Branded promotional items does not include cannabis, cannabis devices, or cannabis paraphernalia.

(6) Batch means cannabis plant material obtained from cannabis plants that were grown together and exposed to substantially the same conditions throughout cultivation and harvested over no more than a seventy-two-hour period and adhere to the following:

(a) For final form flower or buds:

(i) The batch must be created using cannabis plants of the same exact strain; and

(ii) The net weight shall not exceed fifteen pounds which must be dried and manicured immediately prior to testing.

(b) For fresh frozen cannabis plant material:

(i) The batch may contain more than one cannabis strain and may only be destined for extraction at a licensed processor.

(ii) The net weight shall not exceed two-hundred and fifty pounds.

(c) For shake and trim, the batch may contain more than one cannabis strain and include shake, trim, and other resinous trichomes obtained incidental to the trimming and manicuring process.

(i) For final form shake and trim destined solely for direct customer sale, the net weight shall not exceed twenty-five pounds; and

(ii) For shake and trim destined solely for extraction, the net weight shall not exceed fifty pounds.

(7) Batch number means a unique numeric or alphanumeric identifier assigned prior to testing to allow for inventory tracking and traceability.

(8) (8) Bona fide physician-patient relationship has the same meaning as used in the rule promulgated by the state medical board of Ohio under section 4731. 301 of the Revised Code.

(9) Bulk cannabis distillate means cannabis distillate that is destined for use as an ingredient in another cannabis product and shall not exceed fifty pounds.

(10) Bulk cannabis extract means an intermediate cannabis extract of the same exact type produced using the same ingredients, extraction methods, standard operating procedures, and batches of plant material that is destined for use as an ingredient in an intermediate or final form cannabis product and shall not exceed fifty pounds.

(11) Bulk cannabis plant material means dried cannabis plant material obtained from cannabis plants that were grown together and exposed to substantially the same conditions throughout cultivation and harvested over no more than a seventy-two-hour period and does not exceed fifty pounds. A batch of bulk dried plant material created pursuant to this subsection may only contain unmanicured flower, buds, shake, or trim if the entire batch is destined solely for further extraction.

(12) Cannabis clone means a non-flowering cannabis plant cut from a mother plant that is no taller than twelve inches and is capable of developing into a new cannabis plant.

(13) Cannabis Concentrate refers to both solvent-based cannabis concentrates and non-solvent-based cannabis concentrates, as defined by this rule.

(14) Cannabis container means the innermost wrapping, packaging, or vessel in direct contact with a final form cannabis product in which the final form cannabis product is enclosed for retail sale to customers, such as a jar, bottle, bag, box, packet, can, carton, or cartridge. "Container" does not include:

(a) In accordance with rule 1301:18-3-18 of the Administrative Code, for cannabis packaged for direct customer sale, bulk packaging utilized for business-to-business transfer; or

(b) Outer wrappings that are not essential for final retail delivery or sale to an end patient or consumer for personal or household use.

(15) Cannabis distillate means a product of cannabis extract that is highly refined to isolate desired compounds through a series of heating, vacuuming, or condensation steps.

(16) Cannabis device means any portable, hand-held mechanism sold with a cannabis product utilized for administering the cannabis and other materials contained within. This includes a vaporizer, cannabis inhaler, or oral syringe used to administer oil for cannabis concentrates intended for oral administration.

(17) Cannabis extract means a form of cannabis obtained by separating or concentrating cannabinoids, terpenes, or other compounds from any part of the cannabis plant by physical, mechanical, or chemical means, so as to provide a product that contains a higher concentration of the desired compounds than the cannabis plant material itself. Cannabis extract shall be utilized solely as an ingredient for further refinement in a final form cannabis product.

(18) Cannabis inhaler means a device to administer aerosolized cannabis concentrate and does not further decarboxylate THCA by heated vaporization or combustion.

(19) Cannabis product means any product manufactured by a cannabis processor that is in the final form intended for consumption. A cannabis product contains cannabis extract or dried cannabis plant material, which may be in combination with other approved ingredients to create the final product. This includes

oils, tinctures, edibles, patches, single serving units, combination inhalable products, vaporization solutions, and any forms approved under rule 1301:18-4-02 of the Administrative Code.

