They were revised in 1991 to reflect changes in the Revised Code. Since that time, additional legislative changes have been made with regard to subsequent biennium budget mandates, teacher licensure and staffing requirements. Stakeholders recommended additional new rules and a different numerical sequence from the current version.

This rule includes the definitions of terms used in Chapter 3301-37 of the Administrative Code for licensing preschool programs operated by districts, eligible chartered nonpublic schools and county boards of MRDD.

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

NOTE: If the rule is not exempt at the time of final filing, two dates are required: the current review date plus a date not to exceed 5 years from the effective date for Amended rules or a date not to exceed 5 years from the review date for No Change rules.
