### **FISCAL ANALYSIS**

13. Estimate the total amount by which *this proposed rule* would **increase/decrease** either **revenues /expenditures** for the agency during the current biennium (in dollars): Explain the net impact of the proposed changes to the budget of your agency/department.

This will increase expenditures.

unknown

This proposed rule is expected to have only a slight impact on the Board of Regents?? budget for the current biennium. It is unlikely that a large number of possibly eligible veterans or their dependents would be able to take advantage of this initiative in FY 2009. For those that do participate in this program, it is possible that some could be eligible for one or more of the state??s student financial assistance programs, although the impact is expected to be minimal in FY 2009. The precise net impact is impossible to estimate at this time.

14. Identify the appropriation (by line item etc.) that authorizes each expenditure necessitated by the proposed rule:

The three programs most likely to be affected in this biennium are:

235-563 Ohio College Opportunity Grant

235-531 Ohio Student Choice Grant

235-438 Choose Ohio First Scholarship

15. Provide a summary of the estimated cost of compliance with the rule to all directly affected persons. When appropriate, please include the source for your information/estimated costs, e.g. industry, CFR, internal/agency:

All other things being equal, state colleges and universities would lose revenue equivalent to the out-of-state surcharge they otherwise would collect for the out of state students. Assuming that the additional enrollments of these students are fully

funded in future State Share of Instruction allocations, the campuses should then receive revenue from the state that more or less offsets the loss of the surcharge revenue, although they would not be made whole in FY 2009. Campus administrative costs could also be expected to increase modestly to support any special student support or related programs that might be created or enhanced to support the veterans.

16. Does this rule have a fiscal effect on school districts, counties, townships, or municipal corporations? **No**

17. Does this rule deal with environmental protection or contain a component dealing with environmental protection as defined in R. C. 121.39? **No**
