APPENDIX F**DISCLOSURE STATEMENTS****Instructions for Use of the Disclosure Statements for Health Insurance Policies Sold to Medicare Beneficiaries that Duplicate Medicare**

1. Section 1882 (d) of the federal Social Security Act [42 U.S.C. 1395ss] prohibits the sale of a health insurance policy (the term policy includes certificate) to Medicare beneficiaries that duplicates Medicare benefits unless it will pay benefits without regard to a beneficiary's other health coverage and it includes the prescribed disclosure statement on or together with the application for the policy.
2. All types of health insurance policies that duplicate Medicare shall include one of the attached disclosure statements, according to the particular policy type involved, on the application or together with the application. The disclosure statement may not vary from the attached statements in terms of language or format (type size, type proportional spacing, bold character, line spacing, and usage of boxes around text).
3. State and federal law prohibits insurers from selling a Medicare supplement policy to a person that already has a Medicare supplement policy except as a replacement policy.
4. Property/casualty and life insurance policies are not considered health insurance.
5. Disability income policies are not considered to provide benefits that duplicate Medicare.
6. Long-term care insurance policies that coordinate with Medicare and other health insurance are not considered to provide benefits that duplicate Medicare.
7. The federal law does not pre-empt state laws that are more stringent than the federal requirements.
8. The federal law does not pre-empt existing state form filing requirements.
9. Section 1882 of the federal Social Security Act was amended in Subsection (d)(3)(A) to allow for alternative disclosure statements. The disclosure statements already in Appendix F remain. Carriers may use either disclosure statement with the requisite insurance product. However, carriers should use either the original disclosure statements or the alternative disclosure statements and not use both simultaneously.
