4. Statute(s) authorizing agency to adopt the rule: **173.01; 173.02; 173.392; Section 305 (a)(1)(C) of the Older Americans Act of 1965, 79 Stat. 210, 42 U.S.C. 3001, as amended in 2006; 45 C.F.R. 1321.11**

6. State the reason(s) for proposing (i.e., why are you filing,) this rule:

The proposed new rule is part of a larger rule package.

In the rule package, ODA proposes to amend its rules for Non-Medicaid Nutrition

Programs and Nutrition-Related Services in Chapter 173-4 of the Administrative Code to implement the new, federal Dietary Guidelines for Americans and to make other changes. Specifically, ODA is proposing to rescind rule 173-4-05 of the Administrative Code, and, in its stead, adopt these five proposed new rules: proposed new rules 173-4-05, 173-4-05.1, 173-4-05.2, 173-4-05.3, and 173-4-05.4 of the Administrative Code. ODA is also proposing to amend rules 173-4-07 and 173-4-08 of the Administrative Code.

Overall, ODA has 4 primary goals:

1. To incorporate guidelines of the Dietary Guidelines for Americans of 2010 into the rules. The U.S. Dept. of Health and Human Services and the U.S. Dept. of Agriculture jointly released the new guidelines on January 31, 2011. The new federal guidelines emphasize these three major goals: (a) balancing calories with physical activity to manage weight; (b) consuming more of certain foods and nutrients, such as fruits, vegetables, whole grains, fat-free and low-fat dairy products, and seafood; and (c) consuming fewer foods with sodium, saturated fats, trans fats, cholesterol, added sugars, and refined grains.
2. To emphasize person-centered (i.e., "self-directed") care in the rules, by requiring providers to (a) provide choices to consumers within the Dietary Guidelines for Americans and (b) help consumers make informed choices regarding meals, alternative meals, and meal types.
3. To comply with Governor Kasich's Executive Order 2011-01K "Implementing Common Sense Business Regulation" and S.B. No. 2 (129th G.A.). In doing so, ODA is (a) proposing to amend this rule after providing interested parties and the general public an opportunity to provide input on the proposed amendments to the rule before filing the rule with the Joint Committee on Agency Rule Review (from November 10, 2011 to November 27, 2011, ODA posted the proposed amended rule on <http://aging.ohio.gov/information/rules/proposed.aspx> for a public-comment period) and (b) making the rules more user-friendly by (i) transforming one large, many-topic rule into five smaller fewer-topic rules and (ii) incorporating more tables into the new rules.
4. To comply with section 119.032 of the Revised Code, which requires each state agency to review each rule on or before the review date listed at the end of the rule.

7. If the rule is an AMENDMENT, then summarize the changes and the content of the proposed rule; If the rule type is RESCISSION, NEW or NO CHANGE, then summarize the content of the rule:

ODA is proposing to rescind the larger, multi-topic rule 173-4-05 of the Administrative Code and simultaneously replace it with five smaller, fewer-topic rules of the Administrative Code numbered "173-4-05," "173-4-05.1," "173-4-05.2," "173-4-05.3," and "173-4-05.4."

Please see the public hearing notice for a detailed crosswalk that shows what information in the current version of rule 173-4-05 of the Administrative Code appears in proposed new rules 173-4-05 to 173-4-05.4 of the Administrative Code and how the rule language may differ from the current version of rule 173-4-05 of the Administrative Code to proposed new rules 173-4-05 to 173-4-05.4 of the Administrative Code.

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

*This response left blank because filer specified online that the rule does not incorporate a text or other material by reference.*

9. If the rule incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material electronically, provide an explanation of why filing the text or other material electronically was infeasible:

*This response left blank because filer specified online that the rule does not incorporate a text or other material by reference.*

10. If the rule is being **rescinded** and incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material, provide an explanation of why filing the text or other material was infeasible:

*Not Applicable.*

11. If **revising** or **refiling** this rule, identify changes made from the previously filed version of this rule; if none, please state so:

*Not Applicable.*

12. 119.032 Rule Review Date:

(If the rule is not exempt and you answered NO to question No. 1, provide the scheduled review date. If you answered YES to No. 1, the review date for this rule is the filing date.)

NOTE: If the rule is not exempt at the time of final filing, two dates are required:

the current review date plus a date not to exceed 5 years from the effective date for Amended rules or a date not to exceed 5 years from the review date for No Change rules.

### **FISCAL ANALYSIS**

13. Estimate the total amount by which *this proposed rule* would **increase / decrease** either **revenues / expenditures** for the agency during the current biennium (in dollars): Explain the net impact of the proposed changes to the budget of your agency/department.

This will have no impact on revenues or expenditures.

\$0.00

ODA does not anticipate that the adoption of this proposed new rule, nor the larger rule package, would have any impact upon the biennial budget the Ohio General Assembly established for ODA, because the rule package should not create any expenses for ODA that were unforeseen when the Ohio General Assembly appropriated funds to ODA in H.B. No. 153 (129th G.A.).

14. Identify the appropriation (by line item etc.) that authorizes each expenditure necessitated by the proposed rule:

GRF-490-411 Senior Community Services.

322-490-618 Federal Aging Grants.

3M40-490-612 Federal Independence Services.

15. Provide a summary of the estimated cost of compliance with the rule to all directly affected persons. When appropriate, please include the source for your information/estimated costs, e.g. industry, CFR, internal/agency:

CONSUMERS: Although section 315(b) of the Older Americans Act and rule 173-3-07 of the Administrative Code allow a meal provider to solicit and accept voluntary contributions from meal consumers, a meal consumer is not required to pay for a meal service and, thus, the proposed adoption of this new rule creates no cost of compliance for a meal consumer. This is true for consumers of either congregate meals or home-delivered meals, regardless of alternatives such as therapeutic diets, cultural meals, frozen meals, medical meals, etc.

Additionally, ODA estimates that the proposed adoption of this new rule will not directly affect the volume of alternative meals a providers provide to consumers.

PROVIDERS: ODA estimates that the proposed new rule will not create an increased cost of compliance for a provider of alternative meals because the language in the proposed new rule resembles the language on alternative meals found in current rule 173-4-05 of the Administrative Code. Additionally, during ODA's public-comment period, no provider stated that the proposed new rule would create an increased cost of compliance regarding alternative meals.

16. Does this rule have a fiscal effect on school districts, counties, townships, or municipal corporations? **No**

17. Does this rule deal with environmental protection or contain a component dealing with environmental protection as defined in R. C. 121.39? **No**