(20) Certificate of operation means a certificate issued to the person maintaining a provisional license that authorizes that person to engage in all applicable activities provided in sections 3796.18, 3796.19, 3796.20, or 3796.21 of the Revised Code and in accordance with division 1301:18 of the Administrative Code. (23) Complete registration means the following:

(a) Patient full name;

(b) Patient residential address;

(c) Patient telephone number;

(d) Patient date of birth;

(e) Patient qualifying condition;

(f) State-issued identification number (such as driver's license number) or other identification approved by the division;

(g) Patient registration number;

(h) Recommending physician's full name (first name and last name);

(i) Recommending physician's drug enforcement administration identification number;

(j) Recommending physician's medical license number issued by the state medical board;

(k) Recommending physician's certificate to recommend identification issued by the state medical board;

(l) Date recommendation was issued by the recommending physician;

(m) Recommending physician's business address, telephone number, and email address;

(n) Indication whether the recommendation is new or a refill;

(o) Number of the refill being dispensed; and

(p) Date order written, which shall be the date the written recommendation was issued.

(24) Control means the ability to make or significantly influence the strategic policies or management decisions ordinarily reserved for the majority owners or board of directors of a "person" as defined under these rules. Control may be established through ownership, contract, or otherwise; provided control will not be imputed on a bank or licensed lending institution that holds a mortgage or other lien on the person acquired in the ordinary course of business.

(a) When determining whether a person is exercising control, or has the ability to exercise control, over another, the division may consider, among other factors, whether, and to what extent, the person has any power to do the following on behalf of another:

(i) Adopt or amend governance documents, including articles of incorporation, articles of organization, bylaws, operating agreements, or buy-sell agreements.

(ii) Cause or prevent a merger, dissolution, equity sale, or asset sale.

(iii) Elect or remove directors or officers; or elect or remove other positions that exercise authority similar to those of a director or an officer in an Ohio corporation.

(iv) Exercise voting power similar to a shareholder in an Ohio corporation.

(a) A cultivator to engage in all permissible activities outlined under section 3796.18 of the Revised Code

(b) A processor to engage in all permissible activities outlined under section 3796.19 of the Revised Code.

(c) A testing laboratory to engage in all permissible activities outlined under section 3796.21 of the Revised Code.

(d) A dispensary to engage in all permissible activities outlined under section 3796.20 of the Revised Code.

(30) Facility visitor means any individual seeking to enter the premises of a licensed entity who does not maintain a valid employee badge pursuant to rule 1301:18-3-09 of the Administrative Code and is not a registered patient, caregiver, or adult-use consumer within a dispensary's retail area.

(31) Final Form means the form of cannabis as manicured, trimmed, manufactured, or processed and intended for direct customer sale. Final form is the intended form of cannabis immediately prior to submission to a testing laboratory licensed pursuant to division 1301:18 of the Administrative Code for all state-required final compliance testing. For purposes of submission of final form cannabis for any state-required testing, final form cannabis may, but is not mandated to be, placed in a container or package. For purposes of state-required final compliance testing, all final form cannabis must comply with the standards outlined in rules 1301:18-4-13 and 1301:18-4-14 of the Administrative Code.

(32) Financial interest means any actual or future right to ownership, or investment, with another person, either directly or indirectly, through business, investment, spouse, parent, or child, in licensed cannabis business. Financial interest does not include ownership of investment securities in a publicly-held corporation that is traded on a national securities exchange or over-the-counter market in the United States, provided the investment securities held by the person and the person's spouse, parent, or child, in the aggregate, do not exceed ten percent ownership in the licensed cannabis entity.

(33) Flowering stage means the stage of cultivation where and when a cannabis plant is cultivated to produce plant material for products. This includes mature plants which are identified by:

(a) If greater than two stigmas are visible at each internode of the plant;

(b) If the cannabis plant is in an area that has been intentionally deprived of light for a period of time intended to produce flower buds and induce maturation, from the exact moment the light deprivation has started to occur and for the remainder of the cannabis plant growth cycle in such area.

