## The Common Sense Initiative

### Business Impact Analysis

**Agency Name:** Opportunities for Ohioans with Disabilities (OOD)

**Regulation/Package Title:** Fees for Services

**Rule Number(s):** OAC 3304-2-52 and Appendix A

**Date:** 11/4/2016

**Rule Type:**

☐ New

☒ Amended

☐ 5-Year Review

☐ Rescinded

The Common Sense Initiative was established by Executive Order 2011-01K and placed within the Office of the Lieutenant Governor. Under the CSI Initiative, agencies should balance the critical objectives of all regulations with the costs of compliance by the regulated parties. Agencies should promote transparency, consistency, predictability, and flexibility in regulatory activities. Agencies should prioritize compliance over punishment, and to that end, should utilize plain language in the development of regulations.

#### **Regulatory Intent**

**1. Please briefly describe the draft regulation in plain language.**

OOD is proposing changes to 3304-2-52 (Least cost, use of comparable benefits, consumer contributions, and fees for services). OOD is proposing to change maximum fees for certain medical, psychological and dental services to align with the fees allowed by Medicaid. Further, OOD is proposing changes to the vocational rehabilitation provider fee schedule which is found in Appendix A of 3304-2-52. The proposed changes to the vocational fee schedule involve OOD using cost informed rates for services. The rates are based on the costs incurred by providers to provide the services on the fee schedule. OOD also seeks to add clarifying

**[CSIOhio@governor.ohio.gov](mailto:CSIOhio@governor.ohio.gov)**

language to the fee schedule service descriptions. These proposed changes are explained in the answer to question 8 and the attached fee schedule draft.

**2. Please list the Ohio statute authorizing the Agency to adopt this regulation.**

R.C. 3304.15(C)(1) and 3304.15(D)

**3. Does the regulation implement a federal requirement? Is the proposed regulation being adopted or amended to enable the state to obtain or maintain approval to administer and enforce a federal law or to participate in a federal program?**

No.

**4. If the regulation includes provisions not specifically required by the federal government, please explain the rationale for exceeding the federal requirement.**

The federal government requires the state unit (OOD) to establish and maintain written policies to govern the rates of payment for purchased vocational rehabilitation services. However, 34 C.F.R. 361.50(c)(2) does not require set fees for vocational rehabilitation services, but does allow vocational rehabilitation agencies to establish a fee schedule for services if desired.

**5. What is the public purpose for this regulation (i.e., why does the Agency feel that there needs to be any regulation in this area at all)?**

OOD is the state agency charged with partnering with Ohio citizens with disabilities to achieve employment and independence. OOD has established a defined VR fee schedule which establishes minimum standards for the quality of services being provided. The fee schedule also provides consistency in payments to providers for the types of services being provided. Without these services, the ability of disabled individuals to achieve quality employment outcomes would be negatively affected. Expenditures for these services totaled approximately \$50 million for Federal Fiscal Year 2016.

**6. How will the Agency measure the success of this regulation in terms of outputs and/or outcomes?**

The amended fees schedule will allow cost control for the vocational rehabilitation services, establish clear definitions for the services being purchased with taxpayer dollars, and ensure quality vocational services for eligible individuals with disabilities. The VR Fee Schedule has been in place since October 1, 2012. The fee schedule defines what services will be provided and sets the fee for these services. The new fee schedule should control the costs of the services provided to individuals with disabilities without limiting access to or the quality of those services.

## Development of the Regulation

**7. Please list the stakeholders included by the Agency in the development or initial review of the draft regulation.**

*If applicable, please include the date and medium by which the stakeholders were initially contacted.*

Public Consulting Group (PCG) is an independent consultant hired to review and provide an analysis of a revised fee schedule. During PCG's review process, they held two sets of focus groups and invited 33 providers from across the state to participate. The first meetings were held on August 21, 2015 to obtain feedback on the cost reporting tool that PCG intended to use and on the availability of the data being requested. A second round of meetings occurred on December 16, 2015 to provide an update on the progress of the project.

