Introduction and definitions.

(A) Introduction: Chapter 173-3 of the Administrative Code establishes criteria that each AAA shall follow when entering into a provider agreement for the provision of a service by a non-certified provider under section 173.392 of the Revised Code. (See Chapter 173-39 of the Administrative Code for criteria regarding providers certified under section 173.391 of the Revised Code.)

(B) Definitions for this chapter:

- (1) "Activities of daily living" ("ADLs") means eating, dressing, bathing, toileting, transferring in and out of bed/chair, and walking.
- (2) "Area agency on aging" ("AAA") means a public or non-profit entity that ODA designates, under Section 305 of the Older Americans Act, to serve as an AAA. Each AAA receives state and federal funds from ODA to administer aging-related programs within a particular PSA.
- (3) "Assessment" means a gathering of information about a person's current situation and ability to function. It is comprehensive and identifies the person's strengths, problems, and care needs in the following major functional areas: physical health, utilization of medical care, ADLs, IADLs, mental and social functioning, financial resources, physical environment, and utilization of services and supports.
- (4) "Assistance with self-administration of medication" has the same meaning as in section 3722.011 of the Revised Code.
- (5) "Care-coordination program" means a program that an AAA may develop to coordinate and monitor the delivery of services. Examples of services that an AAA may coordinate through a care-coordination program are screening, assessment, and reassessment; care planning; and ongoing contact between the case manager and the consumer.
- (6) "Consumer's signature" means the signature, mark, or electronic signature of a consumer or anyone, other than the provider, who may verify that a service was performed. Examples of means to record an electronic signature are the "SAMS Scan," "MJM Swipe Card," call-in verification, etc.
- (7) "Family caregiver" has the same meaning as in Section 302 of the Older Americans Act.
- (8) "Focal point" means a highly visible facility designated by an AAA as a focal point, under Section 306 of the Older Americans Act, where anyone in the community may obtain information and access to services for older persons and that encourages the maximum collocation and coordination of services.
- (9) "Incident" means an event that is inconsistent with the routine care or routine

delivery of services to a consumer. An incident may involve a consumer, family caregiver (to the extent that it impacts a consumer), provider, provider's staff or facility, another facility, AAA's staff, ODA's staff, or other administrative authorities. Examples of an incident are abuse, neglect, abandonment, an accident, or an unusual situation that results in an injury to a person or damage to the person's property or equipment.

- (10) "Instrumental activities of daily living" ("IADLs") means preparing meals, shopping for personal items, medication management, managing money, using the telephone, doing heavy housework, doing light housework, and the ability to use available transportation without assistance.
