### Part C - Environmental Rule Questions

Pursuant to Am. Sub. H.B. 106 of the 121st General Assembly, prior to adopting a rule or an amendment to a rule dealing with environmental protection, or containing a component dealing with environmental protection, a state agency shall:

- (1) Consult with organizations that represent political subdivisions, environmental interests, business interests, and other persons affected by the proposed rule or amendment.
- (2) Consider documentation relevant to the need for, the environmental benefits or consequences of, other benefits of, and the technological feasibility of the proposed rule or rule amendment.
- (3) Specifically identify whether the proposed rule or rule amendment is being adopted or amended to enable the state to obtain or maintain approval to administer and enforce a federal environmental law or to participate in a federal environmental program, whether the proposed rule or rule amendment is more stringent than its federal counterpart, and, if the proposed rule or rule amendment is more stringent, the rationale for not incorporating its federal counterpart.
- (4) Include with the proposed rule or rule amendment and rule summary and fiscal analysis required to be filed with the Joint Committee on Agency Rule Review information relevant to the previously listed requirements.

---

**(A) Were organizations that represent political subdivisions, environmental interests, business interests, and other persons affected by the proposed rule or amendment consulted? Yes**

**Please list each contact.**

Stakeholders include PWS owners and operators, consultants, environmental organizations, other state agencies, businesses and in general, the public at large. The only measure a person has to take to be notified of the Division of Drinking and Ground Water's(DDAGW) potential rule activity is to request to be added to our electronic mailing list. Stakeholders were notified of DDAGW's plans to file rules in chapter 3745-84 as "amend" by electronic mail on December 28, 2023. No comments were received during the comment period.

**(B) Was documentation that is relevant to the need for, the environmental benefits or consequences of, other benefits of, and the technological feasibility of the proposed rule or amendment considered? No**

**Please indicate the reasons for not providing the information.**

These rules are not based on technical or scientific data. The basis for the information requested is to have accurate owner information and to assess the appropriate fee. The fee is set in ORC 3745.11. The information requested is necessary to determine ownership

and administer the program. ORC section 6109.21 provides the legislation that requires PWSs to obtain a LTO, as well as provides for renewals, terms and conditions of LTOs and exemption of churches and schools. ORC section 6109.21 paragraph (H) allows the director to establish procedures and requirements regarding the information included on LTO and renewal applications, as well as how and when LTOs may be conditioned, denied, suspended or revoked.

- (C) Is the proposed rule or rule amendment being adopted or amended to enable the state to obtain or maintain approval to administer and enforce a federal environmental law or to participate in a federal environmental program? No**

**Is the proposed rule or rule amendment more stringent than its federal counterpart?**  
*Not Applicable*

- (D) If this is a rule amendment that is being adopted under a state statute that establishes standards with which the amendment is to comply, is the proposed rule amendment more stringent than the rule that it is proposing to amend? No**