PCG surveyed all of the existing providers to determine if they were able to provide detailed service utilization and staffing data. Overall, 187 providers responded to the online survey tool. Based on the survey answers, 116 providers answered affirmatively that they could provide the data and information PCG was requesting. These 116 providers were then sent the cost report tool developed by PCG to complete. Of the 116 sampled, 41 ultimately provided the requested data.

All providers were invited to six regional forums hosted by PCG after their draft report was released. These forums were held in Fremont, Cleveland, Cincinnati, Dayton, Columbus, and Athens between April 26 and May 5, 2016.

Subsequent to these forums, OOD's Executive Director, along with several members of OOD's Executive and Senior Staff, met with Stakeholder Associations such as the Ohio Association of Goodwill Industries, The Ohio Council, Ohio Provider Resource Association, County Boards Associations and Easter Seals, to gather additional feedback from the provider community. On May 11, 2016, Director Miller sent a letter to the providers reiterating that comments and questions could be submitted to OOD through OOD's provider management email box. All feedback was due by May 31, 2016.

OOD drafted Administrative Rule language based upon the provider feedback received relative to the PCG final rate recommendations. This draft language was distributed to the providers on July 27, 2016. Providers were again encouraged to provide feedback via the OOD's provider management email box by August 19, 2016. A second round of meetings with stakeholder associations were held as well in late July and early August before submittal to CSI.

**8. What input was provided by the stakeholders, and how did that input affect the draft regulation being proposed by the Agency?**

OOD gathered feedback through emails and face to face meetings with stakeholders. The feedback was reviewed and placed into a document with OOD's responses to the feedback and questions. This document was sent out to providers on three occasions starting on April 25, 2016. Each time OOD received additional feedback the document was updated. The most recent and up to date document is attached as Exhibit A.

Based on all of the feedback gathered from the providers, OOD made several significant changes to the proposed updates to the VR Services Fee Schedule. These changes include: 1) increasing the rates to account for inflation, 2) extending the billing cycle, and 3) adding flat rates for some services to keep those rates from being disproportionately impacted. A full list of the changes is attached as Exhibit B.

**9. What scientific data was used to develop the rule or the measurable outcomes of the rule? How does this data support the regulation being proposed?**

The rates were developed based upon detailed service utilization and staffing data submitted by providers along with two federal fiscal years of payments for vocational services from OOD's case management system. This data was used by PCG to develop cost informed rates for the services on the OOD's Vocational Services Fee Schedule. The rates use the actual costs incurred and staff utilization information to develop rates that cover the costs to provide these services.

**10. What alternative regulations (or specific provisions within the regulation) did the Agency consider, and why did it determine that these alternatives were not appropriate? If none, why didn't the Agency consider regulatory alternatives?**

OOD considered using only the payment data from its case management system in building cost informed rates, but realized that it would not take into account factors such as staff utilization, supervisor costs and other indirect administrative costs incurred in providing these services.

OOD also considered developing different rates for services based on the location in the state, rural vs. urban. However, the data did not show a significant difference in costs for providing services in different parts of the state. The main difference between rural and urban territories was travel and OOD decided to address this specifically with a fee for providers who are asked to provide services to individuals outside the provider's normal service area.

**11. Did the Agency specifically consider a performance-based regulation? Please explain. *Performance-based regulations define the required outcome, but don't dictate the process the regulated stakeholders must use to achieve compliance.***

OOD will require providers to use a performance based job development rate in the new fee schedule. Individuals served by OOD who were provided Performance Based Job Development Services had a median length of service of 132 days while the hourly based Job Development Services had a median of 167 days. Those individuals served under the performance based service found employment 35 days quicker. OOD provides guidance on specific elements as part of the service definition; however, providers are able to establish their own process to deliver the service.

**12. What measures did the Agency take to ensure that this regulation does not duplicate an existing Ohio regulation?**

These rules are specific to the OOD vocational rehabilitation program and individuals with disabilities who are eligible for services within that program. Since OOD is the sole designated agency within Ohio to administer the vocational rehabilitation program, there is no duplication between these rules and other rules in the Ohio Administrative Code.