(34) Health or therapeutic benefit claim means any statement, term, reference, or claim related to health and includes statements of a curative or therapeutic nature that, expressly or by implication, suggest a relationship between the consumption or administration of cannabis, or any compound, ingredient, additive, or any combination thereof, found within a cannabis product, and health benefits or effects on health. This includes both specific health claims and general references to alleged health benefits or effects on health associated with the consumption of cannabis. This also includes anything that implies a physical, physiological, or psychological sensation or effect resulting from the consumption or administration of cannabis. Health-related statement also includes statements, symbols, vignettes, or other forms of communication that suggest, within the context in which they are presented, that a relationship exists between the consumption or administration of cannabis and any alleged health benefit.

(35) Hemp means the plant Cannabis sativa L. and any part of that plant, including the seeds thereof and all derivatives, extracts, cannabinoids, isomers, acids, salts, and salts of isomers, whether growing or not, with a total tetrahydrocannabinols concentration, including tetrahydrocannabinolic acid, of not more than three-tenths per cent on a dry weight basis. "Hemp" includes industrial hemp, as defined by section 928.01 of the Revised Code. "Hemp" does not include any of the following:

(a) Any viable seeds from a Cannabis sativa L. plant that exceeds a total tetr ahydrocannabinols concentration, including tetrahydrocannabinolic acid, of three-tenths per cent in the plant on a dry weight basis;

(b) Any intermediate hemp-derived cannabinoid product containing any of the following:

(i) Cannabinoids that are not capable of being naturally produced by a Cannabis sativa L. plant;

(ii) Cannabinoids that are capable of being naturally produced by a Cannabis sativa L. plant and were synthesized or manufactured outside the plant;

(iii) More than three-tenths per cent combined total of total tetrahydro cannabinols, including tetrahydrocannabinolic acid, and any other cannabinoids that have similar effects or are marketed to have similar effects on humans or animals as a tetrahydrocannabinol as established by the superintendent of cannabis control in lists adopted under section 928.031 of the Revised Code.

(c) Any intermediate hemp-derived cannabinoid product that is marketed or sold as a final product or directly to an end consumer for personal or household use;

(d) Any final hemp-derived cannabinoid product containing any of the following:

(i) Cannabinoids that are not capable of being naturally produced by a Cannabis sativa L. plant;

(ii) Cannabinoids that are capable of being naturally produced by a Cannabis sativa L. plant and were synthesized or manufactured outside the plant;

(iii) Greater than four-tenths of a milligram combined total per container of total tetrahydrocannabinols, including tetrahydrocannabinolic acid, and any other cannabinoids that have similar effects, or are marketed to have similar effects, on humans or animals as a tetrahydrocannabinol as established by the superintendent of cannabis control in lists adopted under section 928.031 of the Revised Code.

(36) Hemp-derived cannabinoid product means any intermediate or final product derived from hemp, other than industrial hemp as defined by section 928.01 of

the Revised Code, that contains cannabinoids in any form and is intended for human or animal use through the means of application or administration, such as inhalation, ingestion, or topical application. "Hemp-derived cannabinoid product" does not include a drug that is the subject of an application approved under subsection (c) or (j) of 21 USC 355.

(37) Indigent status means an individual enrolled in the federal "Social Security Disability Income" (SSDI) or the "Supplemental Security Income" (SSI) disability programs, a copy of a letter or other documentation from the United States social security administration with the individual's identification or other documentation as determined by the division.

(38) Intermediate hemp-derived cannabinoid product means a hemp-derived cannabinoid product that is either of the following:

(a) Not yet in the final form or preparation marketed or intended to be used or consumed by a human or animal;

(i) A powder, liquid, tablet, oil, or other product form that is intended or marketed to be mixed, dissolved, formulated, or otherwise added to or prepared with or into any substance prior to administration or consumption.

(39) Infused single serving unit is a combination inhalable product that consists of dried plant material and cannabis extract, wrapped in rolling paper and may include a filter. The cannabis extract may be included in the product by combining with the dried plant material, applying to the rolling paper, or both.

(40) Kief means the resinous trichomes of the cannabis plant that are separated from the cannabis plant material.
