

TO BE RESCINDED

173-45-06 **Display of comparative information on nursing facilities following the execution of a search query.**

- (A) The response to a search query for nursing facilities shall return a list of all facilities meeting the specified criteria of the search.
- (B) The first information to appear on the computer screen following a search shall be a list of all facilities identified by the search. For each of the facilities listed, the consumer guide shall present the user with all comparative measures, electronic links to definitions and descriptions of the measures, and to further detailed information about the measure to the extent it is available to the department. For each facility, the department shall include the following information:
- (1) The aggregate responses made by a facility's residents or their family members to all measures of customer satisfaction.
 - (2) The facility's scores on the clinical quality indicators described in rule 173-45-10 of the Administrative Code.
 - (3) The date of the facility's most recent standard survey;
 - (4) The survey data provided pursuant to paragraph (A)(2) of rule 173-45-11 of the Administrative Code;
 - (5) The date the facility achieved substantial compliance with medicare and medicaid certification requirements;
 - (6) Whether the department of health determined that the facility provided substandard quality of care to residents during two of its last three standard surveys;
 - (7) Whether the department of health found that the care provided by the facility placed residents in immediate jeopardy during two of its last three standard surveys;
 - (8) An electronic link for each facility on the list allowing the user to gain access to information on the facility maintained in accordance with rule 173-45-07 of the Administrative Code.
 - (9) Statewide averages for each relevant comparative measure listed in the guide.

(C) Other comparative measures derived from data specified in Chapter 173-45 of the Administrative Code may be included.