**13. Please describe the Agency's plan for implementation of the regulation, including any measures to ensure that the regulation is applied consistently and predictably for the regulated community.**

OOD has established a billing and payment system with checks and balances and OOD will implement this fee schedule update within that same system. OOD will conduct training on the proposed fee schedule changes with providers and OOD staff. There will be ongoing meetings conducted by OOD staff at the local level to ensure consistency in the application of the fee schedule. OOD's goal is to ensure a smooth transition that will improve service delivery and quality of services provided to individuals with disabilities.

**Adverse Impact to Business**

**14. Provide a summary of the estimated cost of compliance with the rule. Specifically, please do the following:**

- a. Identify the scope of the impacted business community;**
- b. Identify the nature of the adverse impact (e.g., license fees, fines, employer time for compliance); and**
- c. Quantify the expected adverse impact from the regulation.**  
*The adverse impact can be quantified in terms of dollars, hours to comply, or other factors; and may be estimated for the entire regulated population or for a "representative business." Please include the source for your information/estimated impact.*

- a) The impacted business community consists of the providers of vocational rehabilitation services to individuals with disabilities who are eligible for OOD services. The proposed changes will potentially impact 250 approved VR providers.

77 SOUTH HIGH STREET | 30TH FLOOR | COLUMBUS, OHIO 43215-6117

[CSIOhio@governor.ohio.gov](mailto:CSIOhio@governor.ohio.gov)

- b) The adverse impact includes the requirement that the vocational rehabilitation providers must complete services and reports as defined in 3304-2-52 Appendix A in order to be paid by VR. The Fee Schedule sets a minimum level of requirements to ensure consistency and quality services to individuals with disabilities.
- c) The time for the vocational rehabilitation provider to complete a fee submission will vary with the nature and extent of the vocational rehabilitation services provided to the person with a disability, but it is a routine process that vocational rehabilitation providers are experienced in performing for many insurance payers or other state agencies. The adverse impact of completing this paperwork is offset by the fact that the vocational rehabilitation provider will receive payment from OOD for the services.

**15. Why did the Agency determine that the regulatory intent justifies the adverse impact to the regulated business community?**

First, the provider's participation in the OOD vocational rehabilitation program and for reimbursement of services is voluntary. Second, OOD believes that through its comprehensive analysis that it offers a fair, cost informed reimbursement to community rehabilitation providers for their services to eligible individuals with disabilities. Third, the impact of the paperwork costs is a justified expectation of the community rehabilitation provider to receive payment for services. OOD must be able to account for the expenditure of State/Federal funds and requires an accurate bill to analyze and disburse payment. With the updates to the fee schedule, some of the previous administrative burden in terms of calculating mileage and multiple line items on authorizations will be eliminated, thus streamlining some of the administrative process for providers to submit their billings to OOD for payment. Finally, the minimal regulatory impact upon the community rehabilitation provider is balanced by the benefit the provider enjoys in the timely and accurate payment for services.

**Regulatory Flexibility**

**16. Does the regulation provide any exemptions or alternative means of compliance for small businesses? Please explain.**

The community rehabilitation providers affected by these rules include: small and large businesses, for profit and non-profit, and counties boards.

**17. How will the agency apply Ohio Revised Code section 119.14 (waiver of fines and penalties for paperwork violations and first-time offenders) into implementation of the regulation?**

77 SOUTH HIGH STREET | 30TH FLOOR | COLUMBUS, OHIO 43215-6117

[CSIOhio@governor.ohio.gov](mailto:CSIOhio@governor.ohio.gov)

There are no fines or penalties for paperwork violations under these rules.

**18. What resources are available to assist small businesses with compliance of the regulation?**

OOD has conducted training with providers whenever there are updates to the fee schedule. OOD will also conduct additional training to providers on these proposed fee schedule changes. OOD posts information on the vocational rehabilitation fee schedule on the OOD website at [ood.ohio.gov](http://ood.ohio.gov). Also, community rehabilitation providers can contact OOD for assistance with issues. OOD staff also host meetings quarterly with the providers to discuss services and provide any needed technical assistance.

