Proposed for amendment: Rule 5160-19-02, "Patient Centered Medical Homes (PCMH): Payments," is being proposed for amendment to reflect updates for the upcoming 2022 program year. This rule provides eligibility criteria to qualify for CPC

program payments, including per-member per-month payments (PMPMs), shared savings payments and bonus payments.

This rule outlines the payment structure and defines payment types specific to the CPC and CPC for Kids programs, describes payments, how they will be calculated and when payment to the participating CPC practice occurs. This rule identifies specific activities that CPC and CPC for Kids program participants must meet to qualify for bonus payments.

This rule sets forth the eligibility requirements to receive a CPC shared savings payment and details payment calculations.

This rule outlines the eligibility requirements for the CPC for Kids program and states that a CPC practice must be enrolled and meet all requirements set forth in rule 5160-19-01 of the Administrative Code. If those requirements are not met, a warning will be issued and after two consecutive warnings, CPC for Kids practices may no longer receive payment under this rule.

CPC for Kids practices are eligible under this rule to qualify for a bonus payment, to be assessed annually, based on their performance on pediatric bonus activities, including supports for children in foster care, behavioral health care linkages, school based health care linkages, transitions of care for children aging out of pediatric care, and select wellness activities. CPC for Kids practices will be scored for performance in wellness activities and top scorers will receive a retrospective bonus payment.

For the 2020 calendar year, this rule indicates that PCMH practices are not eligible to earn shared savings and bonus payments because they were not subject to meeting the required quality and efficiency metrics due to challenges presented by COVID-19.
