This rule lists the general standards for every AAA -provider agreement (i.e., contract or grant) for a service that is paid, in whole or in part, with Older Americans Act funds.

On October 2, 2024, the US Dept. of Health and Human Services (HHS) announced in the Federal Register that on October 1, 2025, it will replace 45 CFR Part 75 with 2 CFR Part 300, which incorporates 2 CFR Part 200 with exceptions. 45 CFR Part 75, 2 CFR Part 200, and 2 CFR Part 300 are each entitled "Uniform Administrative Requirements, Cost Principles, and Audit Requirements." 18. Does this rule have an adverse impact on business? Yes

A. Does this rule require a license, permit, or any other prior authorization to engage in or operate a line of business? No

B. Does this rule impose a criminal penalty, a civil penalty, or another sanction, or create a cause of action, for failure to comply with its terms? No

C. Does this rule require specific expenditures or the report of information as a condition of compliance? Yes

There is no requirement for a provider to enter into an AAA-provider agreement to provide services in this state. An AAA-provider agreement is not a gateway to doing business in Ohio. Instead, a provider who wants to add Older Americans Act programs to its lines of business must enter into an AAA-provider agreement for those Older Americans Act programs to pay the provider for the service that it wants to provide to consumers through those programs.

A provider establishes the rate that it is paid for providing a service through Older Americans Act programs when the provider responds to an AAA's request for proposal (RFP) with a bid on what it will charge per unit of service if the AAA determines that its bid is a winning bid. If the provider's bid wins, then the provider is paid what it bid during the open and free competition for the AAA-provider agreement (cf., 2 CFR 200.319 and (until October 1, 2025) 45 CFR 75.329, plus rules 173 3 04 and 173 3-05 of the Administrative Code). The amount that the provider bids, and is later paid, is an all-inclusive rate. It is intended to cover all costs incurred in providing the service, including administration, training, and reporting.

The specific adverse impact of rule 173-3-04 of the Administrative Code is to ensure every AAA-provider agreement complies with the general requirements for AAA-provider agreements. RC§173.392 requires ODA to adopt a rule to establish standards for contracts and grants between ODA's designees (e.g., AAAs) and providers. The primary standard listed in the rule is 45 CFR Part 75, which will be replaced by 2 CFR Parts 200 and 300 on October 1, 2025. ODA's proposed amendments will update references to these federal rules accordingly.

By updating references to federal rules in ODA's rules on the same day of the changes to federal rules, ODA will eliminate the possibility that an AAA or provider who uses the rules will make decisions based on rescinded federal rules.

Please review the business impact analysis (BIA) for more information.