\*\*\* DRAFT - NOT YET FILED \*\*\*

3304-2-52

**Least cost, use of comparable benefits, consumer participant contribution, and fees for services.**

OOD shall provide services to ~~consumers~~participants at the least cost consistent with the ~~consumer's~~participant's rehabilitation needs and with ~~consumer~~participant choice.

- (A) Maximum fees for medical, psychological and dental services paid wholly or in part by OOD shall be established by the executive director and shall be listed in the OOD fee schedule, available from the office of the executive director based on the fee schedule established by the Ohio Department of Medicaid as set forth in OAC 5160-1-60 and its attached appendix.
- (B) Pursuant to section 3304.15 of the Revised Code, the executive director shall establish a fee schedule for vocational rehabilitation services. The executive director hereby adopts the vocational rehabilitation service provider fee schedule indicated in appendix A to this rule, developed with stakeholder input. Any community rehabilitation program, entity or person providing a service listed on the vocational rehabilitation providers fee schedule shall bill in accordance with the fee schedule.
- (C) Maximum fees for training services paid wholly or in part by OOD shall be those established by the school.
- (D) OOD shall pay only the fee agreed upon up to the maximum listed in the fee schedule, less the consumerparticipant contribution and less any applicable comparable benefit.
- (E) OOD shall not pay for missed appointments or other goods and services which have not been provided, except when required for purchase order items and except for the guaranteed minimum fee for interpreter service.
- (F) If a consumerparticipant chooses to receive services from a qualified service provider other than the least cost provider identified in accordance with this rule, OOD shall only pay for the services in the amount it would cost for the consumerparticipant to go to the least cost service provider. Any costs incurred by the consumerparticipant above that amount shall be the consumer's participant's sole responsibility to pay.
- (G) Notwithstanding paragraph (F) of this rule, the consumerparticipant may not choose an alternative provider when goods or services are procured through the department of administrative services competitive bidding process.

- (H) "Comparable benefits" means services and benefits that are available to a ~~consumerparticipant~~ from federal, state, or local public agencies, by health insurance, or by employee benefits.
- (1) OOD shall use comparable benefits to pay for services, unless such a determination would interrupt or delay:
- (a) Services to a ~~consumerparticipant~~ who is at extreme medical risk. "Extreme medical risk" means a probability of substantially increasing functional impairment or a risk of death if medical services, including mental health services, are not provided expeditiously; determination of such risk shall be based on medical evidence provided by an appropriate, licensed medical professional;
  - (b) An immediate job placement;
  - (c) The progress of the ~~consumerparticipant~~ toward achieving the employment outcome in the individualized plan for employment.
- (2) OOD shall not require the use of comparable benefits for diagnostic services, but when possible, available information shall be obtained rather than new services purchased.
- (3) Awards and scholarships based on merit are not considered comparable benefits.
- (4) OOD shall not require the use of comparable benefits for counseling and guidance, referral, job-related services, including job search and placement assistance, job retention services, follow-up services, and follow-along services, rehabilitation technology, and any of these services when provided as post-employment services.
- (I) A ~~consumerparticipant~~ may be expected to pay for services to the extent possible.
- (J) Exceptions to this rule may be made only upon the express, written approval of the executive director of OOD or the executive director's designee.
- (K) This rule is designed to implement "~~Title IV of the Workforce Investment Act, the Workforce Innovation and Opportunity Act,~~" which contains ~~the 1998~~ amendments to "The Rehabilitation Act of 1973," and resulting regulations.

# **FISCAL REQUIREMENTS**

## **FLAT FEES**

The duration of Flat Fees shall be defined as a specific amount of time or a specific outcome as identified in the service description of the VR Fee Schedule. Flat Fees include services authorized on a daily, weekly, or specific milestone/outcome basis.

