This rule prescribes the annual requirements of petroleum underground storage tank (UST) owners and operators (responsible persons) for establishing coverage with the Financial Assurance Fund (Fund), including the payment of the annual per-

tank financial assurance fee, certification of compliance with applicable rules for USTs adopted by the fire marshal, demonstration of financial responsibility for the deductible amount of coverage with the Fund, and, if applicable, compliance with the coverage reinstatement requirements of rule 3737-1-04.1. The rule further requires the responsible person to provide notice to the director when installation of a UST has occurred or when ownership of a UST has transferred and establishes the process for transferring the certificate of coverage to the new responsible person as well as the criteria for the issuance of the certificate of coverage when no certificate was in effect at the time of transfer. The rule sets forth the notification requirements to the responsible person and to the fire marshal when a responsible person fails to timely remit payment of the annual per-tank fees or fails to meet the criteria for the issuance of the certificate of coverage. A late payment fee is imposed when the annual per-tank fee is not timely remitted. The rule also provides the responsible person with the right to file an objection to an order to pay fees or a determination denying or revoking a certificate of coverage.

The Board is proposing to amend rule 3737-1-04 and also rescind rule 3737-1-04.2. The change to paragraph (F)(2)(b) of rule 3737-1-04 addresses the rescission of rule 3737-1-04.2 which was adopted to provide a new responsible person of a UST system the option to submit a baseline environmental site assessment in lieu of remitting payment of any Fund fees that are outstanding at the time of transfer.

A late fee of up to \$1,000 per tank is assessed for untimely payment. III. Common Sense Initiative (CSI) Questions

15. Was this rule filed with the Common Sense Initiative Office? Yes

16. Does this rule have an adverse impact on business? Yes

A. Does this rule require a license, permit, or any other prior authorization to engage in or operate a line of business? Yes

All petroleum underground storage tank owners and operators are required to demonstrate financial responsibility by obtaining a Certificate of Coverage from the Board. The Fund provides up to \$1 million, less a deductible, for the reimbursement of clean-up costs and compensation to third parties for property damage and bodily injury resulting from accidental releases of petroleum from underground storage tanks.

B. Does this rule impose a criminal penalty, a civil penalty, or another sanction, or create a cause of action, for failure to comply with its terms? Yes

Rule 3737-1-04 does not impose civil or criminal penalties on underground storage tank owners or operators who fail to comply. However, owners and operators who do not timely remit the annual fee may be subject to the assessment of late payment fees. Financial Assurance Fund (Fund) fees are assessed annually and are required for all petroleum underground storage tanks (USTs) in the ground at any time between July 1 and June 30. If the annual fee is not remitted by July 1, a late payment fee will be assessed if the annual fee is not paid within 30 days. If the annual fee remains unpaid at the end of the 30 days, an Order Pursuant to Law is issued requiring payment of the annual fee and assessing a late payment fee of \$100/per tank per month up to a maximum of \$1,000/tank. If an UST owner fails to comply with the Order, the director of the Fund notifies the State Fire Marshal. In addition, the director of the Fund may request the Ohio Attorney General to bring an action for appropriate relief.

C. Does this rule require specific expenditures or the report of information as a condition of compliance? Yes

As required in the existing rule, all tank owners must remit an annual per-tank fee. An owner that does not timely remit the annual fee may also be subject to late payment fees, collection costs and interest charges. The new responsible person of an underground storage tank system is also subject to a transfer fee. Each year all tank owners must submit a completed application for certificate of coverage. In addition, owners must provide information concerning the installation and acquisition of petroleum underground storage tank systems.
