7. If the rule is an AMENDMENT, then summarize the changes and the content of the proposed rule; If the rule type is RESCISSION, NEW or NO CHANGE, then summarize the content of the rule:

The nine existing rules in Chapter 5160-11 are being rescinded and replaced with six new rules. Most of the changes made to these rules involve improvements in the

organization of the chapter, in the structure of the individual rules, and in the clarity of phrasing.

This particular rule sets forth definitions and explanations regarding laboratory-related services. Two specific revisions to this rule are worth noting:

\* The phrase "laboratory-related services" is introduced as a collective term encompassing clinical diagnostic laboratory procedures, physician pathology procedures and other professional laboratory services, nonroutine specimen collection, neonatal diagnostic screening performed with a prefabricated kit, diagnostic radiology services, and other diagnostic procedures (e.g., MRI, ultrasound, imaging-guided placement of catheters or administration of contrast media, electrocardiography, stress tests, sleep studies).

\* In keeping with recent advances in technology and policies adopted by the Centers for Medicare and Medicaid Services, the phrase "dated and signed by the physician" has been removed from the description of a written order because it could be misinterpreted to require handwriting. Many forms are now signed and dated electronically.

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

This rule incorporates one or more dated references to the U.S. Code. This question is not applicable to any dated incorporation by reference to the U.S. Code because such reference is exempt from compliance with RC 121.71 to 121.74 in accordance with RC 121.75(A).

This rule incorporates one or more dated references to a federal act or acts. This question is not applicable to any dated incorporation by reference to a federal act because such reference is exempt from compliance with RC 121.71 to 121.74 in accordance with RC 121.75(C).

This rule incorporates one or more references to another rule or rules of the Ohio Administrative Code. This question is not applicable to any incorporation by reference to another OAC rule because such reference is exempt from compliance with RC 121.71 to 121.74 pursuant to RC 121.76(A)(3).

9. If the rule incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material electronically, provide an explanation of why filing the text or other material electronically was

infeasible:

Not applicable.

10. If the rule is being **rescinded** and incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material, provide an explanation of why filing the text or other material was infeasible:

*Not Applicable.*

11. If **revising** or **refiling** this rule, identify changes made from the previously filed version of this rule; if none, please state so. If applicable, indicate each specific paragraph of the rule that has been modified:

*Not Applicable.*

NOTE: If the rule is not exempt at the time of final filing, two dates are required: the current review date plus a date not to exceed 5 years from the effective date for Amended rules or a date not to exceed 5 years from the review date for No Change rules.