## **INDIVIDUAL AND GROUP RATES**

When OOD authorizes for VR services at rates identified in TABLE 1: INDIVIDUAL FEE SCHEDULE RATES, providers shall deliver services to participants on a 1:1 basis. This means that the one (1) provider staff to one (1) participant ratio must be maintained for the entire duration of the provided service.

When OOD authorizes for VR services at rates identified in TABLE 2: GROUP FEE SCHEDULE RATES, providers may deliver services in a group setting. Groups are defined as a single provider staff person dividing their time amongst multiple service recipients regardless of funding source. Groups shall have a maximum staffing ratio of 4:1, four (4) participants to one (1) staff person. Individualized services provided in a group setting shall not be considered 1:1 and shall be paid at the group rate. When group services are authorized, the provider shall bill the service based upon the actual staff to participant ratio when the service was provided.

When a provider delivers services not defined in the VR Fee Schedule through an approved addendum, services shall be provided on a 1:1 basis, unless the provider specifically has requested and OOD has approved a group rate.

## **SERVICE DELIVERY CYCLE**

VR authorizations for services that are purchased as UOS or Daily (Flat Fee) rates shall be issued for one calendar month with an allowable variance of seven (7) days into the previous or following month, e.g. February 22 to March 31 or March 1 to April 7. VR authorizations for UOS or Daily rates shall not exceed a total of five (5) weeks. Service dates of VR authorizations for other Flat Fee services, e.g. Week or Outcome, shall be determined by VR Counselors or VR Contractors, based on the expected date of completion, but shall not exceed the current Federal Fiscal Year (FFY). Providers may not bill for partial or incomplete services during the billing cycle.

## **UNITS OF SERVICE (UOS)**

Units of Service shall equal six (6) minutes increments. UOS shall be billed in accordance with the chart below. Providers may bill for time actively providing direct services to participants; for direct contacts with potential employers on behalf of specific participants; and for direct contacts with VR Counselors or VR Contractors on behalf of specific participants. Services can be billed for activities performed either in-person, via telephone, email, or other electronic media (such as completing an online electronic job application). Providers shall not bill for travel time between appointments. Provider staff must be physically present and/or actively performing a service for time to be billable. Providers

may not bill for time providing indirect services which includes: reading email; listening to messages; internal communications between provider staff members; reading collateral documentation; conducting case/file reviews; and for the purpose of managing authorizations, invoices, and/or payments.

### **VR AUTHORIZATIONS**

VR authorizations act as the agreement to purchase a maximum amount of a specific service within a specific range of dates and at what rate the provider will be compensated. Providers should not deliver services without a VR Original Authorization/Billing (OOD-0020) number or other OOD issued electronic version of the VR Original Authorization & Billing number. If there is a need to increase the amount of service or extend the dates of service from what has been authorized, the provider is responsible for contacting the assigned VR Counselor or VR Contractor to obtain approval of the increase or change of dates prior to delivering services. Providers will receive an amended authorization with the increase in the amount of service or extension of dates of service.

### **VR REPORTS & INVOICES**

Providers shall submit a written report, including the invoice, using the appropriate template for the specific service as defined in the VR Provider Manual. VR reports and invoices shall include all documentation and address all areas of the service definition and requirements section, even if previously submitted to VR Staff or VR Contractor (e.g. resume, placement report, etc.). VR Reports and invoices shall be submitted electronically within twenty-one (21) calendar days of the date of last service or the last day of the calendar month defined in the VR Original Authorization & Billing (OOD-0020), whichever comes first. The end of service shall be defined as the last direct contact with the participant and/or employer. OOD will not issue subsequent authorizations if the reports are not received within the 21 day timeframe. OOD shall return reports and invoices that contain errors and/or do not meet the requirements of the VR Fee Schedule. If returned, providers shall have twenty-one (21) calendar days from the date that the report and/or invoice was returned to the provider to

make corrections and re-submit for payment. If corrections are not made within twenty-one (21) calendar days of the denial, OOD shall cancel and close the authorization.

