The Common Sense Initiative is established in R.C. 107.61 to eliminate excessive and duplicative rules and regulations that stand in the way of job creation. Under the Common Sense Initiative, agencies must balance the critical objectives of regulations that have an adverse impact on business with the costs of compliance by the regulated parties. Agencies should promote transparency, responsiveness, predictability, and flexibility while developing

regulations that are fair and easy to follow. Agencies should prioritize compliance over punishment, and to that end, should utilize plain language in the development of regulations.

### **Reason for Submission**

1. R.C. 106.03 and 106.031 require agencies, when reviewing a rule, to determine whether the rule has an adverse impact on businesses as defined by R.C. 107.52. If the agency determines that it does, it must complete a business impact analysis and submit the rule for CSI review.

Which adverse impact(s) to businesses has the agency determined the rule(s) create?

The rule(s):

- a. ☒ Requires a license, permit, or any other prior authorization to engage in or operate a line of business.
- b. ☒ Imposes a criminal penalty, a civil penalty, or another sanction, or creates a cause of action for failure to comply with its terms.
- c. ☒ Requires specific expenditures or the report of information as a condition of compliance.
- d. ☐ Is likely to directly reduce the revenue or increase the expenses of the lines of business to which it will apply or applies.

### **Regulatory Intent**

2. Please briefly describe the draft regulation in plain language.

- 3. Please list the Ohio statute(s) that authorize the agency, board or commission to adopt the rule(s) and the statute(s) that amplify that authority.**

ORC 4779.08

- 4. Does the regulation implement a federal requirement? Is the proposed regulation being adopted or amended to enable the state to obtain or maintain approval to administer and enforce a federal law or to participate in a federal program?**

No. Licensure is according to state law.

- 5. If the regulation includes provisions not specifically required by the federal government, please explain the rationale for exceeding the federal requirement.**

Not applicable.

- 6. What is the public purpose for this regulation (i.e., why does the Agency feel that there needs to be any regulation in this area at all)?**

State law (ORC 4779) requires the OTPTAT to license orthotics, prosthetics, and pedorthics. These rules give information on the fees that are charged by the Board.

No.

### **Development of the Regulation**

- 9. Please list the stakeholders included by the Agency in the development or initial review of the draft regulation.**

Rules were posted to all license holders for orthotics, prosthetics, and pedorthics, as well as the Ohio O&P Association. Rules were reviewed by the Orthotics, Prosthetics, and Pedorthics Advisory Council.

None. Fees are permitted by statute to cover the costs of doing business. The OTPTAT Board is funded entirely through fees of license holders.

These rules further specify statute that allows for fees which are necessary for Board operation.

**17. Why did the Agency determine that the regulatory intent justifies the adverse impact to the regulated business community?**

Fees are necessary to fund the operation of the Board. The fees were reduced upon the consolidation of OPP Licenses with the OTPTAT Board.

### **Regulatory Flexibility**

**18. Does the regulation provide any exemptions or alternative means of compliance for small businesses? Please explain.**

No. The continuing education requirements are on the individual license holder. A business can choose the degree to which they accommodate compliance for the staff. Some businesses choose to pay the license fees for their staff.

**19. How will the agency apply Ohio Revised Code section 119.14 (waiver of fines and penalties for paperwork violations and first-time offenders) into implementation of the regulation?**

Fees are required to do business with the Board.

**20. What resources are available to assist small businesses with compliance of the regulation?**

The OTPTAT Board website and social media strive to make Board business accessible and transparent. Anyone may reach the Board for assistance at any time via mail, email, phone, website, and social media. The Board has sent out several reminders via mail, email, and via the association to remind license holders of these new requirements.
