ODNR, Division of Mineral Resources Management

Date: February 13, 2017

Subject: CSI Review – 2016 Diesel Rules (Five-Year Review)

Thank you for your review and analysis of the Division of Mineral Resources Management's (DMRM's) 2016 Diesel five-year-review rules.

The Common Sense Initiative (CSI) review memorandum states that the CSI Office has determined that this rule package is justified and, as CSI has no recommendations regarding these rules, the Ohio Department of Natural Resources may proceed with their formal filing with the Joint Committee on Agency Rule Review (JCARR).

At this time, it is DMRM's plan to move forward with the original filing of these rules with JCARR. If you have any questions, please contact Ann Laubach at 614-265-1092 or Brock Miskimen at 614-265-6885.