## **VOCATIONAL SERVICES**

SERVICE DESCRIPTION	RATE PER UNIT	UNIT (DURATION)
<b>BILINGUAL SUPPLEMENT</b>	<b>SERVICE RATE + 10%</b>	<b>VARIABLE</b>
<b>SERVICE AREA MODIFIER – LEVEL I</b>	<b>\$36.50 (UP TO 35 MILES ONE WAY)</b>	<b>FLAT FEE</b>

<b>SERVICE AREA MODIFIER – LEVEL III</b>	<b>\$73.00 (OVER 50 MILES ONE WAY)</b>	<b>FLAT FEE</b>

### **BILINGUAL SUPPLEMENT**

Providers with bilingual staff who have the ability to communicate with participants in their preferred mode of communication, either in foreign language or sign language, may charge an additional (10) percent supplement when utilizing those skills to provide vocational services. The bilingual supplement is applied to the specific service base rate as defined in the VR Fee Schedule. The bilingual supplement shall apply to all billing increments provided on behalf of the participant by the bilingual staff including contacts with VR Counselor or Contractors and businesses. The two (2) hour minimum for missed appointments for interpreting does not apply to the bilingual supplement. The supplement shall not be paid for Transportation.

### **SERVICE AREA MODIFIER (SAM)**

OOD may authorize the Service Area Modifier in situations where OOD specifically requests a provider to serve a participant outside of their designated service area. The SAM Fee shall only apply to services defined in the VR Fee Schedule. The SAM Fee shall be determined based upon the one way distance from the closest border of the Provider's service delivery area to the participant's residence. Service delivery areas are identified by County as indicated by Providers in the Provider Management Program (PMP). The SAM Fee may only be charged once per day by the Provider Staff Member. When serving more than one participant in a given day, the SAM Fee shall be determined based upon the mileage of the participant with the furthest residence from the Provider's defined service delivery area. OOD shall establish the SAM Fee utilizing an electronic mapping tool, such as, navigation software or web based programs. OOD shall authorize the SAM Fee prior to service delivery.

## **AUXILIARY SERVICES**

These services are designed to complement the delivery of other services to ensure that participants may fully engage in diagnostic services or vocational services identified on their Individualized Plan for Employment (IPE).

### **INTAKE (I)**

Intakes are utilized to provide compensation for time associated with meeting accreditation requirements. Providers may charge the Intake fee when the following conditions are met:

- The provider is accredited by the Commission on Accreditation of Rehabilitation Facilities (CARF), Joint Commission (JC) in the area of Behavioral Health, and/or the National Accreditation Council (NAC) for Blind and Low Vision Services;
- The provider is initiating a service on the VR Fee Schedule that requires accreditation per OAC 3304-1-12;
- The provider has not previously been paid an Intake fee for the participant, unless there has been a break of at least twelve (12) months since the date of last service provided to the participant.

### **REQUIREMENTS**

Provider shall ensure that the following components are addressed with the participant:

- Participant's rights and responsibilities;
- Confidentiality, including limitations of confidentiality;
- Review of the referral information with the participant; and
- Providers shall notify VR Staff or VR Contractor of any updates and/or discrepancies to the referral information.

Providers shall submit the invoice and the Provider Services Acknowledgement, signed by the participant and if applicable his/her parent or legal guardian, within 21 calendar days of the completion of service or the last date of service defined on the VR authorization, whichever comes first.

## **INTERPRETER SERVICES - FOREIGN LANGUAGE & SIGN LANGUAGE (INT)**

Interpreter Services are utilized to ensure effective communication for participants who are deaf, hard of hearing, deaf-blind, or speak English as a second language. Interpreting may be performed either in person, on the telephone, or online. Interpreting also includes similar services required to ensure effective communication such as Communication Access Real Time (CART), C-Print, etc. The outcome of the service is to provide effective communication assistance to deaf or hard of hearing participants and/or participants who are not fluent in English. Intake shall not be authorized with or as part of Interpreter Services

### **REQUIREMENTS**

The written VR Report shall at a minimum address the following:

