

FEDERAL MEDICAID NOTICE OHIO DEPARTMENT OF MEDICAID

Pursuant to 42 CFR 447.205, the director of the Ohio Department of Medicaid (ODM) gives notice of ODM's intent to make an additional disaster relief payment to freestanding dialysis centers (a type of "clinic" under section 1905(a)(9) of the Social Security Act). Specifically, an additional one-time provider relief payment will be made to freestanding dialysis centers that were financially impacted by the pandemic. This payment is required under Am. Sub. H.B. 96 (136th Ohio General Assembly).

In state fiscal year (SFY) 2026, ODM will make an additional one-time disaster relief payment to each freestanding dialysis center that meets the following criteria: (1) it is in good standing with the Ohio Department of Health; and (2) it received payment from ODM in SFY 2021.

The percentage of the total budgeted amount allocated to each freestanding dialysis center is calculated by dividing (1) the amount paid by fee-for-service Medicaid to the dialysis center for services rendered during the period from 7/1/2020 through 6/30/2021 by (2) the total amount paid by fee-for-service Medicaid to all eligible freestanding dialysis centers during that period.

The payment is to be used exclusively for direct care staff compensation, including retention bonus payments, overtime pay and shift differential payments, staff recruitment costs, and incentive payments for new hires. No payment is to be made for services covered under a MCO, PIHP, or PAHP contract.

ODM estimates that this additional one-time payment will increase annual Medicaid expenditures for clinic services (freestanding dialysis centers only) by approximately \$1.9 million. These additional one-time payments will not cause total payments to exceed the FFS upper payment limit (UPL) estimate for SFY 2026.
