Rule Summary

Ohio Adm.Code 3775-16-03 governs the use of and requirements for sports gaming accounts. Paragraphs (E)(1) and (E)(7) are being amended to remove credit cards as a permissible method of funding such accounts. The industry has broadly moved away from allowing credit cards for wagering, and this proposed amendment aligns Ohio's standards with this established direction. Removing credit cards also helps reduce fraud risks and supports responsible gaming by ensuring patrons wager with funds they already have, rather than borrowed money.
