Section 173.392 of the Revised Code requires ODA to adopt rules to establish requirements for AAA-provider agreements. This rule establishes requirements applying only to AAA-provider agreements for homemaker activities.

On June 11, 2020, ODA adopted an emergency amendment to this rule to allow providers to decide whether, during the state of emergency, to collect a unique identifier of the consumer (e.g., a handwritten signature) to verify that an activity or unit of service was provided. This allowed the provider and consumer to maintain social distancing. Through this rule package, ODA proposes to allow providers to decide whether, during any state of emergency declared by the governor, to collect a unique identifier of the consumer to verify that an activity or unit of service was provided.

ODA also proposes to replace the paragraphs on supervisory visits with new ones that give providers flexibility to maintain social distancing during a state of emergency declared by the governor. ODA proposes to achieve this without increasing or decreasing regulatory restrictions.
