Minor typographical changes have also been made to conform to LSC style and formatting guidance.

8. This rule contains references to the Ohio Administrative Code (OAC). While copies of these rules and statutes are generally available to the public through libraries and on-line sources, including the Ohio EPA website, ORC 121.76 (A) exempts such references from the provisions of ORC 121.71 through 121.75.

Referenced materials are cited, dated and availability noted in paragraph (C) of rule 3745-17-01 of the Administrative Code.

14. Identify the appropriation (by line item etc.) that authorizes each expenditure necessitated by the proposed rule:

Not applicable.

15. Provide a summary of the estimated cost of compliance with the rule to all directly affected persons. When appropriate, please include the source for your information/estimated costs, e.g. industry, CFR, internal/agency:

This rule contains visible emission requirements for emission sources. These rules were originally promulgated in the late 1970's and have been around for 30+ years. The rules in this chapter are intended to assist Ohio in attaining and maintaining the National Ambient Air Quality Standard (NAAQS) for particulate matter and are part of Ohio's State Implementation Plan (SIP). Facilities subject to this rule have already installed controls and/or made process changes to comply with these rules and would not have any new costs of compliance.

If a new facility were required to comply with the rules in this chapter, the cost of compliance varies widely and is facility specific. Costs would range from "no cost" for an option such as work practice standards (lower speed limit on plant roads) to several million dollars to install scrubbing equipment on the process exhaust stack.

16. Does this rule have a fiscal effect on school districts, counties, townships, or municipal corporations? **No**

17. Does this rule deal with environmental protection or contain a component dealing with environmental protection as defined in R. C. 121.39? **Yes**

You must complete the Environmental rule Adoption/Amendment Form in order to comply with Am. Sub. 106 of the 121st General Assembly.
