**Transportation service.**

(A) "Transportation service" means a service that transports a consumer from one place to another through the use of a provider's vehicle and driver. Examples of places to which the service may transport a consumer are a medical office, congregate nutrition program site, grocery store, senior center, or government office.

(B) Minimum requirements for a transportation service:

(1) In general:

(a) Type of provider: Only a driver employed by an agency provider or a driver who is a self-employed provider may provide the service. A consumer-directed individual provider shall not provide the service.

(b) Availability: An agency provider shall possess a back-up plan for times when a driver or vehicle is unavailable. A self-employed provider shall possess a back-up plan for times when he/she or his/her vehicle is unavailable. The back-up plan may describe the process for providing the service when the driver or vehicle is unavailable or it may describe the process for notifying the consumer that a driver or vehicle is unavailable.

(c) Into and out of vehicle: As part of each service provided, the driver shall help the consumer to safely enter and exit the vehicle. The agency provider shall maintain a policy for drivers that lists any additional responsibilities assigned to the driver by the provider agreement (e.g., helping a consumer from the door of their home to the vehicle or helping a consumer from inside their home to the vehicle). The agency provider shall inform every consumer of this policy before providing the service to the consumer (e.g., "Our driver will only pick you up if you meet him/her at the curb" or "Our driver will only pick you up if you meet him/her at the door of your home"). The self-employed provider shall maintain a policy that lists any additional responsibilities assigned to him/her by the provider agreement. The self-employed provider shall inform every consumer of this policy before providing the service to the consumer (e.g., "I will only pick you up if you meet me at the curb" or "I will only pick you up if you meet me at the door of your home").

(d) Records: For each service provided, the driver shall document the consumer's name; service date; pick-up point and time of the pick up; destination point and time of the drop off; service units; driver's name; and driver's signature.

The provider shall only use a vehicle for the service if the inspection was conducted no more than twelve months beforehand and the answers to all questions on the form were "yes." Only a certified mechanic, the Ohio highway patrol safety inspection unit, or the Ohio medical transportation board may perform this inspection; and.

(ii) "Pre-Trip Vehicle Inspection" on form ODA0008 (<http://www.aging.ohio.gov/information/rules/forms.aspx>). The provider shall only use a vehicle if, before providing the first service of the day, the driver conducted the inspection and the answers to all questions required by the form were "yes."

(b) The provider shall deem that a vehicle that holds a current, valid license from the Ohio medical transportation board to operate as an ambulette is a vehicle that complies with paragraph (B)(2)(a)(i) of this rule.

(c) The provider shall maintain documentation on compliance with paragraph (B)(2)(a) of this rule.

(3) Driver qualifications:

abuse of amphetamines, cannabinoids (THC), cocaine, opiates, and phencyclidine (PCP). The driver receives a passing score if the drug tests do not find the drugs in his/her blood, breath, or urine. The alcohol tests check blood-alcohol content. The driver receives a passing score if the alcohol tests do not find a blood-alcohol content in the driver's blood that is higher than Ohio's maximum blood-alcohol content. The driver shall obtain the drug and alcohol tests from a hospital or another entity that the Ohio department of health permits to conduct the tests;