### **JOB SEEKING SKILLS TRAINING (JSST)**

Job Seeking Skills Training is utilized to assist a participant to successfully identify and respond to potential job opportunities. JSST is a component of Job Development; however, JSST may be provided outside Job Development for participants who are preparing to conduct their own independent job search (e.g. not receiving Job Development). The service may include: how to locate job opportunities through the newspaper, online, job boards, and 'cold calling' techniques (i.e. telephone script); how to develop a resume, cover letter; how to follow up with employers after completing an application or interview; how to address potential barriers such as breaks in employment history, criminal convictions, and need for reasonable accommodations; how to handle difficult interview questions, mock interviews, and to teach participants the importance of and how to manage their online/social media. The outcome of the service should be that the participant has the skills and resources to maximize his/her independence in conducting his/her own job search.

### **REQUIREMENTS**

The written VR Report shall at a minimum address the following:

- Dates of contacts with participants, his/her parent or legal guardian, VR Counselors or VR Contractors, and service;
- Documentation of the topics and techniques used to teach the participant how to prepare for his/her independent job search;
- Include input from the participant on his/her self-evaluation of his/her interviewing skills; and
- Questions posed by VR Staff or VR Contractor in the Referral to Community Rehabilitation Program.

Providers shall submit an electronic copy of the resume or mock application with the first report and invoice. The resume or mock application shall be professional in appearance and accurately reflect participant's information, work and educational histories, and be free of spelling and grammatical errors.

Providers shall also assist the participant to register with Ohio Means Jobs (OMJ), if they are not already registered.

Providers shall submit the invoice and report, on the appropriate template, within 21 calendar days of the completion of service or the last date of services defined on the VR authorization, whichever comes first.

### **JOB DEVELOPMENT (JD)**

Job Development is utilized to prepare and assist participants to contact businesses, apply and interview with employers, and to secure employment. Job Development should include instruction and guidance about how to locate potential job opportunities (e.g. networking, use of OMJ and other electronic job boards, newspapers, online, and "cold" calling); development of a resume, cover letters and/or a mock application template; how to answer interview questions, including issues such as gaps in employment histories; requesting reasonable accommodations; addressing criminal histories; and managing online profiles/social media. This instruction and guidance should maximize the independence of the participant to conduct his/her own job search. Based upon the needs of the job seeker, Job Development may also include the job developer updating the job seeker's resume/mock application, sending out cover letters and resumes to potential employers, providing job leads to the job seeker to follow up on, review of the job seekers interview skills, follow up contacts with employers when applications have been submitted or when a job seeker has an interview, discussion of hiring incentives and tax credits with the business, and providing support in requesting and implementing reasonable accommodations.

Performance Based (Tiers) is the preferred fee structure for job development and shall be paid upon the following deliverables:

- Tier I (Job Seeking Skills Training & Planning): Upon completion of job seeking skills training, acceptance of the resume/mock application by the VR Staff or VR Contractor, registration of the participant with Ohio Means Jobs (OMJ), and completion of the job development plan;
- Tier II (Job Search Assistance): VR Counselor or VR Contractor's approval of a job that meets the participant's agreed upon wage and hours as identified in the IPE, a review of the position description, and successful completion of the second day of work;
- Tier III (Retention): Upon 90 days and stabilization of employment after intensive On-The-Job Supports are removed as discussed and agreed upon by the VR Staff or VR Contractor and the provider; and
- Subsequent Placement: In situations where a participant loses his/her job after Tier II has been paid but before Tier III has been paid VR Counselors and VR Contractors may authorize for a Subsequent Placement to locate a new job. The Subsequent Placement shall be paid upon meeting the same requirements of Tier II.

Job Development UOS services may be utilized in situations such as to locate Temporary Summer Jobs for Transitional Youth, to allow a provider to pursue a specific employment lead for participants who may be receiving JD services from another provider, and/or on a case by case basis as determined by OOD.

Job Development shall not be provided in instances where a job offer is extended as a result of other vocational services unless the Job Development was authorized prior to the other services. Providers may use on-the-job supports to complete the hiring process in these situations.

The outcome of the service is for the participant to obtain necessary supports to successfully obtain and maintain permanent employment.
