(C) It shall be unlawful for any person to take, transport, sell, offer for sale or possess any of the native endangered species of wild animals, applying to endangered wild animals that are either resident within or migrate into or through Ohio, or hides or parts thereof listed in this rule or any other wildlife order without first obtaining a written permit from the wildlife chief, except as provided in paragraphs (B) and (F) of this rule. Provided further, it shall be unlawful to trespass in areas posted with signs stating "Endangered Species Nesting Area, Trespassing Unlawful."

(D) All persons requesting a permit for the taking, selling, or possession of an endangered species or hide or part thereof for zoological, educational, scientific, or propagation purposes shall at the time of application for such permit provide the following information to the division of wildlife:

(1) A program or project description with a clear statement of the study objectives;

(2) Justification for the study;

(3) Duration of the study;

(4) Project location;

(5) Species and number to be collected or involved in the study;

- (6) Study methods, regarding collecting gear and techniques; and
 - (7) Assurance that a final or annual report will be filed with the division of wildlife, containing a clear statement on the final disposition of each individual of each endangered species collected, along with a copy of any reports or publications derived from the study of these animals.
- (E) Persons failing to provide full information required in paragraph (C) of this rule to the satisfaction of the wildlife chief shall be denied a permit. Further, failure to fill the requirements at the conclusion of the project shall be reason for the chief to not issue future permits to the person failing to comply.
- (F) Persons legally obtaining any of the endangered species listed in this rule from outside the state may possess and propagate said animals in accordance with section 1533.71 of the Revised Code. Furthermore, hides of bobcats and river otters may be bought or sold with proof of purchasing a non-resident license or some other proof that the animal was acquired legally, and conforms to current United States fish and wildlife rules and regulations.
- (G) All definitions set forth in section 1531.01 of the Revised Code shall apply to this rule.
