

3770:2-6-04**Video lottery operations; transportation, relocation, installation and certification of video lottery terminals.**

Activity relating to or occurring in connection with video lottery terminals shall be performed in accordance with and in a manner approved by the director.

- (A) Transportation of video lottery terminals. Prior to transportation of a video lottery terminal within or out of the state, the video lottery sales agent and/or technology providers shall provide prior notification to and approval by the director. Notification and required approvals shall be provided and obtained in a manner determined by the director to be acceptable.
- (B) Relocation and installation of video lottery terminals within a video lottery sales agent's facility. As required by the director, a video lottery sales agent shall provide the lottery with an updated video lottery terminal floor plan which sets forth the number of video lottery terminals, the names of the video lottery terminal providers (and the number of video lottery terminals provided by each different video lottery terminal provider), and the location of each video lottery terminal. The director reserves the right to require the video lottery sales agent to reconfigure the location or type of video lottery terminals at a video lottery sales agent's facility.
- (C) Certification. All certifications required by the lottery for video lottery terminals and video lottery games must be provided and must occur in accordance with rule 3770:2-5-01 of the Administrative Code and any other required procedures and any required certifications shall be in place prior to operation by the public of any video lottery terminal.
