Class II composting facility establishment.**RULE SUMMARY**

1. Is the rule being filed consistent with the requirements of the RC 119.032 review? **No**

2. Are you proposing this rule as a result of recent legislation? **No**

3. Statute prescribing the procedure in accordance with the agency is required to adopt the rule: **119.03**

4. Statute(s) authorizing agency to adopt the rule: **3734.02, 3734.12**

5. Statute(s) the rule, as filed, amplifies or implements: **3734.02, 3734.12**

6. State the reason(s) for proposing (i.e., why are you filing,) this rule:

The purpose of the rule is to establish uniform requirements for class II composting facilities.

7. If the rule is an AMENDMENT, then summarize the changes and the content of the proposed rule; If the rule type is RESCISSION, NEW or NO CHANGE, then summarize the content of the rule:

This rule outlines class II composting facility establishment.

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

This rule contains references to the Ohio Administrative Code (OAC). While copies of these rules and statutes are generally available to the public through libraries and on-line sources, including the Ohio EPA website, ORC section 121.76 (A) exempts such references from the provisions of ORC sections 121.71 through 121.74.

9. If the rule incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material electronically, provide an explanation of why filing the text or other material electronically was infeasible:

This rule does not incorporate any text or other material by reference that is not exempted from compliance with sections 121.71 to 121.74 of the Revised Code.

10. If the rule is being **rescinded** and incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material, provide an explanation of why filing the text or other material was infeasible:

Not Applicable.

11. If **revising** or **refiling** this rule, identify changes made from the previously filed version of this rule; if none, please state so:

An exemption was added to this rule that does not require class II facilities with a closure cost estimate of \$3500 or less to obtain closure financial assurance. Class II compost facilities can be rather small in size to service a business, school, college, or a non-profit organization's effort to compost food waste. The closure cost estimate may be so small, that the cost of maintaining financial assurance over the life of the facility exceeds the closure cost estimate.

12. 119.032 Rule Review Date:

(If the rule is not exempt and you answered NO to question No. 1, provide the scheduled review date. If you answered YES to No. 1, the review date for this rule is the filing date.)

NOTE: If the rule is not exempt at the time of final filing, two dates are required:

the current review date plus a date not to exceed 5 years from the effective date for Amended rules or a date not to exceed 5 years from the review date for No Change rules.
