MEMORANDUM OF RESPONSE

The Board of Building Standards (Board) has reviewed the response from the CSI Office regarding rule 4101:3-7-01. The CSI Office provided no recommendations regarding this proposed rule and concluded that the Board should proceed with formal filing with JCARR. The Board is filing the proposed rule accordingly.

The following modification to this rule has been made since the rule was posted for review and filed with the CSI Office.

- Section 711.1 – Eliminated the proposed change because it was already changed effective 8-1-2018.

The Board does not estimate an increased cost to the business community to comply with this rule due to the modification listed above. The modification corrects a drafting error which was present when the rule was originally distributed for stakeholder review.
