionate share hospital for the purposes of this rule.

(2) Limitations on disproportionate share and indigent care payments made to hospitals.

- (a) For each hospital, calculate medicaid fee for service (FFS) shortfall by subtracting from total medicaid FFS costs, as defined in paragraph (A)(1) of this rule, total medicaid FFS payments, as described in paragraph (A)(21) of this rule.
- (b) For each hospital, calculate medicaid ~~managed care plan (MCP)~~MCP shortfall by subtracting from total medicaid MCP costs, as defined in paragraph (A)(24) of this rule, the total medicaid MCP payments, as described in paragraph (A)(27) of this rule.
- (c) For each hospital, calculate the total medicaid shortfall by adding the medicaid FFS shortfall as defined in paragraph (J)(2)(a) of this rule to the medicaid MCP shortfall as defined in paragraph (J)(2)(b) of this rule.
- (d) For each hospital, determine the total cost of uncompensated care for people without insurance by taking the sum of the amounts described in paragraphs (A)(6) and (A)(15) of this rule.
- (e) For each hospital, determine the amount received under section 1011 - federal reimbursement of emergency health services furnished to undocumented aliens from the ODM 02930, schedule E, line 7b.
- (f) For each hospital, calculate the hospital disproportionate share limit by adding the total medicaid shortfall as described in paragraph (J)(2)(c) of this rule and total uncompensated care costs for people without insurance as described in paragraph (J)(2)(d) of this rule and subtracting section 1011 payments as described in paragraph (J)(2)(e) of this rule.
- (g) The hospital will receive the lesser of the disproportionate share limit as described in paragraph (J)(2)(f) of this rule or the sum of disproportionate share and indigent care payments as calculated in paragraphs (E) to (I) of this rule.

(K) Payments and adjustments.

- (1) Every hospital that must make payments of assessments and/or intergovernmental transfers to the department of medicaid under the provisions of rule 5160-2-08.1 of the Administrative Code shall make the payments in accordance with the payment schedule as described in this rule. If the final determination that the hospital must make payments was made by the department, the hospitals shall meet the payment schedule developed by

the department after consultation with the hospitals or a designated representative thereof.

If the final determination that the hospital must make payments was made by the court of common pleas of Franklin county, the hospital shall meet the payment schedule developed by the department after consultation with the hospital or a designated representative thereof. Delayed payment schedules for hospitals that are unable to make timely payments under this paragraph due to financial difficulties will be developed by the department.

The delayed payments shall include interest at the rate of ten per cent per year on the amount payable from the date the payment would have been due had the delay not been granted until the date of payment.

- (2) Except for the provisions of paragraphs (E) and (F) of rule 5160-2-08.1 of the Administrative Code, all payments of assessments and intergovernmental transfers, when applicable, from hospitals under rule 5160-2-08 of the Administrative Code shall be deposited to the credit of the hospital care assurance program fund. All investment earnings of the fund shall be credited to the fund. The department shall maintain records that show the amount of money in the fund at any time that has been paid by each hospital and the amount of any investment earnings on that amount. All moneys credited to the hospital care assurance program fund shall be used solely to make payments to hospitals under the provisions of this rule.
- (3) All federal matching funds received as a result of hospital payments of assessments and intergovernmental transfers the department makes to hospitals under paragraph (K)(4) of this rule shall be credited to the hospital care assurance match fund. All investment earnings of the fund shall be credited to the fund. All money credited to the hospital care assurance match fund shall be used solely to make payments to hospitals under the provisions of this rule.
- (4) The department shall make payments to each medicaid participating hospital meeting the definition of hospital as described under section 5168.01 of the Revised Code. The payments shall be based on amounts that reflect the sum of amounts in the hospital care assurance program fund described in paragraph (K)(2) of this rule and the hospital care assurance match fund described in paragraph (K)(3) of this rule. Payments to each hospital shall be calculated as described in paragraphs (E), (F), (G), (H), and (I) of this rule. For purposes of this paragraph, the value of the hospital care assurance match fund is calculated as:

Sum of hospital care assurance program fund/{1-(federal medical assistance

percentage/100))}

The payments shall be made solely from the hospital care assurance program fund and the hospital care assurance match fund. If amounts in the funds are insufficient to make the total amount of payments for which hospitals are eligible, the department shall reduce the amount of each payment by the percentage by which the amounts are insufficient. Any amounts not paid at the time they were due shall be paid to hospitals as soon as moneys are available in the funds.

(5) All payments to hospitals under the provisions of this rule are conditional on:

- (a) Expiration of the time for appeals under the provisions of rule 5160-2-08.1 of the Administrative Code without the filing of an appeal, or on court determinations, in the event of appeals, that the hospital is entitled to the payments;
- (b) The availability of sufficient moneys in the hospital care assurance program fund and the hospital care assurance match fund to make payments after the final determination of any appeals;
- (c) The hospital's compliance with the provisions of rule 5160-2-07.17 of the Administrative Code; and
- (d) The payment made to hospitals does not exceed the hospital's disproportionate share limit as calculated in paragraph (J)(2) of this rule.

(6) If an audit conducted by the department of the amounts of payments made and received by hospitals under the provisions of this rule identifies amounts that, due to errors by the department, a hospital should not have been required to pay but did pay, should have been required to pay but did not pay, should not have received but did receive, or should have received but did not receive, the department shall:

- (a) Make payments to any hospital that the audit reveals paid amounts it should not have been required to pay but did pay or did not receive amounts it should have received; and
- (b) Take action to recover from a hospital any amounts that the audit reveals it should have been required to pay but did not pay or that it should not have received but did receive.
